GUARD AT SHOPS CAUSES SOME STIR FRIDAY EVENING

Stops Fireman on Way to Roundhouse By Drawing Gun and is Arrested by Sheriff.

Last evening shortly after 9 o'clock there was considerable stir created in the yards of the Burlington shops when one of the guards employed there stopped a fireman by the name of Dimmitt, by the means of a revolver.

It seems that the man Dimmitt was going to the shops to look after his work of firing up the engines and told the guard that he was going to work and the guard, not satisfied, drew his revolver and stopped the man. This led to the first rifle that has occurred in the peaceful attitude that has been preserved in the strike and on being notified of the matter Sheriff Quinton hastened to the shops and placed the guard, who gave the name of Robert Mills, under arrest, and brought him on up to the city where he was questioned and County Attorney Cole filed a complaint against him for the gun play.

The guard was brought before Justice William Weber and placed under \$100 bonds for his appearance for trial on the charges preferred by the county authorities and the case set for hearing this morning, but owing to the absence of the attorney for the railroad it was laid over until Monday morning at 10 o'clock.

County Attorney Cole stated this morning that he had urged the Burlington officials to refrain from using armed guards in the shops and had been assured that the matter would be cared for Thursday but the guards are apparently still in possession of the guns and this the county authorities desire to have remedied as the action is considered wholly unnecessary in view of the peaceful manner in which things have been conducted here.

WRITES FROM OHIO

In writing to the Courier family, Mrs. Celia V. Shryock sends regards to her old friends in Cass county. She is now located in Toledo, Ohio, with her daughter, Mrs. Harry Chapman and has been living there for the past two years, but is expecting to return to St. Paul, where her son, Bert Shryock and family, reside. She says that while Ohio is the native state, she really likes the western part of the country much better.

Mrs. Shryock speaks of enjoying reading the Courier and remarks of the many changes in the personnel of the town. The news of the death of Mrs. S. B. McLearn a few weeks ago was a great shock to her as they were former friends and neighbors here in earlier days and she was with Mrs. McLearn in Omaha a short time before going east and she seemed so well then.

She remembers all her old friends and hopes to see them some day again and says the years she lived in Louisville were very happy ones and she is looking forward to renewing acquaintances here in the not-too-distant future.—Louisville Courier.

GOD SEND US MEN!

God send us men whose aim 'twill be Not to defend some ancient creed, But to live out the laws of Right In every tho't and word and deed.

God send us men alert and quick His lofty precepts to translate Until the laws of Right become The laws and habits of the State.

God send us men of steadfast will, Patient, courageous, strong and true; With vision clear and minds equipped, His will to learn, his word to do.

God send us men with hearts ablaze, All truth to love, all wrong to hate; These are the bulwarks of the State. —Frederick C. Maker.

VISITING OLD HAUNTS

This morning A. W. Dawson, for a great many years a resident of Plattsmouth, but who for the past two years has lived at Detroit, arrived here to spend a short time amid the once familiar scenes and with the old time friends of his younger days. Mr. Dawson has been in poor health for some time and his family as well as his physicians recommended a change of scenery and accordingly he came back out west and is enroute to Denver and Colorado for a stay in the mountain country. Mr. Dawson states that his wife and son, Fred, are enthusiasts over the Michigan city where they reside and that it is a very beautiful and attractive place in every way and one that is rapidly growing. The old friends and former associates of Mr. Dawson are well pleased to see him and he will be able to spend the time very pleasantly while here.

LINCOLN TAKING ANNESS IN

Running Stronger Everywhere as the Primary Draws Nearer.

The Lincoln Daily Star has a staff of fine special writers that will rank with any daily paper in the west. Here is what the big special writer, Rambler Jones, thinks of Wilber Anness, to-wit:

"The friends of Wilber W. Anness, popular druggist and former newspaper man at Dunbar, and former business man of Elmwood, aspirant for the congressional nomination are loud in their claims for his right to the place.

"They say that he has always been a citizen of whom they could be proud; that he is a man of sound

judgment, of clean life, capable and efficient, always active in anything launched for the community's good, and that he would honor his home town and his home district if he could be sent to congress.

"The Rambler has yet to hear a word unfavorable to the candidacy among those who know him best, regardless of the political complexion of the speaker. Then they feel that he is entitled to consideration because he ran so well in the 1914 contest, but after he was defeated, he proved to be a good loser and gave his successful opponent the most loyal support.

"His friends also point to his experience in the legislature and say that he is of legislative breadth and depth and a fine public speaker; that his record will bear the closest inspection. Although he has been absent from Elmwood for some years, yet they tell the Rambler there that he will sweep Cass county, for he has a host of friends there."

CLAIM FALSE REPORTS CIRCULATED

Eagle Beacon Says Persistent Effort Made at Elmwood to Discredit Eagle School System.

A persistent report is being circulated at Elmwood that Eagle has been forced by the high cost of our consolidated school to cut out the high school and revert to eight grades only. We have heard this from a number of sources and are amazed at the nerve of those who repeat it seriously.

The truth of the matter is that Eagle is highly pleased with her school and is proud of its equipment and standing. It is true one teacher has been eliminated for the coming year, but the service has not been curtailed in the least—loyal teachers have volunteered to take additional work in some of the grades.

A reference to Phil Gross' chart of how the tax dollar of the state is spent reveals the fact that the valuation of the Elmwood school district, both in and out of the village, is \$1,157,635, while that of the Eagle district is \$3,502,233. The rate of school tax in Elmwood is .49 and outside .62, while at Eagle the rate is .39 and outside .61.

FINE NEW GIRL

IN SERIOUS CONDITION

The reports from the University hospital in Omaha this morning state that the condition of Miss Caroline Lahoda is much worse than it has been for the past week and last evening her recovery was considered of the greatest doubt. This morning the improvement was so slight as to offer little encouragement to the relatives in this city.

N. C. Ahlrott of Nebraska City was here today for a short time enroute by auto to Omaha to visit for a few hours with relatives and friends.
