### SUGGESTIONS TO R. F. D. PATRONS

Members of Rural Carrier Force  
Make Suggestions as to How  
to Aid Mail Carrier.

- No. 1. See that your box is properly located, firmly erected, and at the correct height. The box should be kept in good repair as provided by the Postal Laws, and the name neatly printed on it.
- No. 2. Keep in your possession a supply of stamps. Do not deposit pennies for postage as this is a great hindrance to prompt and efficient service. You are kindly requested to be considerate of your carrier and the service when employing this irregular method of dispatching your mail—one minute lost at each box aggregates more than one hour each day. Mail early to insure collection from box.
- No. 3. When you place mail in the box, be sure to display signal! When you have no mail for the carrier, be sure that the signal is not displayed!
- No. 4. Arrange all letters placed in box so that carrier will not have to leave seat of vehicle to hunt for them.
- No. 5. If you like your carrier and appreciate his efforts to serve you well, and want to do something that will everlastingly maintain in the courteous smile that he always wants to have for you, just take a few spare moments and rake the loose rocks out of the road near your place!
- No. 6. To patrons desiring motor service: The carriers from this office are ready! Motor service can be obtained just as soon as the patrons see to it that the route traveled is put in condition to make it practical. A rural route road improvement day is suggested as a start in this direction. Begin to organize to this end now! Set a day some time in July or August and have representatives from each district served by your route meet and discuss plans for making yours a motor service route!

In advancing the plan of Postal Improvement Week it is the desire of your postmaster to have every patron report to him directly any wrong deliveries, delay, and mishandling of the mails, in order to check the errors. On the other hand, a record will be kept of all misdirected mail, short paid postage, etc., and will be listed as "patron's errors." In other words, let's have a friendly contest between postal employees and the public!

Remember, we are servants of yours, and feel free at any time to make suggestion which might improve our local service, and if you have a complaint, feel just as free to register it as it will be given the most careful consideration.

#### Why Suffer from Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment thus making sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism. Weyrich & Hadraba.

**G. L. PENTERMAN HAS GOOD POSITION AT ROCKWELL CITY**

The G. L. Penterman family left on Thursday for Rockwell City, Ia., where he is associated with his brother, William, in the mercantile business, the firm being Penterman & Co. George will act as manager of the business. This is one of the largest establishments in that part of the country and does a large business in dry goods and groceries and meats. Rockwell City is fortunate to have the Penterman family with them. While we feel the loss here, we know that they will have a real gain—they are splendid people. In Mr. Penterman they will get a real business man who knows his work from A to Z. Under his management this already fine business can expect good service and excellent treatment with George as manager. The best we can do is to give this family the highest recommendation on the part of the people of Rockwell City.—Elmwood Leader-Echo.

**TIME IS THE TEST**

The Testimony of Plattsmouth People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Plattsmouth people appreciate true merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Edward Martin, machinist, 1409 1/2 street, Plattsmouth, says: "Doan's Kidney Pills are all that I claimed of them. Occasionally my back gets to aching but it only requires a few of Doan's Kidney Pills to relieve me."

The above statement was given February 22, 1916, and on May 13, 1920, Mr. Martin added: "I know that Doan's Kidney Pills are a good remedy after what they have done for me. They have never failed to do their work in a short time. I only use them occasionally as a preventative to keep my kidneys in a healthy condition."

Price 50c at all dealers. Don't imply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Martin had. Foster-Milburn Co., Buffalo, N. Y.

### P. E. O. AND BILLS HONOR THE NEW STATE PRESIDENT

**Pleasant Picnic Supper at Home of Mr. and Mrs. C. A. Rawls in Honor of Mrs. Baird.**

**From Friday's Daily.**  
Last evening the beautiful home of Mr. and Mrs. C. A. Rawls on Pearl street was the scene of a very enjoyable gathering of the members of the P. E. O. society and their auxiliary organization, the BILLS composed of the husbands of the ladies. The event was given by the local chapter of the P. E. O. in honor of their new state president, Mrs. William Baird, and was an event of the greatest pleasure to all who were fortunate to be present.

On the shady and pleasant lawn the picnic supper was served and was a feast that satisfied to the utmost the inner wants of man and prepared as only the ladies have the art of doing, and at its close the members of the party enjoyed a number of very pleasing toasts, Mrs. E. A. Wurl, president of Chapter F, Mrs. E. H. Westcott, Mr. C. A. Rawls, Rev. H. G. McClusky, Searl Davis, of Murray; Charles E. Hartford, Glenn Perry and Mrs. Elizabeth Travis, each in their turn paying a gracious tribute to the splendid work and ability of the lady that has been chosen by the state society as its champion. Mrs. Baird in turn responded with a very appropriate address in which she expressed her appreciation of the honor given her and the feeling of friendship shown by the Plattsmouth chapter and its auxiliary in the delightful picnic supper.

At the close a social time was enjoyed before the guests departed for their homes feeling that it had been a most successful event in every way.

**The Home of the Soul**

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They only cost a quarter. Weyrich & Hadraba.

### WILL PROVIDE PLAY ACTIVITIES FOR THE BOYS

**Young Lads of 10 to 14 Years of Age Will Have Opportunity For Athletic Exercises.**

Rev. John Calvert, who is an enthusiastic sportsman in the line of youthful outdoor exercises in the way of baseball, tennis and similar sport, is taking an interest in the supervision of the sports and activities of the youngsters of the city from 10 to 14 years of age. It is hoped to have three days each week devoted to sports of all kinds at the baseball park and particularly baseball and the parents need have no fear in sending the lads there to play while Rev. Calvert and his assistants are ready to look after their welfare.

In order that the boys can have a part in selecting the equipment that will be used, Rev. Calvert is calling a meeting of the boys for Monday morning at 10 o'clock at the park when they will pick out bats and balls and other articles that will be needed in the play of the boys.
