**WINTER WHEAT CROP GAINS DURING PAST MONTH**

Forecast is 584,793,000 Bushels—12,500,000 More Than Month Ago—Above 5-Year Mark

Washington, May 9.—Improvement was shown in the winter wheat crop during the last month, the department of agriculture today forecasting this year's production at 584,793,000 bushels, based on the May 1 condition.

Today's forecast is approximately 12,500,000 bushels more than was estimated a month ago, 2,300,000 bushels less than produced last year and 6,000,000 bushels larger than the average production for the last five years.

There was almost 10,000,000 bushels increase in the production forecast of rye compared with a month ago. A total crop of 79,152,000 bushels is forecast.

Hay promises a crop of about 7,000,000 tons larger than last year's, the production this year being forecast at 199,579,000 tons. Stocks of hay remaining on farms May 1 were

about 3,000,000 tons less than stocks a year ago.

Spring plowing and planting both were behind the average for the last ten years while the condition of pastures was much lower than a year ago and also below the ten-year average.

**WASHING MACHINES**

If you are going to be wanting a washing outfit you cannot find a more satisfactory or practical one than a Dexter Twin Tub, either electric or power.

Get my prices on Rock Island farm implements, engines and cream separators.

W. T. RICHARDSON, m21-3d,tsw Mynard, Neb.

**FOR SALE**

Four and six-sevenths acres, Sub. lot nine (9) of original lot nine (9) in Porter Place addition to Plattsmouth. Will take Ford or Dodge car as part payment.

F. G. BOBBETT, Weeping Water, Neb.

For baby's croup, Willie's daily cuts and bruises, mother's sore throat, Grandma's lameness.—Dr. Thomas' Electric Oil—the household remedy. 30c and 60c.

**CASS CO. FARM BUREAU NOTES**

**Chicken Pox**  
Chickens have been found on several farms which are infected with chicken pox. The loss from this disease among young chickens is great. Eighty chickens on one farm were vaccinated as an experiment. This will be watched very closely to learn results. Some of the western states secured good results from vaccinating for chicken pox.

**Farmers Union Local**  
The Agricultural agent attended the meeting in District 53, of Stove Creek precinct. A good many points of mis-understanding in regard to the Farm Bureau were cleared up. Also the manager of the elevator at Elmwood was present. A good attendance with each taking part in the discussion.

**Pig Club**  
A letter has just been received from Auburn, Nebraska, asking for fifty gilts the last part of June, for clubs. They must be immune and registration papers furnished with them. They want some of all leading breeds—Durocs, Chester White, Hampshire, and Black and Spotted Poland China.

**Table Service**  
The club near Murray met at the home of Mrs. John Davis and were much interested in a table setting and table service demonstration. This service as used was simple and such as can be used in family service.

**Short Cuts in Sewing**  
Eighteen ladies met at the home of Mrs. J. L. Marquardt, at Avoca, for the demonstration on how to use the sewing machine attachments. Many different kinds of attachments were brought to the meeting and the women were all shown how to attach same to their own machines. The women were much interested in the different kinds of buttonholes and bound pockets. All the women promised to send in samples.

**Clothing Meeting**  
Where? At Eagle in the High school building. The sewing room of the Home Economics department was all in readiness when the ladies arrived. About forty ladies from Eagle and community were present, also Miss Bennisson, Home Economics teacher and all the Home Economics class. How to use the dress form was demonstrated, also how to select becoming styles. The women asked questions on alteration of commercial patterns. Mrs. Frank Lanning was chosen project leader. The ladies voted to meet June 20th for "Short Cuts in Sewing."

**LOCAL NEWS**

**From Monday's Daily.**  
Attorney C. L. Graves and Ed Leech motored up this morning from Union and spent a few hours at the court house.

L. R. Houck of Hebron, Nebraska, who has been visiting with his son at the hospital in Omaha is here today visiting at the home of his brother-in-law, George Scott and family.

**From Tuesday's Daily.**  
Fred Nutzmann of near Nehawka was here today for a few hours looking after some matters of business and while here was a guest at the Hotel Wagner.

Mrs. Glen Perry and Mrs. L. L. Willes departed this morning for Omaha where they go as representatives of the Home chapter 189, O. E. S., and will attend the sessions of the grand chapter of Nebraska which is meeting there this week.

William Gilmour came in this morning from his home south of the city and departed on the early Burlington train for Lincoln to attend the state encampment of the Grand Army of which he has long been a member.

Charles G. Beeson and wife, who have been here visiting with their relatives and friends for the past ten days, departed this morning for their home in Springfield, Ohio. Mrs. Beeson while here appeared on a number of musical programs and delighted the music lovers of the city.

**LIST GOODS EARLY FOR ADVANTAGE OF FREE ADVERTISING**

Tell the World What You Offer and There Will be Plenty Come to Buy at Auction Sale.

Although the list of articles already filed with Chairman A. S. Christ for sale in the Bargain Wednesday auction on May 17th, is quite large, it does not begin to include the many things that will be put up for sale to the highest bidder.

The greatest problem the committee faces is in getting those having goods to offer in these sales, to list them far enough in advance of sale day to permit giving them publicity. Inasmuch as the expense of advertising these offerings is borne wholly by Plattsmouth merchants it behooves everyone to list their goods early and thereby secure the advantages of this publicity. Many people may want just the article you have for sale, but unless they know it is to be up at auction they will not likely attend the sale and consequently the seller suffers from lack of demand when his goods are auctioned. Help yourself by helping the committee to give your listing the greatest of publicity before the day of the sale. If you have goods to offer, list them promptly and see how much more spirited will be the bidding.

Following are enumerated the various articles listed to date for the forthcoming sale May 17th:

- Household Goods
- One 54-in. oak dining table.
- Six oak dining chairs.
- One side board.
- One ice box.
- One kitchen cabinet base.
- Six kitchen chairs.
- One settee.
- Two dressers.
- One commode.
- One Morris chair.
- Three beds; three springs.
- Four coil ranges.
- One oil stove.
- One heating stove.
- Miscellaneous
- Two garden rakes.
- Two hoes.
- Two garden trowels.
- Crock fruit jars.
- One good bicycle.
- And many other articles.

**List Yours Now**  
We are listing goods daily. Please get us list of your goods early. We advertise them as soon as we get your goods listed. Phone or call on A. S. Christ, Phone 645, 2 rings.

**TO LOOK OVER SHOWS**

**From Wednesday's Daily.**  
This morning William Powell and Elwood Buttery departed for St. Joseph, Mo., where they go as representatives of the American Legion post here to inspect the Dominion Exposition Shows, that are at the Missouri city this week and which will open here on next Monday for a week's run in this city. The committee will give the company the once-over and see that there are no attractions that are not as represented and which would in any way offend the most rigid morals. The shows have all been given the highest recommendations where they have showed and the committee will see that these recommendations are strictly true. They will return Thursday evening and present their report to the members of the Legion post here. With the park in good condition there should be nothing in the way of starting out for a week of real fun and enjoyment next Monday evening and which will continue for six days and nights.

**NOTICE!**

By order of the court the undersigned was appointed receiver of the E. G. Dovey & Son store. Parties owing the above firm are requested to settle their accounts immediately. JOHN P. GORDER, Receiver.

**A supreme tempter for appetites of big and little folks**

"Listen, you Herbie, you let go of those Kellogg's Corn Flakes or you'll be late for school—and I won't wait for you another minute!"

Put it right up to Kellogg's Corn Flakes to do a master job sharpening breakfast appetites! And, they'll repeat at lunch and supper—for Kellogg's are irresistible in goodness! Kellogg's win every one because their flavor is delicious and because their crunchiness is unending! You'll prove that!

Such a cereal you never ate before! You'll say Kellogg's are a revelation—and they will be, in particular, to any one who has eaten imitation corn flakes! Kellogg's are as distinctive in flavor as they are in crispness. And, Kellogg's are never tough or leathery! Start eating Kellogg's Corn Flakes tomorrow morning! You can't afford to miss such happiness as Kellogg's hand out to young and old alike!

But—please be sure you get KELLOGG'S, the delicious Corn Flakes in the RED and GREEN package. Look for the signature of W. K. Kellogg, originator of Corn Flakes. NONE ARE GENUINE WITHOUT IT!

**Kellogg's CORN FLAKES**

Also makers of KELLOGG'S KRUMBLE and KELLOGG'S BRAN, cooked and krumbled

**BANK ROW AIRED BY LINCOLN PAPER**

State Journal Comments on Failure of Ray Patterson to Obtain License as Bank Official.

Governor McKelvie said on his return Monday that his memory in regard to past conferences held to try to keep the Bank of Cass County at Plattsmouth from failing, was not clear enough to comment upon the published statement of Ray Patterson. Mr. Patterson has failed thus far to obtain a license as an executive officer of another bank in Plattsmouth. He was formerly connected with the Bank of Cass County, an institution recently closed. Mr. Patterson has been quoted as having said he reported the condi-

tion of the Bank of Cass County to Governor McKelvie and Secretary Hart, in 1919, and told them the law had been evaded.

Governor McKelvie said his recollection was that Mr. Patterson had been of some help to the banking department, but it was not necessary for Mr. Patterson to report its condition as that had been ascertained by a state examiner before hand.

The governor said the banking department had to depend upon its own resources. This was doubly necessary because there was apparently a personal quarrel between the Parmelee and the Patterson interests and it was difficult to tell what information was inspired by truth or by prejudice and antipathy.

"There was no time but what Mr. Hart was doing all that was possible to keep that bank on its feet," said Governor McKelvie. "I don't care to discuss the matter," said Mr. Hart, "but this department knew all about the bank

before Mr. Patterson told anything." "The policy of the department is not to license bankers who have been connected with failed banks, especially if they were in a position to know what was going on."—State Journal.

**HORSES FOR SALE**

Have a car load of broken western horses and mules for sale. See them at my farm four miles east of Murray.—Frank Vallery.

**BELLEVUE TO PLAY HERE ON SUNDAY**

Strong Team Will be Opponents of Merchants' Team of This City On the Local Diamond.

Manager John F. Wolf of the Merchants' baseball team has signed up the Bellevue team for the attraction at the ball park on next Sunday afternoon. This team is reputed to be one of the best in this part of the state and last Sunday defeated the Springfield team by the score of 14 to 1 and have given a good account of themselves wherever they have appeared this season. The Bellevue team has one of the best pitching staffs of any of the teams in this portion of the state and are wiping up all of the teams they have run up against.

**PROVED HERSELF A SURGEON**

Tuesday afternoon the weather being fine the lure of the wood and stream proved too strong for Meddames W. D. Clark, Arvin Jones and M. S. Briggs and they went to the upper Four Mile creek where they had an excellent time catching over thirty fish during the afternoon. During the excitement incident to the landing of the fish which were biting very rapidly, Mrs. Briggs in some way got her hook fastened in one of her fingers and the barb prevented it being pulled out. The ladies had taken lunch with them and had a sharp pointed paring knife which Mrs. Clark used as a scalpel and performed a major operation, cutting the fishhook out. They went to the home of James Campbell where Mrs. Campbell provided peroxide for cauterizing the wound and assisted in bandaging the injured member. Notwithstanding the incident the ladies declare they had an excellent time and they did bring home the fish.—This is a fish story.

**Polarine MOTOR OILS**  
STANDARD OIL COMPANY OF NEBRASKA

**CADILLAC** **OVERLAND**

For the Cadillac we recommend the following grades:  
Summer MEDIUM HEAVY  
Winter MEDIUM LIGHT  
Transmission TRANSMISSION OIL  
Differential TRANSMISSION OIL

Correct Lubrication is Easy—When you use this Chart

Is your motor being scientifically lubricated? How sure are you that you are buying the right oil? Can you be certain you are right without the guidance of lubrication engineers, who not only understand your motor but who have also mastered the tremendous complications of oil supply and oil refining?

Automotive engineers agree that fully 80% of all motor repair and replacement costs are directly caused by the use of low grade oil or oil of unsuitable body. To meet this condition our experts have prepared a simple chart—the Polarine Chart—which insures you against costly mistakes of this nature.

This chart is included in the Red Crown Road Map which has been mailed to every motorist in the state of Nebraska. If you have not received a copy one will be sent upon request. It gives specifications for practically every car made; specifications tested and proved beyond the possibility of doubt.

Polarine is the highest quality of oil you can buy. Its stability under high engine heat assures a fuel-tight and gas-tight seal in the cylinders—maximum power and mileage from the gasoline. Its smooth, penetrating film protects bearings and engaging parts against wear, vibration and breakage.

Polarine Oil is made in four grades—medium light, medium heavy, heavy and extra heavy—but in only one quality. You can get the proper grade for your car where you buy your clean-burning, scientifically balanced Red Crown Gasoline—and you will avoid a lot of bother and expense. Prevent costly lubrication mistakes. See the Polarine Chart today, make sure your oil is right, and stick to it. It pays big!
