**Pasture for Rent!**

**T. H. POLLOCK,**  
Phone No. 1 Plattsmouth, Neb

This is the largest output of Ford cars ever scheduled for April, being 10,000 above the same month of a year ago. It also marks an early opening of the spring and summer buying and seems to indicate that even more Ford cars and trucks will be sold in 1922 than in 1921, which was a banner year.

Orders for Ford cars and trucks have already exceeded the supply in many parts of the country and purchasers are finding it necessary to accept deferred delivery. The Ford factory at Detroit is getting into capacity production as fast as possible with the hope of preventing a similar shortage when the spring-summer rush begins.

Ford dealers throughout the United States are urging Ford customers to place their orders early and thus prevent the possibility of having to wait for delivery.

The table decorations were in the color scheme of yellow which was enhanced by the use of the yellow candles and flowers on the tables.

Following the dinner the ladies spent the time most delightfully in games and in the enjoyment of a number of musical selections by the members of the party that served to pass the time most delightfully until the hour for the ladies to wend their way homeward.

**FIRE DOES MUCH DAMAGE**

From Wednesday's Daily. This morning shortly after 10 o'clock the residence on Marble street occupied by Mrs. Nellie Gorder, was found to be in flames and the interior of the house practically gutted by the fire. Mrs. Gorder was engaged in running an electric washer on the lower floor of the house suddenly heard a noise as of falling glass on the upper floor of the house and on going to the stairway found that the whole second story was in flames. The fire department was called and made a spirited fight to subdue the fire and with the result that the fire was confined to the interior of the house. With the assistance of the neighbors the household goods on the lower floor as well as a part on the upper floor were removed from the burning house. On the first floor the greatest loss was from the water and the plastering on the ceilings was all water-soaked and loosened and on the upper floor the fire made a clean sweep of the rooms. From what can be discovered the fire seems to have originated from defective wiring.

**HYERS SEIZES BOOKS THAT JOHN-SON HAD MISSED**

Takes Them From Former Deputy Stout Who Says He Was Stealing Them for Epperson.

Lincoln, April 18.—State Engineer George Johnson this noon got back from his office.

George Hyers, state sheriff, seized them, with a search warrant, from O. V. P. Stout, former dean of the University of Nebraska engineering college, who said he was studying them for C. H. Epperson and George W. Marsh, members of the committee before the state department of public works.

Hyers said he got the warrant upon request of George K. Leonard, assistant to Johnson.

Mr. Stout had denied the books to Mr. Leonard. He said he wouldn't turn them over without authority from Epperson or Marsh from whom he said he obtained them.

The missing records, it was alleged, were taken by C. W. Hamilton, discharged Johnson engineer. They included surveyor's notes of project No. 20 in Douglas county and were said to have revealed alterations.

"Co-operation," said Sheriff Hyers, in explaining the seizure, "I'm co-operating with the state department of public works."

**REPUBLICANS ARE IN FAVOR OF BONUS**

Majority of Republicans Approve of Passing Such a Bill This Session—Tariff Called Up.

Washington, April 18.—Senate republicans, meeting today in party conference, voted 26 to 9 in favor of the passage of a soldiers' bonus bill this session of congress. The finance committee majority was requested in a formal resolution to report such a measure "within a reasonable time," which was construed by some leaders as three or four weeks.

Senator Watson of Indiana, a republican member of the finance committee, said the bonus bill probably would be taken up in the senate and put thru immediately after it was reported. He thought its consideration would require only a short time, but was not so certain as to the form the measure to be drawn by the committee would take.

Under the present plan, the tariff bill which is to be called up Thursday would be laid aside temporarily for consideration of the bonus. There is a suggestion that the bonus be provided for in an amendment to the tariff bill.

There is a division of opinion among majority senate leaders as to whether the senate could attach a revenue provision to the bonus bill, because of the requirement that revenue measures originate in the house. The bonus measure passed by that body carried no means of financing. Aside from the house bill which was referred to it last month, the senate committee has before it the bonus legislation which was re-committed by the senate last July at the request of President Harding. This likewise, has no revenue raising provision.

Only one member of the finance committee, Senator Calder, of New York, voted against the conference resolution declaring for passage of the bonus.

After the return here Thursday of Chairman McCumber of the finance committee, majority members of that committee will meet to determine procedure on the bonus.

**CANDIDATE TAKEN TO TASK FOR PROMISES**

Greeley County Man Said to be Violating Law by Promising to Return Some Salary.

A candidate for sheriff in Greeley county whose name is not given in a letter from County Attorney P. J. Barrett to the attorney general's office is violating the law, according to the view of Assistant Attorney General C. L. Dort. The candidate pledges himself, "not only to put the office on an efficient and business-like basis, doing the work of the office himself—not drawing the salary and having a deputy do the work—but I will absolutely agree to turn back to the general fund of the county \$350 per year from the salary now provided by law, a total of \$1,400 for the four years." He believes that descending prices should carry with them reductions in official salaries, thus lessening a little the excessive burden of taxation. "This is my platform. I want your support," says the candidate's statement.

The attorney general's office believes this promise is in violation of the so-called corrupt practices act which prohibits candidates from promising voters anything of value for their votes.

Assistant Attorney General Dort does not call this sort of thing bribery, but he cites several cases in which courts have so termed similar promises. He does not believe that any public office should be auctioned off to the person who may be willing to take the smallest compensation. Public salaries are fixed by law. In the case of State vs. Meserve the supreme court held that an officer is required to perform his duties without extra compensation and solely for the compensation fixed by law. "It would therefore seem," says Mr. Dort, "to follow that a candidate making such offer, directly or indirectly, is violating chapter 23, laws 1915, and even if elected by such means should be removed from office by quo warranto proceedings."

**CANCEL ARBUCKLE PICTURE CONTRACTS**

Will Hays, Head of Motion Picture Business, Announces Cancellation of All Contracts.

New York, April 18.—Cancellation of all contracts for the showing of films in which Roscoe C. (Fatty) Arbuckle appears, was announced tonight by Will H. Hays, head of the motion picture producers' association. This action, he said, affected nearly 10,000 contracts.

"After consultation with Mr. Nicholas Schenck, representing Mr. Joseph Zukor, the producers and Mr. Adolph Zukor or Mr. Lasky of the Famous Players Lasky corporation, the distributors," Mr. Hays' statement said, "I will state that at my request they have canceled all showings and all bookings of the Arbuckle films. They do this that the whole matter may have the consideration that its importance warrants and the action is taken notwithstanding the fact that they had nearly 10,000 contracts in force for the Arbuckle pictures."

When Mr. Zukor was asked if the action of the producers' association had removed Arbuckle definitely from the list of screen stars, he replied: "We simply left the matter in the hands of Mr. Hays. It is up to him to decide in the future whether it will be proper to re-introduce the Arbuckle pictures."
