

Union Department

Prepared Exclusively for The Journal.

Hot, Well I Would Say So!

How would you like to sweat over a roaring hot fire in a kitchen stove, while the remainder of the family could get away where there was a breath of air?

Say, do you not think the wife and mother and the daughter also should have something comfortable to cook a meal on?

Our Perfection and Puritan oil stoves solve this problem. See Joe Banning for one! He can deliver it at once and give the wife, mother and daughter an equal show with the rest of the family.

JOE BANNING,

UNION NEBRASKA

J. D. Cross was busy during the first of the week painting the new fence at the Bank of Union.

Mr. J. N. Larsh has been doing a very thriving business selling strawberries from his farm near the river. Banker J. M. Patterson was a visitor in Plattsmouth last Monday, driving over to the county seat in his auto.

Sheriff C. D. Quinton was a visitor in Union last Monday, coming to look after some legal business for a short time.

Mrs. J. E. McCarroll was a guest of her niece, Mrs. Carl McSpadden, at Syracuse for a short time, going last Monday.

Frank Rhoden of Omaha was looking after some business matters in Union both on last Saturday and Monday as well.

Mr. and Mrs. L. G. Todd and children were visiting at the home of Harry Todd near Murray for a few hours last Sunday.

Mr. A. W. Propst was a visitor in Omaha last Monday, where he went to secure an automobile which he sold to a party in Nehawka.

Charles Schwab of Nehawka was a brief visitor in Union last Monday, accompanied by Mrs. Schwab while on their way to Plattsmouth.

Mark Burton of near Nehawka was in Union the first of this week and was doing some work at the homes of Miss Jessie Todd and L. G. Todd.

Rev. and Mrs. W. A. Taylor were looking after some business matters in Plattsmouth last Monday, driving over to the county seat in their auto.

John Irvin was running the road maintainer for a number of days past while Frank Glaubitz was off not feeling very well, and was not able to work.

Ben King, the man who was killed at the Decatur attempted bank robbery recently, was at one time a resident of Union being a young last at the time.

Mr. A. L. Becker the merchant,

was shelling and delivering his last year's crop of corn last Monday, the Farmers Elevator company getting the grain.

Mrs. Mary Taylor and daughter, Miss Rachel, of University Place, was a visitor for a number of days at the home of Miss Elsie Taylor at Union last week.

W. H. Marks is not feeling the best at this time, but is able to get around though not able to do any work. It is hoped he will soon be feeling better again.

Leo Finkle purchased a new cultivator from Joe Banning, which he immediately put to use in the fields and was killing weeds in good shape the remainder of the day.

Mr. G. L. Brinton and son are putting in the foundation at the home of Isaac Dye, where they will begin immediately on the construction of a new modern farm residence.

W. H. Marks is not feeling the best at this time, but is able to get around though not able to do any work. It is hoped he will soon be feeling better again.

The secretary's office of the Keystone Pipe company, which has been located in Union for a number of years, was recently removed to Nebraska City, where the work of manufacture is done.

Merchant Eben Dundore Stine was assisting his son George put up alfalfa last Monday and made much hay while the sun was shining, notwithstanding they had to sweat a little in the operation.

R. L. Propst, who has just returned to his home in Plattsmouth from the winter's stay in Florida, was a visitor at the home of his son, A. W. Propst in Union last Sunday and a part of Monday.

The Rev. Walter Anderson, of Omaha ministered to the church at Union of the Baptists, he being a minister of this church, and delivered a very telling sermon both in the morning and evening.

The elevators at Union are both kept very busy at this time in receiving and shipping corn, which is now pressing on the market in the interim between the planting and cultivation of the corn crop.

Miss Helen Todd, of Murray, who has just returned from a stay in Lincoln, where she has been attending the state university, was a visitor with her aunt, Miss Jessie Todd, and uncle L. G. Todd and family.

John Behrens from west of Nehawka was a Union visitor last Monday, and while here purchased a mower from Mr. Joseph Banning, which he went home and immediately used in making hay in his alfalfa field.

Mr. Garrett Taylor and Miss Adelle Leisman, of Omaha, were guests at the home of Mr. W. A. Clarence, and also enjoyed a good visit with friends as well as a fishing at the Weeping Water creek near its mouth.

Mr. and Mrs. F. M. Straight, accompanied by Mr. Richard Bruce, all of Hamburg, Iowa, were visiting at the home of Mr. and Mrs. J. E. McCarroll and were met at Nebraska City by Miss Fannie McCarroll, who accompanied them to Union.

Earl Merritt finished painting the front of the Farmers store building and which has made a much more pleasing effect than before the work. Earl well knows how to enhance the appearance of a structure by the use of his brush and pall of paint.

Many of the members of the W. C. T. U. of Union accepted the invitation of the society at Plattsmouth to meet with the Union there on last Monday. Among those going from Union were Mesdames Ivan Balfour, W. B. Banning and L. G. Todd.

The Frans Lumber company of Union has sold to the county building blocks for the construction of a patrol house which the county will use for the housing of their implements that are used in the maintenance of the highway running out of Union.

A. R. Dowler last Monday trucked three loads of hogs from the home of Mr. E. M. Smith, east of Union, to Nebraska City, doing the work in the forenoon, but it took hustling and Arlin is the one who can do it. On Tuesday he repeated the Monday's work, hauling hogs this time for Mr. Joe Everett.

Messrs. T. M. Patterson, of Plattsmouth, connected with the Farmers State Bank of that place, and Samuel Patterson his brother, making their home in Omaha, were visiting last Sunday for a short time at the home of J. M. Patterson of Union, and attended the ball game.

Milton's Colts are feeling pretty good thank you, having been winning a number of games lately, and also have just been fitted out with a brand new uniform. Ralph Larsch, who is their mascot, has also treated himself to a suit to correspond with the members of the class secured. His aunt, Mrs. John Larsch making the suit for the little ball fan.

Mr. and Mrs. Flemming Rabb and the children arrived from Montana last week in their auto, having been on the road for two weeks. Rabb followed the storm which occurred a week or more ago, and came in just after the rain, and found the bad roads, but missed the storm. They will probably make their home here in the future, but as yet he has not decided just what he will do and they are at this time resting up after the trip.

Enjoyed Musical Tea
The members of the W. C. T. U. of Union enjoyed a most pleasant afternoon at the home of Mrs. J. M. Patterson last Saturday afternoon. Following the most pleasant afternoon, which was enjoyed by a large number of the order in and about Union, a silver offering was received for the expenses of the society and for the furtherance of their work.

Joseph Lidgett Very Sick
Joseph Lidgett, living north of town, was suddenly taken very sick at his home last Saturday morning just as he was preparing to go to his work and had been kept at home ever since. Mr. Lidgett is being treated by Dr. W. F. Race and soon hopes to be able to be out again.

Meeting Excellent Success
Miss Caroline Walbridge who is keeping a musical studio at the parlors of Miss Jessie Todd, where she gives very high class instruction in music, is meeting with an abundant success, and has a most appreciable clientele.

Had Picnic in Park
The members of the Epworth League, the young people's society of the Methodist church of Union, gathered at the old settler's picnic park southwest of Union and enjoyed the evening with games and eats, having a most splendid time.

Two Ball Games Lost and Won
Last Sunday saw two ball games for the Union fans, one of which was won by the second team called Mill's Colts, and the other lost by the regular team of Union. The game played by the first team was with Avoca, and was a good game from many angles, one for the man who likes to see a team make many runs was surely pleased for Avoca the visiting team made 23 (skidoo) and held the local team down to a bare half dozen. However, all were happy.

Milton's Colts played Rock Bluffs

at the James Pitchhorn pasture, and for real fun they were there and over, for they made fourteen runs to one two by the Rock Bluffs team. They will play with the Nehawka team the coming Sunday, and expect to have an excellent time.

Will Hold Children's Day

There will be regular services in all departments of the Methodist church on the coming Sunday. During the day there will be the Bible school in the morning, followed by preaching and in the afternoon the Junior League will meet, but in the evening the entire time will be given over to the Children's day exercises, for which preparations are being made during the week. Better plan to go to this evening's entertainment, for if you do not you will be the loser.

IMPROVED GRAIN CONDITIONS ARE FOUND IN STATE

Rains of Past Fortnight Prove of Great Benefit—Fruit Prospects Continue Favorable.

Lincoln, June 5.—Improved conditions of small grain, general completion of corn planting and cultivation and satisfactory soil and moisture conditions with the exception of a few north central counties, are reported in the Nebraska crop summary issued by the federal and state bureaus of markets and crop estimates. The alfalfa harvest also is under way, according to the summary.

"Winter wheat has improved, but cannot recover completely from the damage caused by the previous dry, unfavorable conditions," says the report. "Present indications point to an average yield in production. The crop is heading throughout the eastern two-thirds of the wheat belt, and the present moisture supply is sufficient to finish the crop, as dry weather is preferable during the last two weeks of the filling period."

Rains Beneficial

Spring grains have made marked improvement since the recent rains, continues the report, and present prospects are highly favorable, except in a few of the northeastern counties. Boyd, Holt, western Knox and Keya Paha counties of north central Nebraska are still in need of moisture, according to the summary. "The planting of corn is completed, and cultivation is in progress in the southeastern quarter of the state," continues the report. "Some of the counties have larger acreages than anticipated, due to the abandoned winter wheat. The crop is advanced fully as far as it was a year ago this date."

Reporting other conditions, the summary adds:

"The fruit prospects remain very favorable, comments from most counties indicating conditions among the best experienced. "The condition of potatoes, also, is satisfactory, and plans are being made for the marketing of the early commercial crops. Sugar beets were somewhat injured by high winds previous to the recent rains. "The harvest of the first crop of alfalfa started early in the week. The crop raised so far is excellent and averages considerably better than the first crop of last season."

RULING IN BERGDOLL CASE.

Washington, June 5.—The supreme court denied Mrs. Emma C. Bergdoll, Charles Braun, James E. Romig, Albert S. Mitchell and Harry Schuh permission to bring up for review the cases decided against them in the United States district court at Philadelphia and affirmed by the circuit court of appeals. "The request of having aided Edwin R. and Grover C. Bergdoll, sons of Mrs. Bergdoll, to evade military service and were sentenced to fines and imprisonment, the prison sentences to be remitted provided the fines were paid by a date fixed by the court. "While the case was on appeal to the supreme court, the fines were paid under protest, and it was held by the courts that this disposed of the issue, the judgment of the court having been satisfied.

KEEPS AN EYE ON THE FIRE DANGERS

Fire Chief Sandin Has No Off Days In Regard to Keeping Down Any Fire Dangers.

Dr. O. Sandin, chief of the Plattsmouth fire department, was out today looking over the condition of the back doors of the business section and the interiors of the places where there might lurk any menace to safety in the way of rubbish or dirt that might cause fires.

The work of Chief Sandin in this line is to be commended as he has conducted an unceasing campaign in his term of office, to see that all possible danger was eliminated in the way of fire traps and piles of rubbish that used to be found in the rear of many of the business houses but with "Doc" on the job he has cleaned up all of these places and sees that they are kept as clean as possible to do. The result has been that there has been few fire losses in the main part of the city and with a constant program of watchfulness there will be even less.

The citizens certainly feel well pleased that they have a man that takes the keen interest that Dr. Sandin does in the work of the fire department and the care of the cleanliness of the city.

We can furnish you blank books most any kind at Journal office.

Polarine MOTOR OILS

CADILLAC STANDARD OIL COMPANY OVERLAND

For the Cadillac we recommend the following grades:

- Summer MEDIUM HEAVY
- Winter MEDIUM LIGHT
- Transmission TRANSMISSION OIL
- Differential TRANSMISSION OIL

Correct Lubrication is Easy
—When you use this Chart

Is your motor being scientifically lubricated? How sure are you that you are buying the right oil? Can you be certain you are right without the guidance of lubrication engineers, who not only understand your motor but who have also measured the tremendous complications of oil supply and oil refining?

Automotive engineers agree that fully 80% of all motor repair and replacement costs are directly caused by the use of low grade oil or oil of unsuitable body. To meet this condition our experts have prepared a simple chart—the Polarine Chart—which insures you against costly mistakes of this nature.

This chart is included in the Red Crown Road Map which has been mailed to every motorist in the state of Nebraska. If you have not received a copy one will be sent upon request. It gives specifications for practically every car made; specifications tested and proved beyond the possibility of doubt.

Polarine is the highest quality of oil you can buy. Its stability under high engine heat assures a fast-light and gas-tight seal in the cylinders—maximum power and mileage from the gasoline. Its smooth, penetrating film protects bearings and engaging parts against wear, vibration and breakage.

Polarine Oil is made in four grades—medium light, medium heavy, heavy and extra heavy—but in only one quality. You can get the proper grade for your car where you buy your clean-burning, scientifically balanced Red Crown Gasoline—and you will avoid a lot of bother and expense. Forget costly lubrication mistakes. See the Polarine Chart today, make sure your oil is right, and stick to it. It pays big!

SIMMONS ENTERS RACE FOR CONGRESS IN THE BIG SIXTH

Scottsbluff Attorney Completes Filing at Lincoln Yesterday—Tired Waiting on Kinkaid.

R. G. Simmons, of Scottsbluff, called at the state house Monday as filed as a candidate for congressman in the sixth district. He is a republican and is the second representative of that party to enter the race in spite of Congressman Kinkaid's recent intima that he might recall his withdrawal and again get in the race. Secretary of State D. M. Amsberry

of Broken Bow is the other republican who has filed nomination papers as a republican. Mr. Amsberry announced at the time of his filing that he would get out of the way if Kinkaid desired to withdraw his drawl.

Mr. Simmons, in filing issued a statement in which he said he had waited five days since Mr. Kinkaid indicated that he might get back into the running. Mr. Kinkaid has not re-entered. So, Mr. Simmons is in the race and apparently in to stay, regardless of whether Kinkaid has another change of mind.

Mr. Simmons is thirty-one years of age. He is engaged in the practice of law and is a graduate of the university college of law, being one of few honor students of the class of 1915. He has served as county attorney in Scotts Bluff county, where he was born. He enlisted in the army in October, 1917, and was in the air

service at Omaha. Before entering the university in 1911, he was a student at Hastings college. He was formerly state commander of the American Legion.

Mr. Simmons is president of the university alumni association and in that office will be succeeded in July by Judge E. B. Perry, of Lincoln.—State Journal.

Have you noticed that it stores that advertise which are always filled with buyers?

W. A. ROBERTSON

Coates Block Second Floor
EAST OF RILEY HOTEL

That is Our Business!

Sure it is our business to please the trade, and to do this we are doing the very best work. Auto supplies also standard and always the best. We are here to succeed, and we can do it only by giving the best of service in every instance.

A. R. DOWLER,

The Auto Man Union, Neb.

Piles Fistula—Pay When Cured

A mild system of treatment that cures Piles, Fistula and other Rectal Diseases in a short time, without a severe surgical operation. No Chloroform, Ether or other general anesthetics used. A cure guaranteed in every case accepted for treatment, and no money to be paid until cured. Write for book on Rectal Diseases, with names and testimonials of more than 1000 prominent people who have been permanently cured.
DR. R. E. FAHEY, 232 Webster, Peters Trust Bldg., (Opp Bldg.), OMAHA, NEB.
Dr. R. E. Johnston, Medical Director.

Always Uniform and Properly Balanced

THE uniformity of Red Crown Gasoline has long commended it. Under all weather conditions it assures quick starts and maximum power range, whether creeping along a crowded street or hitting the high spots on the open road.

This power flexibility is due to several things—correct volatility for easy starting—high flame speed for maximum power—the proper proportion of certain petroleum fractions for big mileage per gallon—clean combustion for keeping down carbon troubles—found only in carefully refined, balanced gasoline.

Red Crown Gasoline is certified to meet all U. S. Government specifications. It is so well balanced that you can always run on a lean, economical, clean-burning mixture. Sold everywhere, and always dependably uniform.

Drive in where you see the Red Crown sign. Wherever you go you can get Red Crown Gasoline. Wherever you buy Red Crown Gasoline you get properly balanced, economical motor fuel.
