

Silk—Stockings that Wear!

"Humming Bird"

HOSE

Regular Size and Outsize.

TRICKS!

Running a knife-point, or a nail-file, up the inside of a silk stocking does not mean much—for it is a trick.

Making hosiery that will stand up under the friction of feet and shoes in a continuous state of activity—that is no trick, but the result of a serious study, a meticulous care and a genuine sincerity.

One of the important reasons for the success of Humming Bird Silk Hosiery has been its ability to last long under the most strenuous conditions.

PROTESTS ARE FILED AGAINST UNI PAPER

Lincoln, March 24.—The Pan-Hellenic university council, composed of representatives of all Greek letter sororities, met today and protested vehemently against a university publication known as "The Shun," published occasionally by Sigma Delta Chi, a college fraternity. Protests against articles in the publication were made recently in circulars issued by Chi Delta Phi, literary sorority; Theta Sigma Phi, journalistic society, and the Valkyries.

At the meeting today "The Shun" was branded as more offensive than the Cornhusker published last year, which caused temporary suspension of certain students. Such publications, it was declared, heap unmerited criticism on the university. We believe in Tanlac and so will you if you try it. F. G. Fricke & Co.

Every Man and Every Woman should have a Bank Account

We Invite your Banking Business

It is next to IMPOSSIBLE to keep money in the house and at the same time economize on your expenses.

When you put your money in our Bank, it is safe—safe from fire and burglars and from your own temptations to lend or spend it foolishly.

We solicit the JOINT ACCOUNTS of husbands and wives, also their separate accounts and the accounts of children.

We will welcome you.

VICTORY FOR ARMS TREATY IN THE SENATE

ASSENT GIVEN TO FOUR-POWER AGREEMENT AFTER MANY AMENDMENTS FAIL

SIXTY-SEVEN VOTE IN FAVOR

Four More than the Necessary Two-Thirds Majority—Stubborn Fight by Irreconcilables.

Washington, March 24.—The four-power Pacific treaty, the center of controversy over the accomplishments of the Washington arms conference, was ratified by the senate today with no reservation except the "no alliance" proposal proposed by the senate foreign relations committee and accepted by President Harding. The vote of 67 to 27, representing a margin of four over the necessary two-thirds, was recorded after the opponents of ratification had made more than twenty unsuccessful attempts to qualify senate action by reservations or amendments distasteful to the administration. On the deciding roll call fourteen democrats voted for the treaty and only four republicans opposed.

Dying hard, the irreconcilable element which had opposed the treaty on the ground that it establishes alliance between the United States, Japan, France and Great Britain, forced thirty-three roll calls during a four and a half hour session set aside for final action on the resolution of the ratification.

Best Showing on Reservation They made their best showing on a proposed reservation to invite outside powers into "Pacific conference" affecting their interests, mustering 36 votes for the proposal. The committee proposal was accepted by a vote of 90 to 2, two attempts to modify it failing by overwhelming majorities.

It declares that the "United States understands that under the statement in the preamble or under the terms of the treaty, there is no commitment to armed force, no alliance, no obligation to join in any defense."

Although debate was prohibited during the day's session, under a unanimous consent agreement, the treaty opponents raised a point of order in regard to the three declarations accompanying the treaty, but not a part of it, and laid the basis for continuing their assault tomorrow when the supplemental treaty defining the scope of the four-power pact comes up for consideration.

It is the hope of the administration leaders, however, that the supplemental treaty may be ratified, an all that pertains to the four-power treaty are called from the senate calendar before tomorrow night.

WILL PLAY AT LINCOLN

The ranks of the teams in the new state league are being rapidly filled up and among the players that Manager O. A. "Buck" Beizer of the Lincoln team has secured is Edward Gradoville of this city as one of the catchers who will assist in whipping the team into shape for the season. Ed has been one of the best young catchers in the state the past two years and caught for the team that gave the Lincoln club the best that he has. In addition to his fielding work he is a steady and reliable stick welder. Last year he was with the Weeping Water team, one of the fast teams of this part of the state.

RETURN FROM THE ISLANDS

The friends in this city of Mr. and Mrs. W. C. Frampton of Lincoln, will be pleased to learn that their daughter, Miss Eleanor Frampton, has arrived at San Francisco after a stay of a number of months in the Hawaiian Islands. Miss Frampton has been at Honolulu where she has been doing studio work in eccentric dancing and previous to that was with the Annette Kellerman company on their tour as an eccentric dancer. She will remain at San Francisco for some time.

Found a Cure for Indigestion.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried, and I have used many different medicines. I am nearly fifty years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no pepsin, but strengthen the stomach and enable it to digest the food naturally. Weyrich & Hadraba.

MIXED LAWN GRASS SEED

FINE LITTLE DAUGHTER

The announcement has been received here of the birth of a daughter to Mr. and Mrs. Charles Stratton who are at present at the home of Mrs. Stratton's mother, Mrs. J. R. Valley, Mrs. Stratton was formerly Miss Doris Valley.

IN SERIOUS CONDITION

From Saturday's Daily. This morning Mrs. John Bingham, who has been at Henley, Mo., for some time taking medical treatment, was brought back to this city and is now in very serious condition at the home here and the illness of the patient gives but little hope of her recovery. Mrs. Bingham has been in failing health for some time and her condition has gradually grown worse until she suffered the loss of the use of her limbs and was forced to be carried to and from the train to make the journey back home. She is being cared for by her daughter, Mrs. F. P. Busch, and all that is possible to give her relief offered, but the serious nature of her illness makes her recovery one of the gravest doubts.

SHIPS MIXERS TO MANY POINTS IN UNITED STATES

Sheldon Manufacturing Co. at Nehawka Covers Large Territory Selling Its Mixers.

Sure business is better, and still on the improve, which is pleasing news to all people in Nehawka as well as elsewhere. The Sheldon Manufacturing Co., which is a very thriving institution of that lively village has cause to feel the new impulse of the returning prosperity in the fact that during two days last week equivalent to three car loads of concrete mixers were disposed of. Over long distant telephone last Thursday evening a car load of the mixers were sold to a firm in Baltimore, Md., for immediate shipment and which were gotten out before the close of the week. Also ninety mixers were sold to the Dietz Lumber Co., they being for shipment to their branch offices and lumber yards throughout the country. Besides this there were fifty sold to an Atchison firm, and many other smaller orders which went to many parts of the country. Many orders are reaching the firm from Detroit and New York which is augmenting the business and this is one thing which is making the company feel that business is improving.

B. A. McELWAIN RETURNS HOME

From Saturday's Daily. Last evening B. A. McElwain, the jeweler, returned home from a stay of several weeks at the Mayo hospital in Rochester, Minnesota, and the many friends of Bert will be pleased to know that he has derived a great deal of benefit from his treatment and operation at the hospital and is now on the highway to complete restoration to his former good health. The friends here have been very much worried as to the outcome of the case of Mr. McElwain and certainly are delighted with the result which resulted from the hands of the specialists at Rochester.

FILES SUIT IN COURT

In the office of the district clerk in an action entitled Archibald Tarpenning vs. Olaf Olson has been filed in which the plaintiff asks judgment in the sum of \$2,185.00 alleged to be due as a part of a fee for sale of real estate of the defendant.

TEAM MULES FOR SALE

I have a good team well broken mules, four and six years old, for sale. Call phone 2794. m27-4d, 4sw F. A. PARKENING.

Henry A. Guthmann, the Murdock banker, was an over night visitor here at the home of his mother, Mrs. F. E. Guthmann, departing this morning for Omaha to spend the day.

PLATTSMOUTH TESTIMONY

Home Proof, Here, There and Everywhere

When you see Doan's Kidney Pills recommended in this paper, you most always find the recommender a Plattsmouth resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home proof is published here. Read this Plattsmouth recommendation. Then insist on having Doan's. You will know what you are getting.

Mrs. Charles Mason, 311 Third street, says: "I have had quite a bit of experience with Doan's Kidney Pills. I used to have attacks when my back would be so lame and weak it bothered me a great deal to be around on my feet. My kidneys were disordered at times, and I felt miserable and had no ambition. A member of my family who had used Doan's Kidney Pills with good results advised me to try them which I did with the best of results. In a short time I felt like a different man. I get Doan's at Fricke's drug store and use them occasionally when I get tired in my back and they always quickly relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mason had. Foster-Libbur Co., Mrs., Buffalo, N. Y.

WILL MAKE RACE FOR COUNCILMAN

John C. Brittain Decides to Enter Race By Petition and Secures Large List of Signers.

Councilman John C. Brittain, who was defeated at the Citizens' convention Wednesday evening by A. R. Johnson, for the nomination for councilman in the fourth ward, is to make the race for that office by petition. Mr. Brittain's friends have secured a large petition asking that his name be placed on the ballot and will accordingly make the race. During his term in the office Mr. Brittain has served as chairman of the cemetery committee and his work in that line has been given a great deal of praise from the citizens of the city at large and this has been one of the reasons that his friends have been so urgent of his being a candidate. Mr. Johnson, the nominee of the Citizens' committee, is well known and very popular and the race over in the old fourth ward is going to be the one interesting spot in the campaign it would appear, and whatever way it goes the city at large is assured of a good man on the job. In the fifth ward another contest is anticipated as L. E. Vroman is being urged by his friends to enter the race against Councilman John W. Mauer, who was renominated at the convention, and as both of these gentlemen have served in the county council and their ward will be sure of having an experienced representative in the city lawmaking body.

NO SERIOUS COAL SHORTAGE.

Providence, R. I., March 24.—It is unlikely that there will be any serious shortage of coal resulting from the closing of the coal strike. J. D. Morrow, vice president of the national coal association, declared here tonight in a speech before an employers' association banquet.

Non-union production, the possibility of production resuming within sixty days after the strike in at least a part of the union fields and existing accumulation of stocks, he considered would assure an adequate supply.

Explaining that he could not speak for the national coal association, Mr. Morrow, nevertheless said the condition of the industry required a great and necessary readjustment "to wit and necessary adjustment" to which the strike was an inescapable "accompanying convulsion." He said it would only be "hindered by the intervention of the government."

SHOWED THEM A MERRY TIME

Last Monday evening the friends and neighbors of Mr. and Mrs. Leo Fricke who have just moved into Nehawka, were surprised by some thirty of their friends and neighbors who came to the Switzer home and made the "Welkin Ring" for the evening with their welcome to the newly made citizens of Nehawka. Friends who have just moved into Nehawka, were surprised by some thirty of their friends and neighbors who came to the Switzer home and made the "Welkin Ring" for the evening with their welcome to the newly made citizens of Nehawka. Friends who have just moved into Nehawka, were surprised by some thirty of their friends and neighbors who came to the Switzer home and made the "Welkin Ring" for the evening with their welcome to the newly made citizens of Nehawka.

VISITING AT PATTERSON HOME.

Mr. and Mrs. Melvin W. Ellis, of Charles City, Iowa, are visitors in the city for several days, and are guests at the home of Mr. and Mrs. R. F. Patterson, the families having been warm friends for a number of years. It was at the Ellis home that Mrs. Patterson and sons spent several weeks last summer. Mr. Ellis is one of the leading bankers of Charles City, and is also interested in the manufacture of the Hart-Parr tractor of that city.

MISSISSIPPI RIVER PASSES 40-FOOT STAGE AT MEMPHIS

Memphis, Tenn., March 24.—The Mississippi river passed the 40-foot mark here late today, its rise being at the rate of almost a foot a day. Water is reported over some of the Yazoo and Mississippi valley railroad tracks at Lake View, Miss., while the Ohio river still is rising at Paducah.

C. C. Spangler, who has just recently returned to Cass county from Nelson, Nebraska, was in the city today and had his Journal changed to his new address at Mynard.

George Small of Union one of the heavy tractor grader bosses, was here yesterday afternoon looking after some road work.

P. A. Horn was a visitor in Omaha today with his wife who is at the St. Joseph hospital taking treatment.

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. F. G. Fricke & Co.

Pasture for Rent!

I have good pasture with running water for a few head of cattle on my farm, two miles east of Murray.

A FORTY-HOUR WEEK IN FORD FACTORIES

Decision Reached to Have no Saturday or Sunday Work Hereafter 3,000 New Men Hired.

Detroit, Mich., March 24.—Adoption of the forty-hour week as a permanent policy in all plants of the Ford Motor company was announced tonight by Edsel B. Ford, president of the company. Under the new plan the factories will be closed on Saturday and Sunday and about 3,000 men will be added to the force. The change will affect approximately 50,000 employees, who will receive the minimum \$6 a day wage, but will work five eight-hour days weekly.

New employees, however, will receive a minimum of \$5 daily, the pre-war scale. In making the announcement, Mr. Ford said he had reached the conclusion the forty-hour week was practical and that the additional day of rest would prove a great benefit to the workers and that the production schedules of the Ford industries could be so arranged as to maintain the present output on the curtailed working week. The action was in line with the company's desire to afford its workers every opportunity to develop their home life and profit by steady work with ample leisure, as well as to provide work for more of the city's unemployed, Mr. Ford said.

"Every man," Mr. Ford's announcement said, "needs more than one day a week for rest and recreation. The Ford company always has sought to promote ideal home life for its employees. We believe that in order to live properly every man should have more time to spend with his family; more time for self-improvement; more time for building up the place called home."

PAINTING THE MILL

The large flouring mill of Heisel & Son, located on Elm street, is being repainted on the exterior by Herb Cotton who is not only "built for paperhanging," but painting as well and for the first time in nineteen years the mill structure will feel the touch of the artistic paint brush. Mr. Cotton is being assisted in the work by Ray Jarvis, and the work of reaching the high section of the building is being done by use of a swinging stage on which the painters play their trade as unconcernedly as though on the solid earth. The building is a large structure and the job requires a great deal of material as well as labor. The building will be completed in a warm gray with trimmings of olive and will make a neat and attractive appearance when completed.

SUFFERING FROM PNEUMONIA

Mrs. Mable C. Miller, who has been in charge of the millinery department of the Ladies Toggery, is confined to her apartments at the Hotel Wagner with a severe case of pneumonia and her condition is regarded as quite serious and her daughter, Mrs. Mable Allen of New York, has been called to her bedside and is expected here tomorrow. A trained nurse has been called from Omaha and will assist in the care of Mrs. Miller.

OPPOSITION TO BONUS MEASURE LOOMS IN SENATE

Senator Smoot Announces He Will Oppose Measure as Passed By House—Wants Sales Tax.

Washington, March 24.—The soldiers' bonus bill will be pressed in the senate as soon as the senate finance committee reports the tariff bill according to plans announced by Senator McCumber of North Dakota, chairman of the committee. That there will be a considerable difference of opinion among members of the finance committee on the bonus was indicated when Senator Smoot of Utah, one of the republican members of the committee, declared that he will not approve the bill as passed by the house. He said that he will urge that a financing provision be added, preferably a sales tax.

The bill, as passed by the house yesterday, was formally referred to the finance committee by the senate. The committee expects to finish work on the tariff bill by the end of next week and will take up the bonus measure immediately. "We cannot do anything until we get through with the tariff," said Senator McCumber. "As soon as the tariff is reported to the senate, the committee will give consideration to soldiers' compensation legislation. Members of the finance committee will want to confer with the president on the bill."

Hanford McNider, national commander of the American Legion, issued a statement expressing approval of the house bill. "The overwhelming majority given to the adjusted compensation bill in the house yesterday shows that the representatives, close to the hearts of the people, realize the justice of the measure, and in spite of highly organized propaganda in opposition, know the great mass of Americans want this debt to the veterans paid, and want it paid now," said Mr. McNider.

VISITOR IN GERMANY TELLS OF CONDITIONS

The state of things in Germany, as appears to an observer, is shown in a letter received from his wife in Saxony by L. Sanger, glove manufacturer of Gloversville, N. Y., in Omaha yesterday. Mrs. Sanger is visiting in Germany. In her letter to him is this paragraph: "Factories are all running to capacity, and it is impossible to fill all the orders. Father does not travel any more, his customers come to him. And it is so with almost every other manufacturer. Those who are bad off are the officials, the small employes and the renter. Everybody else seems to have money. Prices are soaring. Now eggs are coming in again at 5 marks apiece. No decent suit any more under 4,000 to 5,000 marks. Figure the income a German must have to keep step. Nobody knows where it is going to end. Father says it will be like Austria in a short while."—World-Herald.
