

MOST MILES per DOLLAR

Firestone

GUM-DIPPED CORDS and their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone uses say one is best.

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.

MR. AND MRS. E. T. COMER CELEBRATE 35TH ANNIVERSARY

About 200 People Were in Attendance at This Occasion on Last Friday Evening.

On last Friday in response to invitations about two hundred guests assembled at the home of Mr. and Mrs. Eugene T. Comer to help them celebrate their thirty-fifth wedding anniversary. Seats were placed on the lawn for the accommodation of those present. Electric lights were strung and together with the Japanese lanterns all presented a beautiful and attractive appearance.

At eight thirty o'clock the ceremony was performed on the porch which had been decorated for the occasion. The ceremony was performed by Rev. Hay of the Church of Christ and Mr. L. P. Langhorst acted as best man. The ceremony was impressive and attractive, immediately following which the large assembly single file marched around congratulating the bride and groom of thirty-five years ago.

Mrs. Florence Deles Dernier of Omaha and youngest daughter of Mr. and Mrs. Comer sang, "I Love You Truly," and "Silver Threads Among the Gold" accompanied by Mrs. Goodrich.

Following the ceremony refreshments were served cafeteria style. The refreshments were very dainty and delicious and consisted of angel food cake, ice cream and punch and waters. Cigars were passed for the men and bonbons for the ladies and to these ample justice was done.

During the evening a chivari party headed by Blinney Clements came on the scene with dish pans and other implements of racket and chivari Mr. and Mrs. Comer in good style. This was very well received and a loud demand was put on for a repetition of this.

As an appreciation of the esteem and friendship in which Mr. and Mrs. Comer are held they were presented with a fine buffet and a rocking chair. The presentation was made by Rev. Hay and Mr. and Mrs. Comer responded to this speech. Mr. Comer spoke of the number of years that they had spent in Elmwood and of the pleasant and happy years that they were and of the many friendships that had been formed and that for these reasons they loved Elmwood and chose to make this their home for they liked it best here.

The remainder of the evening was spent in a social way and at this everyone had a fine time. As the time for departing came it was announced that the large three-deck wedding cake would be cut and everyone would have a piece. After this the guests departed declaring that they had had a most excellent time with Mr. and Mrs. Comer on their thirty-fifth wedding anniversary and in departing wished them many more wedding anniversaries.

Mr. and Mrs. Comer were married in Lincoln in 1886 and have lived in Elmwood twenty-seven years. They have two daughters, Mrs. Florence Deles Dernier and Mrs. Ethel Meyers, both of Omaha.

This was perhaps the largest gathering of its kind that has ever been held in Elmwood. There were about 200 guests.—Elmwood Leader-Echo.

SHOW SCENES FROM SIAM TO MEXICO

But Distance Separating Them is Only 25 Feet at Paramount Studio at Hollywood.

Twenty-five feet from Siam to Mexico! Such was the startling geographical jump accomplished by players in "Fool's Paradise." Cecil B. De Mille's newest Paramount picture which comes to the Parmele Sunday, Monday and Tuesday.

For on the same stage at Paramount studio one found the interior of a Siamese temple with a yawning pit in which reptiles awaited the sacrifice—while but a step away there was a colorful cantina of an oil town on the border between Mexico and the United States.

The hero is a young ex-soldier who loses his all in the oil fields. Captivated by a famous French dancer, he is blinded at one of her performances by an explosive cigar, the gift of a cantina girl.

Filled with remorse, the girl nurses—and comes to love the man—and he is happy believing her the dancer whom she mimics. Sight restored, he is angered at the trick and flies in search of his first love. Finding her in Siam a series of dramatic incidents prove her shallow character and bring him back to the woman who loved him in his misfortune.

To interpret this story, written by Beulah Marie Dix and Sada Cowan, suggested by Leonard Merrick's "The Laurels and the Laurel" Mr. De Mille secured such excellent players as Dorothy Dalton, Mildred Harris, Conrad Nagel, Theodore Kosloff, John Davidson and Julia Faye. The production is in every respect magnificent.

The Same Everywhere.

DEATH OF MRS. FRED-ERICK ENGELKEMEIER

From Thursday's Daily.

Word has been received in this city announcing that Mrs. Frederick Engelkemeier, widow of one of the old residents of Cass county, had died in California and that her body was to be brought back here by her daughter, Rose, for burial in the family lot here. Mrs. Engelkemeier and daughter who formerly resided here at the home of west Elm street, departed some two years ago for the Pacific coast where they have since made their home. The deceased lady who was seventy years of age, has been ailing for some time and quite for the past two weeks.

It was expected by the daughter to leave Los Angeles this afternoon but no definite time has been arranged for the funeral until after the arrival of the body from the coast.

Mrs. Engelkemeier leaves a number of children who reside in the neighborhood of the old home in Mt. Pleasant precinct.

A Splendid Medicine for the Stomach and Liver

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good. Weyrich & Hadraba.

MANY FARMS ARE NOT PRODUCING MAXIMUM CROPS

A great many Nebraska farms are not producing their maximum crops because of poor drainage, experts at the University of Nebraska Agricultural College say. Some, they say, are not being tilled at all or are merely raising a small amount of wild hay, which may be cut and harvested but are making no adequate return on the investment. Wet land is said to be rich when drained and usually more valuable per acre than surrounding lands which have natural drainage. High tile prices and a scarcity of labor have retarded the reclamation of these lands during the past few years but now the experts state tile prices are low and labor costs are down, so that it is now time when drainage can be done cheaply.

START HARMONY BALL ROLLING

From Saturday's Daily.

Last evening a number of the local democrats held a short meeting to start the ball rolling for the selection of candidates who might bring to the state a united party and the settlement of issues that for many years has kept the democrats of the state divided along almost even lines and while all were believers in the foundation principles of the party they had disagreed on minor questions and it was to overcome this that the proposition of Senator Gilbert M. Hitchcock for re-election and Charles W. Bryan of Lincoln for governor, has been launched by the democrats over the state. With these two leaders comes also the endorsement of W. J. McNichol of Lexington, a young ex-service man, for lieutenant governor and Kenneth McDonald of Bridgeport for attorney general, and balancing the ticket with strong, forceful men. The local organization was headed by Attorney D. O. Dwyer as president.

It is hoped that in the near future Mr. Bryan will be able to come to this city to meet the voters before the primary election that is to be held on July 18th and which will determine the choice of the party for the state standard bearer.
