Crowned With Prosperity

If making dollars was as easy as it was to roll up scores at the game which was played by the Murray aggregation and the Rock Bluffs hustlers all would be well. The ball players and some hundred of the sports of Murray went to Rock Bluffs last Sunday and found one of the best places to play ball in the county and a jolly crowd of young people to play with as well. The game was staged with Dr. C. L. Taylor and Jasper Queen the battery for the Murray team and Messrs. Hutchison for the Rock Bluffs. Dr. Taylor had the river bunch located for a while at the beginning and they were scared but soon got their second breath and away they went making scores and kept Pont Wilson, who was official scorer, busy whittling pegs which he stuck in the ground to keep the tallies and have something over one hundred and seventy when a belated spectator came in his car and ran along the row of pegs knocking all down but seventeen and as the Rock Bluff team insisted the count should stand Pont was not allowed to stick his pegs the second time. However, the Rock Bluffs team was able to make thirteen runs, all of which were earned and while this was the first game all were satisfied.
