**Your Uncle from Japan**  
The merry bunch, the Murray Community club, were in Nehawka last Friday evening, March 31st and presented their laugh-producing play "My Uncle from Japan," and kept the well filled auditorium laughing during the entire evening.

**Evidently Knew His Business**  
It is told of a shrewd thief who has made his home between Nehawka and Murray until a short time since when he moved away, that he had been in the habit of lifting chickens from the roosts of the residents around both towns and throughout the country. And that when he had taken the fowls he would turn them loose around his place for a while and then take them to market. Not so long since it is claimed he made a good haul from a certain farm and not finding the market just to his liking, he kept them for a while and then traded them in on a cow which he purchased from the man whom he had stolen the chickens from. It has been said that there is only 20 cents difference between the man who works and the man who don't, and it sometimes looks like this was the truth.

**COMMERCE HIGH OF OMAHA WINS DEBATE**  
Secure Two to One Decision Over Plattsmouth at Debate Held Here Last Night.

From Saturday's Daily.

The debate covering the question of the close shop as relating to the industrial condition of the country and the support of public opinion on the subject, which was held at the high school auditorium last night, drew out a very pleasing audience and the work of the young men on both teams was much enjoyed by all of the audience.

The judges of the debate, T. J. Plauka of the Council Bluffs high school, B. M. Orr, superintendent of the Glenwood schools, and Rev. L. R. Cotton of Nebraska City, gave the result as very close and it required some deliberation to award the victory to Omaha Commerce high by a two to one decision.

The Omaha team that took the negative of the question was composed of Herbert Olson, Ronald Yoder and Arnold Bruhr, while the Plattsmouth team, composed of Allison Flynn, Karl Wurl and Raymond Bookmeyer, took the affirmative of the question.

The Plattsmouth team will debate with Wahoo here two weeks from last night and this will constitute the dates of the team at home for the season.

**WILL NOT MAKE RACE**  
James M. Teegarden, the well known and popular Weeping Water citizen, who recently had a petition from his friends filed in the office of the county clerk, asking him to make the race for county treasurer, was in the city today and in conversation states that he cannot consider the acceptance of the petition. Mr. Teegarden feels that the changes in his home that would be necessary as well as the added responsibility of the conduct of the office is such that he cannot possibly take up the work of making the campaign.

**FREIGHT SHOP WORKS**  
From Saturday's Daily.

For the first time in many weeks the Burens had a large portion of the men in their shops working today as the freight car repair department did not enjoy the usual Saturday holiday but were kept busy in rushing repairs on the box cars and making them ready for service.

Other departments not necessary in the operation of the freight car department were given the usual week end layoff.

Even granting that non-advertising stores could attract as many buyers as the advertising ones, the latter would make the more money, because buyers would come knowing exactly what they wanted and not take up nearly so much clerk time, thereby reducing materially the overhead expense.
