Murdock Won the Game

The game of ball which was staged between the boys of the Murdock school and the school of Elmwood was won by the Murdock boys in a ratio of nine to nothing. The boys of the Murdock schools are doing finely in their games as well as their studies.

Early last week Mrs. L. Amgwert and daughter, Miss Margaret entertained a number of the young people of Murdock in honor of Mr. Carl Spies, of California, who is spending some time in Murdock and a guest at the Amgwert home. Will Give "The Farmerette"

The Junior class of the Murdock high school will give on the evening of May 19th, the mirth exciting playlet, "The Farmerette." The cast for the play has been selected and is a strong one and with the very amusing play and ludicrous situation which the play has provided for, there are many opportunities for a good, hearty laugh. So do not miss this play when the lime comes, but go and laugh.

Tool, celebrated his fifth birthday on last Thursday at the home of his parents with a number of his little friends and had a most excellent time. The mother, Mrs. Tool, made the evening one of joy for the little folks and provided them with games and a general good time, and with some very delightful gifts. Master Jerry Junior, that is Jerry McHugh, Jr., also had a birthday at the same time and is rejoicing over the receipt from his father of an elegant bicycle which he prizes very highly, and which will be useful for the young man in doing his errands.

Meeting Tuesday Evening

There has been arranged for this Tuesday evening at the Modern Woodman hall, a meeting for the hearing and action on the report of the committee which the board of education has sent out to gather facts and data relative to the proposal of the erection of a building for the consolidated district.

The meeting will be held at the hall on Tuesday evening, May 9th at 8:00 o'clock. The committee selected for this purpose and who have made extensive investigation, is composed of Messrs. Henry Reickman, A. J. Neitzel and H. R. Schmidt. All who are interested in any way in this proposition are requested to come out and discuss this question.

Making a Good Race

Miss Myrtle Wood, who has carried the rural route out of Wabash for some years, is a young lady of more than ordinary energy and capacity, being born in Cass county and having made her home here during her lifetime.

Miss Wood is a lady of education and refinement, and a hard and faithful worker, having rendered to her country excellent service in her capacity as a mail carrier. She has entered the Omaha Bee contest for a ticket to France which they are giving for work and popularity.

Miss Wood is the only candidate in Cass county and all should rally to her support, make this young lady well satisfied with the support which this county can easily give her.

Mesdames Guy Lake and George Nickle as well as Messrs. J. C. Brown and W. F. Laughorst are boosting the lady of Wabash in her efforts to gain this trip.

As she has not the means to make the trip otherwise it would be a very nice thing for her friends in this county to get busy in this matter. Come now, let's see what can be done in this respect.

Was an Excellent Entertainment

The graduating class of the Murdock high school more than pleased the two large audiences which assembled last Friday and Saturday evenings to listen to the excellent play which they gave and which is known as "Fifty-Fifty." This class has the talent and have given the subject the study which enabled them to present the play in its best light.

The play was given in the M. W. A. hall and was one which appealed to the appreciative crowd which had assembled. From this they realized (Continued on page 6)

WORK CLOTHES THAT MAKE WORK EASIER!

Time to get out into the fields! There's a busy season ahead for all of us. Now let's think a little about work clothes.

When your shirts and overalls are roomy and comfortable—when you can bend, stoop and reach, without feeling least restraint—then work is easier to do.

And when you know that no matter how rough you may use your work clothes, they will "stand up" and take punishment day after day without ripping or tearing—then you're equipped for work that isn't half so hard as if you are not properly dressed.

Merco Work Shirts and Overalls

We recommend these to you. They're husky-built, well-made, comfortable fitting garments that you need. There's lots of room for pulling and stretching. Every point of strain is re-inforced to give strength.

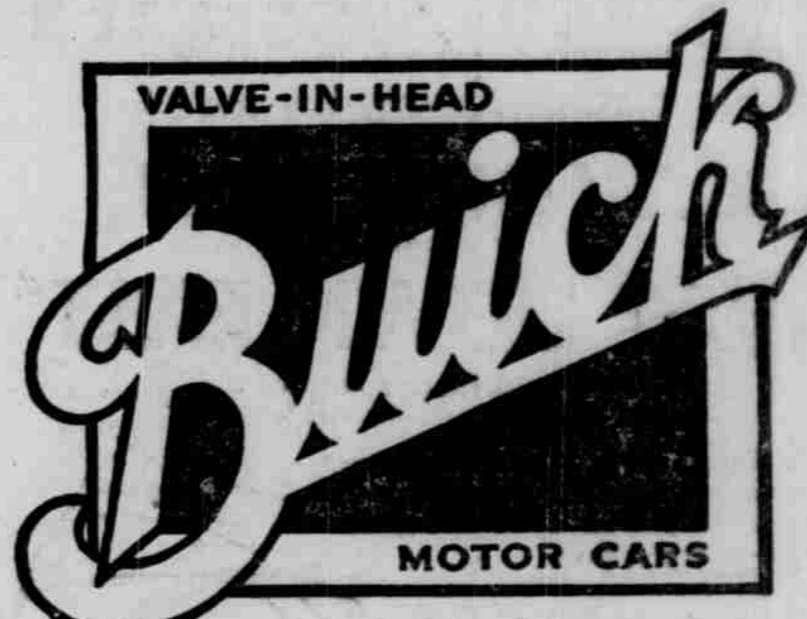

Let us show you why they'll wear, and give comfort—and why the price is just what you'll like to pay.

Come here for your work clothes. We will sell you the kind that satisfy.

Work Shirts, \$.96 to \$1.25
Overalls, \$1.25 to \$1.75
