Lumber Prices Lower!

When recessions in prices came, we were prompt to take our loss, as all business must which has not as yet done so.

We are in position to offer to the public an excellent line of building material of all descriptions, at the lowest price level for good lumber that has been possible since before the war.

See us for anything you may be needing in this line. We can save you money.

WORK CLOTHES THAT MAKE WORK EASIER!

Time to get out into the fields! There's a busy season ahead for all of us. Now let's think a little about work clothes.

When your shirts and overalls are roomy and comfortable—when you can bend, stoop and reach, without feeling least restraint—then work is easier to do.

And when you know that no matter how rough you may use your work clothes, they will "stand up" and take punishment day after day without ripping or tearing—then you're equipped for work that isn't half so hard as if you are not properly dressed.

Merco Work Shirts and Overalls

We recommend these to you. They're husky-built, well-made, comfortable fitting garments that you need. There's lots of room for pulling and stretching. Every point of strain is re-inforced to give strength.

Let us show you why they'll wear, and give comfort—and why the price is just what you'll like to pay.

Come here for your work clothes. We will sell you the kind that satisfy.

Work Shirts, \$.96 to \$1.25
Overalls, \$1.25 to \$1.75
