DEATH OF OLD RESIDENT OF CASS COUNTY IN WEST

Mrs. J. D. Ferguson, For Many Years Resident of Near Louisville, Dies in California.

The news has been received here by the old friends of the family of the death at the home in California of Mrs. John D. Ferguson, one of the pioneers of Cass county, and for many years a resident of near Louisville.

Mrs. Ferguson came to Cass county in the late sixties and the family settled on the farm near Louisville and there Mr. and Mrs. Ferguson spent their best years in the development of the community in which they lived and where they were held in much love and affection by a large circle of warm friends. A number of years ago the Ferguson family sold their interests near Louisville and removed to the vicinity of Reno, where Mr. Ferguson purchased a farm and prepared to spend the remaining days in peace and restfulness, only to have the home life shattered six years ago when the husband was killed by having a train strike the car in which he was driving on the crossing a short distance south of Lincoln.

After the death of the husband, Mrs. Ferguson removed to California where one of the daughters, Mrs. L. C. Todd, resides and here she has resided up to the time of her death. The deceased lady was seventy years of age and leaves six children two sons and four daughters to mourn her death.

FUR TRAPPERS FINED FOR VIOLATING GAME LAWS

Plead Guilty to Trapping Muskrats Out of Season and Smuggling—Fines Total \$75,000.

Rushville, Neb., June 20.—Fines aggregating approximately \$75,000 have been assessed fur smugglers of Sheridan county who pleaded guilty before County Judge D. R. Dorr here during the past three weeks.

The offenses consisted of violations of the muskrat trapping laws, trapping out of season, smuggling furs across the state borders and possession of furs out of season.

State and United States Deputy Game Warden Otto Gewinner and Deputy State Warden William Boettcher began collecting evidence six weeks ago which led to pleas of guilty by every man arrested. The officers traced illegal shipments of furs by auto and train to many points outside of Nebraska which were estimated to be worth a total of \$50,000. Had the maximum fines been assessed in each case they would have aggregated \$500,000. The fines ranged, however, from \$100 to \$11,200 and some were remitted by the court.

The open season for trapping under the state law is from November to February 15 with ten days additional allowed to dispose of the furs on hand. The trapping of muskrats this year was the financial salvation of many ranchmen of western Nebraska cattle country. Expert furmen insist that the furs are prime from January 1 to April 1 and an effort will be made in the next session of the legislature to have the law changed to conform to this season.

A. L. TIDD ANNOUNCES STAND ON THE ISSUES

PROGRESSIVE CANDIDATE IN 1ST DISTRICT OUTLINES WHAT HE WILL FIGHT FOR.

NEED FOR RELIEF TO PEOPLE

Opposes Social Blocs and Control of Government by Vested Interests Against the Masses.

The progressive party of the First congressional district of Nebraska has seen fit to place my name on the progressive party ticket for the primary election on July 18, 1922, without my solicitation. I therefore felt it my duty to accept the nomination. I now feel that it is my duty to make a public statement of my position on public questions at this time.

1. I fully approve the platform of the progressive party adopted by the Grand Island convention on December 8, 1921. Standing squarely on this platform, I have not fled as a candidate of any other party. I am a progressive and not a democrat. I am a progressive and not a republican.

2. Four years ago in a public address I advised and urged the laboring men and the farmers of my home city and county to get together politically and formulate a public policy, and stick together and vote for that policy. This is what I understand was done by the Grand Island convention, which organized the progressive party. It is my candid opinion that in the national contest between the democratic and republican parties are absolutely dominated by the same influence, namely—Wall street and Big Business. When the democrats had a majority in both the house and senate under the Wilson administration, the republicans charged it to be a fact; now that the republicans have a majority in both the house and senate under the Harding administration, the democrats are charging it to be a fact. This charge having been made by both of the old parties I accept it as true. When I read what both old parties have done in the two administrations, I am absolutely convinced that both charges are true and that Wall street and Big Business control both the democratic and republican parties.

3. If nominated and elected to congress I do not hesitate to pledge my support to any and all measures which shall have the endorsements of the farmers and laborers of this congressional district.

4. I agree with Senator Norris in his fight on behalf of the agricultural interests through the "Farm Bloc" in the senate.

5. I agree with Col. Brookhart of Iowa in his opposition to the "Social Bloc." A man garbed in a full dress suit with his feet under a banquet table is not in a fit condition to think of the needs of the farmer toiling in the fields or the laborer toiling in the shop, factory or mine. His heart does not throb for the great mass of his fellow countrymen. I am therefore opposed to the "Social Bloc."

6. During the World war this country built the second largest merchant marine fleet in the world at a cost of more than \$500,000 per vessel. This administration under Mr. Harding as well as the former administration under Mr. Wilson has sold and are selling the vessels of this great merchant fleet for \$2-100 each, and now they want a bonus in the form of a ship-subsidy. I am opposed to the ship-subsidy and the whole scheme of thievery.

7. I am opposed to the Esch-Cummings law and would cherish an opportunity to vote to repeal this vicious law, and also compel the return of the money filched from the public treasury by the railroads.

8. I am opposed to the present method of the management of the Federal Reserve banks. And I am in favor of amending this law so as to make it respond to the needs of the people in times of financial distress, and if they cannot be made to so respond then I am in favor of their repeal.

9. I am opposed to the schools of crime in high places and at the seat of government. If this be radicalism then I am in favor of radicalism.

10. I am opposed to the general policy of political chicanery and legalized debauchery of the public treasury pursued by both the democratic and republican parties. If this be radicalism then I am in favor of radicalism.

11. I am in favor of absolute confiscation of all excess profits caused out of the blood and suffering caused and produced by the World war. I am opposed to the production of 25,000 millionaires during the period of the nation's distress in the World war. I would make all such greed cough up its ill gotten gain, and return it to those who suffered. If this be radicalism then I am in favor of radicalism.

GOES TO COLORADO

Earl F. Irelan, former linotype operator on the Journal, but who has, for the past year been in very poor health, departed yesterday from his home at Nebraska City for Colorado Springs, where he will take treatment there for an affliction of the lungs from which he has been suffering. Mr. Irelan and wife spent several months on the Pacific coast but a number of weeks ago returned to Nebraska City, and since coming back to this climate Mr. Irelan has been feeling very poorly and in hopes of securing relief it was decided to try the Colorado climate. The many friends here of "Earl" trust that he may find the change one beneficial and which will restore him to his former good health.

BROWN BREAK-FASTS TODAY IN NEBRASKA PRISON

Will Reach State Capital About 9:30 This Morning in Custody of Hyers and Fenton.

Cheyenne, Wyo., June 20.—Fred Brown, Omaha chain bandit and alleged kidnapper, enroute to the Nebraska state penitentiary at Lincoln from Rawlins, where he was taken after being shot and captured by Wyoming officers, denied today to newspapermen who interviewed him here that he had worked as a shepherd in Wyoming, or that his real name is Busch.

"I was born in Granite Canon or anywhere else near Cheyenne," he declared as he lay on his berth on the train which passed through Cheyenne this afternoon.

"I have been in the Boxelder canon country, where I was trying to make a living, but I had never worked there as a shepherd. I'm not saying where I was raised or who my folks were. The story that my father is Mr. Busch of California is untrue. I've said my real name is Fred Brown and I'm sticking to it."

Brown was in custody of State Sheriff Gus Hyers and Warden W. T. Fenton, Nebraska penitentiary.

He was riding in a lower berth after having been taken to the train in an ambulance.

After leaving Rawlins Brown was given his choice of being placed in the county jail in Omaha or the state penitentiary in Lincoln. He selected the latter and will be confined to prison hospital until he recovers from the wounds received in the mountain battle of last Saturday.

It probably will be taken to Omaha for trial on a charge of abducting and assaulting two women.

The party will reach Fremont, Neb., at 6 Wednesday morning and from there will transfer to another line and arrive in the Nebraska capital about 5:30 a. m.

During the stop here Dr. J. H. Conway examined the prisoner and pronounced physical condition good, with a temperature of 100 and a pulse of 80.

FIRST WOMAN IS NAMED TO MAKE RACE FOR SENATE

Mrs. Anna Dickie Oleson Captures Democratic Nomination in State of Minnesota.

St. Paul, June 20.—A woman has been nominated for the United States senate for the first time in the history of the country.

This became apparent tonight when returns from half the precincts participating in Monday's primary election showed Mrs. Anna Dickie Oleson as the senatorial nomination of the democratic party from two male opponents.

When 1,715 of the state's 3,348 precincts had reported Mrs. Oleson had a margin of 4,200 votes over Thomas Meighen, her nearest opponent, the count being standing, Mrs. Oleson, 18,212; Meighen, 14,029.

Opposing Mrs. Oleson in the November election will be Minnesota's junior senator, Frank B. Kellogg, who was renominated on the republican ticket with other state officers under party of the state convention. Henrik Shipstead, farmer-labor candidate, also will be an opponent.

The closest contest of the primary was that in the Third congressional district where Representative Chas. R. Davis and Reuben Thoreen, fought it out for the republican nomination with Davis holding a slight advantage tonight when 269 of the district's 276 precincts had reported. With seven precincts missing Davis had 19,928 votes and Thoreen, 19,803 in the unofficial compilation.

While the democrats were nominating Mrs. Oleson for the senate post, the republicans were nominating Miss Grace P. Kaerscher of Ortonville for clerk of the court over Herman Mueller, incumbent. Miss Kaerscher had the endorsement of the state convention.

HAVE FINE RECORD

Roscoe and Kenneth Haynie, sons of Mr. and Mrs. Ralph Haynie of this city, this morning departed in company with their mother for a month vacation in Glenwood and other points in Iowa where they will visit with relatives and friends. The boys have just completed a three years' record in school that is hard to beat as both of the boys have been neither tardy nor absent from their school for the years and this certainly shows a commendable record for the young students.

CAUSE SOME ALARM

At an early hour Tuesday morning a call for the police was made from the north portion of the city, where it was reported that there were burglars at work. It seems from what can be ascertained of the affair that one of the residents of that portion of the city has leased the garage on the place of other parties and accordingly at an early hour yesterday there was considerable noise heard there by the lady of the house and as the garage is in the basement it caused the thought that there was a raid by burglars. A call for help to one of the neighbors brought assistance and the matter was straightened out and the parties making the disturbance departed but the police were informed of the affair and they are still engaged in gathering up the scattered threads of the story and it is expected that there will be more developments in the case later.
