—DOUBLE SERVICE—

EAGLE OUT OF WATER WHILE PUMP IS REPAIRED

Eagle has been without water for fire protection or domestic use for about two weeks. As stated last week Mr. Fitch pulled the cylinder, which was badly worn, and a new one was ordered by wire from Chicago. This was made to order and arrived Saturday evening. This was lowered, all connections made and the pump started, when other troubles arose. Sand settled around the plunger and it stuck. Repeated efforts to get results have failed, although as we go to press Mr. Fitch and his helpers are still endeavoring to get things in working shape.

A new derrick must be erected, as the one used has been broken under the strain, and it is possible that it will be necessary to put down an entirely new well. Water may be secured in a few days and it may be some time yet before the system can be used. All parties are doing their best, realizing the importance of the situation, and patience must be exercised by our people.—Eagle Beacon.

MASONS REARING MEMORIAL AT ALEXANDRIA, VIRGINIA

Work Begun on George Washington Temple—Built of Snow Marble and White Concrete.

Alexandria, Va. June 30.—With the turning of the first sod on a beautiful spot on the outskirts of Alexandria overlooking the national capitol, work has begun on a memorial to George Washington which will be a fitting companion piece to the Lincoln memorial at Washington.

The edifice, a stately temple inspired by Greek and Roman architecture, is being erected by the combined efforts of all the Masons and Masonic orders in the United States, and will be a tribute to Washington, the man and Mason. It will be two hundred feet from portico to observation platform on the top, and will be surrounded by an extensive landscaped garden to be known as George Washington park. It is expected the memorial will be completed in from four to five years. The cost will be approximately \$2,500,000.

Constructed of snowy marble and white concrete, the columned structure will tower high above the river and will stand from a high promontory, grandly perched hillside, a fitting tribute, visible from miles, and within a short distance of the nation's shrine, Mount Vernon.

Every Mason has been asked to contribute a dollar toward the fund, and already more than \$700,000 have been collected. Additional pledges bring the figure to almost \$1,600,000. Masonic orders and individuals contributing \$1 toward the fund will be placed upon the honor charter roll to be kept among the temple archives.

The building, according to architects, will be after the style of heroic memorials placed at the harbor entrances of ancient Greek and Roman cities. It will be erected on a ridge 250 feet above the Potomac, and from its tower, 200 feet higher, a grand panorama of the city of Washington will lie under the observers' feet, as well as of the country bordering upon Mount Vernon, so loved by Washington himself.

Pilgrims to the patriot's former home and tomb will pass under the shadow of the temple, going either by land or river.

The first floor will be given over largely to a memorial hall, the commanding feature of which will be a heroic statue of Washington. However, as the memorial as a whole will be dedicated also to the memories of other great Masons of the country, there will be available to the grand lodges of each state space in the memorial hall in which they may enshrine portraits or other tributes to Masons whose deeds place them beside the first president.

Such men as Paul Revere, representing Massachusetts; De Witt Clinton, New York; Benjamin Franklin, Pennsylvania; Henry Clay, Lewis and Clark, Randolph and many others have been suggested to be remembered thus as prominent history-making Masons.

The temple will be the active lodge quarters of Alexandria-Washington lodge No. 22, A. F. & A. M., of which Washington was the first master when it was lodge No. 39. Other rooms surrounding the atrium will be given over to the uses of grand national bodies of the order. At all times, except when used in ritual by the Alexandria lodge, the entire temple will be open to the public.

Above the hall, which will rise in a clerestory from the ground floor, will be a museum and Masonic art gallery. Here will be placed Masonic portraits and the many historic relics of Washington and the several other noted Virginians who from time to time have been members of the Alexandria lodge.

FOR CONGRESS CONTROL OVER STATE PRIMARIES
Washington, June 28.—A constitutional amendment which would give congress power to regulate the nomination and election of senators and representatives, thus giving control over state primaries, was proposed in a resolution introduced today by Chairman Dallinger of the house elections committee.

ACCIDENT HAZARDS ARE NOW AT HEIGHT

Safety Institute of America Issues Its Warning Before Annual Killing Season Begins.

New York, June 28.—Judging from reliable statistics of previous years, approximately 5,000 children will be killed and 100,000 more injured in accidents during the summer vacation period throughout the United States unless parents and other guardians give greater attention this summer to the safety of their charges. This warning comes from the Safety Institute of America, with headquarters in this city.

Before July 1, the institute points out, something like 20,000,000 children will be thrown on their own devices for amusement by the closing of public and private schools. The accident hazards confronting children throughout the year as a whole will then be multiplied many times by longer hours of play; by the summer increase in automobile traffic, and by the lapse of school room discipline.

The principal cause of accidental death among children, the institute says, are fire, drowning, and the automobile. The child of about seven years of age is in the greatest danger of becoming the victim of a fatal accident because that seems to be the age at which mothers begin to permit children to take care of themselves.

In an effort to stem the usual summer tide of violent deaths among young people the institute has issued a list of vacation do's and don'ts. "Learn how to rescue drowning persons; but never pretend yourself to be drowning; you may really need help some day and not get it.

"Learn to paddle your own canoe, but never rock the boat to scare the other fellow; this has caused the death of thousands of boys and girls.

"Fly kites, but don't use copper wire instead of twine; scores of boys have been electrocuted when their kite wire came in contact with electric wires; also don't climb telegraph poles to recover entangled kites.

"Like out into the country, but if you go for more than one day carry a first-aid kit with you; also learn to recognize poison ivy and then stay away from it; drink a lot of water, but first make sure that its source is clean.

"Don't use the streets for play if there is a vacant lot, or clean alley, or playground nearby; if you must use streets for playgrounds pick a street that has no streetcar tracks or heavy automobile traffic.

"Don't be a jay-walker in the city; cross streets at regular crossings; never in the middle of the block; when walking on country roads keep on the left, instead of the right hand side of the road so that you can see approaching vehicles.

"Finally, remember that June is a particularly dangerous month in which to take chances; the other dangerous months are: July, January, September, April, November, March, May, December, October, August and February."

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. Weyrich & Hadraba.

MAY REQUEST TWO BALLOTS FOR FIRST DISTRICT

Amsberry Says Attorney General Advised Him that a Separate Ballot is Not Necessary.

Assistant Attorney General Mason Wheeler is said to be preparing an opinion holding that a separate ballot should be used both at the primary and the general election in November for the nomination and election of members of the legislature and expiration term of Congressman C. F. Reavis whose resignation took effect early in June.

Secretary of State D. M. Amsberry upon his return from a vacation Thursday, said Attorney General Davis had discussed the matter with him and the attorney general had said a separate ballot would not be necessary and if a separate ballot is provided the filling of the unexpired term would then have to be at a special election and this in turn would mean that nominations should be made by a party committee or by party conventions.

Lieutenant Governor Barrows desires the separate ballot at the primary and the general election in November. He asks that the election and nominations for the unexpired term be treated as special elections.

On the contrary the state law does not provide for a special primary to nomination to fill vacancies but requires nominations by party committees or party conventions. It is alleged there is no party committee in existence in the First congressional district and no available machinery for the calling of a district convention or nomination by party committee. Governor McKelvie has not called a special election for the filling of the unexpired term but has followed the attorney general's advice and have the nominations made at the state wide primary in July and the election to take place at the general state election in November.

Nearly all the candidates for the full term, except Mr. Barrows, have withdrawn as candidates for nomination for the unexpired or short term.

Those who withdraw said they feared to run counter to that portion of the law which says no candidate shall have his name on a ballot more than once. Others who have withdrawn are candidates for nomination on the ballot twice for the same office as a candidate for two different parties, not that he cannot have his name on the ballot twice if he is candidate for two different offices, one being an unexpired term and the other a full term. There is no specific provision of law authorizing a separate ballot in such cases.

FUNERAL SERVICES OF WELL KNOWN CASS CO. WOMAN

Mrs. J. D. Ferguson Brought Back From California to Rest Beside Her Loved Ones Here.

The funeral of Mrs. J. D. Ferguson of Long Beach, California, occurred at the Methodist church on Tuesday afternoon, the body having been brought in on the morning train by her daughter, Mrs. Exalver Ferguson of Long Beach. The elder Mrs. W. T. Ferguson, accompanied Mrs. Ivers from Long Beach as far as Denver, as he had been with his mother for several weeks before her death, having been called there from his home in Denver.

Mrs. Ferguson's maiden name was Mary Jane Berger. Her father was Jacob Berger, a native of Germany. She was born in Mercer county, Pennsylvania, June 22, 1844, and came to Nebraska with her parents in 1857. She was married December 15, 1859, to Jonathan D. Ferguson and they resided on a farm in Cass county for fifty years.

In the year 1907, they sold their beautiful farm home south of Louisville and purchased a farm near Lincoln and also a home in the city of Lincoln. The husband passed away October 3, 1908, and in 1916 Mrs. Ferguson moved to Long Beach to spend her later years in a milder climate.

For the past two years she was in failing health. A tumorous growth of a malignant nature which ended in her death on Monday, June 19, 1922, surrounded with five of her children and her brother, George L. Berger of Orange, California. Also at her bedside at the time of her passing were her eldest grandchild and her youngest grandchild.

Mrs. Ferguson was the mother of twelve children, seven of whom are living. They are two sons, William T., of Denver, and Frank of Hutchinson, Kansas. Five daughters, Mrs. Henry Berthling of Wabash; Mrs. E. J. Bowers of Lincoln; Mrs. Fern Hotelling of Long Beach, and Mrs. Leslie Scott of Los Angeles. There are sixteen grandchildren and five great-grandchildren. She leaves one brother, George L. Berger, of Orange, California, and one daughter, Mrs. J. J. Bowers of Lincoln.

Mrs. Ferguson was a woman of great heart and wide sympathies. She passed through all the joys and sorrows attending a large family, which broadened her views and made her a splendid friend to all. Her Christian sufferings and almost until the last she repeated the Lord's prayer and the Twenty-third Psalm which has always been a favorite of hers.—Louisville Courier.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Plattsmouth.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys, relieve aching backs. Here is Plattsmouth proof:

A. J. McFarland, 306 Third street, says: "I was doing some heavy lifting which strained my back and kidneys. This put me in such shape that I had to walk with a cane a number of weeks and I couldn't straighten. It felt as though there was a heavy weight across my back that was just holding me down. I couldn't sleep nights and it felt as though I had been struck in the back with a sharp knife. My kidneys acted irregularly and the secretions were highly colored and burned in passage. I was told to try Doan's Kidney Pills and after the first box my condition was much improved, and I was able to walk straight. I used four boxes from Fricke & Co.'s store. My back and kidneys have never bothered me since, and I believe Doan's will do the same thing for other people if they will give them a fair trial."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

From Friday's Daily.
This afternoon Rev. M. A. Shine, the eminent rector of the St. John's Catholic church in this city, returned home after a prolonged stay at the St. Catherine's hospital in Omaha, where he has been since January 24. Rev. Shine has been very seriously ill and is still showing the marks of his sickness but feels that he is now on the highway to recovery and will in a short time be able to carry on his church work as of old.

In coincidence with the return of Rev. Shine, Rev. H. F. Haukap, who has been in charge of the St. John's church, will leave this afternoon for St. Louis for a month's vacation and rest and preparatory to taking up a regular charge in the future. During his stay here Rev. Haukap has won many warm friends by his warm and genial personality and his stay has been one of the greatest benefits to his parish and the greatest of regret is felt at his departure.

GOVERNMENT CARE OF DISABLED WAR VETS CRITICISED

Students of Ohio Training School Demand Institution be Closed —Forbes Outlines Plans.

San Francisco, June 28.—Col. C. R. Forbes, director of the U. S. Veterans' bureau, drew both applause and criticism from the disabled American veterans of the world war today when he explained to their convention the relief measures the government had undertaken for its stricken defenders.

Cheers greeted his announcement that the bureau had established an employment unit designed to find suitable jobs for every man given rehabilitation and his assertion that he favored the civil service laws to give former service men preferred positions on every government list.

Scores of veterans clamored for the floor, however, to ask why employment had not been found by various individuals and why others had had their training concluded too soon and their training pay stopped.

The climax of the criticism came with the reading of a telegram from the student officials of the training school at Camp Sherman, O., demanding that the school be closed. This telegram, which was read by Robert S. Marx of Cincinnati, national commander of the Disabled American Veterans, asserted that the president and other executives of the school should not be hastily condemned, said that its work so far was satisfactory and that its graduates would be found the best trained of any rehabilitated veterans.

Brig. Gen. Charles E. Sawyer, President Harding's physician, also was criticized. Humphrey Sullivan of St. Louis, representing the American Legion, charged Gen. Forbes with economizing at the expense of the health and safety of disabled soldiers.
