

"It's lucky we had Lee Puncture-proof tires"

PICKING up a horseshoe is *untucky* where ordinary pneumatic tires are concerned. The same applies to nails, tacks, spikes, sharp metal and splinters of stone or glass.

But Lee Puncture-proof tires are different. They carry our cash refund guarantee against puncture.

The air in the tire carries the load. Lee Puncture-proofs hold the air.

That's why Lee Puncture-proof pneumatics have grown in favor every day for the past ten years—for passenger, business and delivery cars—for trucks.

We stand ready to prove that Lee Puncture-proof tires will solve your tire-trouble problems.

Three layers of case-hardened steel discs imbedded in pure rubber are built into every Lee Puncture-proof tire.

open at Kearney this afternoon with teams from Plattsmouth, Gothenburg, Cambridge and Central City participating in the big meet. The Plattsmouth team as the only entry of the first district will represent this portion of the state and is the only eastern Nebraska team participating in the meet. The squad composed of Leslie Niel, R. C. Doonan, R. G. Campbell, Albert Janda, Robert Walling and Frank Marshall, departed this morning for the western city and will reach Kearney in time to participate in the opening game that will be held at 2 o'clock.

The locals have a fast organization that should give a good account of themselves and through the kindness of the business men of the city are able to participate in the state meet as the chamber of commerce kindly assisted in seeing that the boys were sent on their way to represent this city at the meet.

Bunnies, in unique and handsome styles are now on display at the Journal office and make the ideal favor for the Easter social gathering.

Boy's Wear!

It seems that the American Boy is the most neglected of our domestic animals. He gets a suit of clothes only when he has completely grown apart from his present one. He backs out of his pants, has a tie Dad couldn't wear any longer, holes in his stockings, never had a handkerchief and his last winter cap is good until August. He wears a flimsy sweater 'cause he out grew his overcoat last year. Why not fix the boy up a little—he is proud of the new things—and you too will be proud of him.

COAL STRIKE ON; HALF MILLION MEN OUT

UNION LEADERS SAY COMPLETE TIEUP TO AFFECT MANY OTHER INDUSTRIES.

MAY BE LONG DRAWN OUT

No Federal Action Contemplated at Present Time—Kansas Tries to Prevent Walkout.

Indianapolis, Ind., March 31.—Coal production was stopped tonight by the union coal miners, who quit their day's work in the mines of twenty states with the avowed policy of remaining idle indefinitely in an effort to force the operators to accept the miners' terms for new wage contracts.

Officials at the headquarters here of the United Mine Workers of America declared that the suspension would not only include a half million workers, but also that at least 100,000 non-union men would join in the walkout. No last minute instructions were issued from headquarters and the only significant conference held during the day by President John L. Lewis was with Lonnie Jackson, president of the Kentucky union district, where 5,000 union men will continue at work because their contract with the operators has another year to run.

During the day Mr. Lewis declared that the suspension of work by Kenton miners would not be averted by the action of the Kansas industrial court ordering that wage scales of the last two years be continued for thirty days. In a formal statement tonight the union chief declared the nationwide walkout would affect "hundreds of thousands of citizens" not directly engaged in the coal industry, and he reiterated his charge that the operators "had forced the strike upon the miners."

Numerous reports from the coal fields of the country also reached headquarters, which Mr. Lewis declared indicated a complete tieup of all union fields. These reports also showed that 13,000 union men would be left in the mines to protect the properties from damage, and the only trouble between operators and miners in this connection was reported from Washington where the operators were said to be objecting to paying the wages provided for in the contracts that expired at midnight.

No Federal Action Yet

Washington, March 31.—Federal intervention in industrial conflicts like the coal strike impending tomorrow, it was declared on highest authority today at the White House, must necessarily be based on the existence of public emergency, and that emergency affecting the public does not appear to exist at present in the situation.

What may develop in case of a prolonged industrial tie-up in the view of President Harding, it is impossible to tell, but at present the government sees no reason to consider the use of troops to maintain peace in the coal fields or to take measures in anticipation of disorders.

MENTIONED FOR CONGRESS

In the list of candidates of the third party proposed by J. H. Edmisten, chairman of the state committee, appears the name of C. E. Whittaker of Plattsmouth, who is given as one of the possibilities in the First congressional district together with W. F. Moran of Nebraska City and Fred G. Hauxbury of Auburn. Mr. Whittaker is one of the leaders in the state in the third party movement and is a gentleman who has the ability to present his ideas in the most convincing manner and being a member of the shop craft organization is in a position to have a thorough idea of what the workers are entitled to and desire. As a member of the national house of representatives Mr. Whittaker would certainly be responsive to the wishes of the great common people, something that the average congressman lacks.

Cass County Pioneer Says One Ungrateful and Other Undutiful—Will Filed at Lincoln.

The will of the late George W. Harshman, Sr., of Normal, was filed in county court Saturday for probate. The estate consists of \$5,000 in personal property, the petition states. Mr. Harshman is survived by his widow, Della; five sons, six daughters and eight grandchildren.

To his widow, Mr. Harshman bequeathed a life estate in three lots in Normal and \$360 a year during her life, so long as she does not remarry.

To his eldest son, Zebloum Gay Harshman, Mr. Harshman bequeathed \$10 "and no more for the reason that he has been a very undutiful son."

To his son, Floyd, Mr. Harshman bequeathed \$10 "and no more, for the reason that he has received many thousands of dollars from me, but has proved himself an ungrateful son."

To his son, Charles E., Mr. Harshman bequeathed \$10 "and no more for the reason that he has received his share of my estate in money and other property during my life."

To the children of his daughter, Sarah McAndrews, deceased, Mr. Harshman bequeathed \$10 "and no more for the reason that I have already provided for them."

The remainder of his estate, Mr. Harshman bequeathed share and share alike to his children, George, Nettie Tromble, Cora St. John, Barbara Ingerson, Hattie Ashton, Rosecoe, Minnie Doty and Celia J. Royal.

Mr. Harshman states in his will that he has already given Roy, Ruth and Ella Harshman, children of his deceased son, Eugene, 130 acres of land.

He nominated his son-in-law, John Tromble and his son, Roscoe, executors of his estate. The will was executed December 5, 1921.

George W. Harshman was an early settler in Cass county, residing for many years near Avoca. A quarter of a century ago he was a wrester of more than local reputation and his sons also acquired fame in the mat game. He retired a number of years ago.—Lincoln Star.

DOING VERY NICELY

Mrs. George Klinger, Jr., who is at the Immanuel hospital in Omaha is reported as showing the most rapid improvement from her recent operation and her family and friends are greatly encouraged in hoping for her speedy recovery and return to this city, all of which will be most pleasing news to the friends of this estimable lady.

Elmer Wetenkamp and Fred Hirz, who have been at the Immanuel hospital for some time past, have now so far recovered as to be able to return home and will enjoy their convalescence here with the home folks.

TAKEN TO THE HOSPITAL

From Saturday's Daily.

Yesterday afternoon Mr. and Mrs. M. S. Briggs received a telephone message from their daughter, Mrs. F. J. Frazee, at Omaha, in which it was stated that Mr. Franzen had been taken suddenly ill and taken to the hospital where his appendix was found to have burst and placing the patient in very serious condition. He was operated on at once and at last reports were coming out of the effects of the operation in very good shape and the hopes of his recovery seem good, altho it is still quite early to fully determine the outcome of the case.
