

The Season of Planting

The season of planting is still here and your late garden can be planted for the next month.

Lettuce, peas and beans planted now will still produce good, heavy crops.

Your late plantings of radishes, beets, carrots, etc., will keep you supplied with table vegetables for the balance of the summer.

Our stock of garden seeds is still very complete and if you want to beat old H. C. L., plant garden now.

-Nursery Stock!-

We wish to announce that we have just made contracts with one of the largest and most reliable nurseries in the country—a concern that guarantees all its growings to be true to name and refunds on all mistakes or errors.

This firm which we will represent is an extensive grower of all kinds of Fruit Trees, Berries, Currants, Grapevines, Deciduous Trees, Shrubbery, and in fact almost anything you might want for the orchard, grove or lawn.

We solicit your patronage in this line and are in a position to give your wants our close personal attention.

-Hatt's Market-

Here's Birthday Cake for Anniversary Bargain Wednesday!

For Bargain Wednesday's First Birthday, we're featuring special values that even the best Bargain Wednesday of the past twelve couldn't hold a candle to—not even a birthday candle. And listen! We're making these recklessly low prices in the face of a rising cotton market. Strange as it may seem, these goods are going up instead of down. We are stretching a point to make these Anniversary prices. Look them over carefully!
