Our Penn Franklin Motor and Tractor Oils are a pure Pennsylvania product—every drop made from Pennsylvania crude and shipped direct from Pennsylvania. We buy in car load lots, thereby getting the rock bottom price. Remember Pennsylvania oils will not carbon your motor, will stand up under terrific heat and will wear longer. Miss Marval Amgwert has been visiting for the past week at the home of relatives, having been there since last Sunday.

Wm. Rikli and wife are well pleased over the purchase of a new auto, it being a new Ford which is proving very useful at the farm.

Last Tuesday Alvin Bornemeier tried the threshing game but found the straw too wet and had to defer the work until it was a little drier.

H. R. Schmidt and family were visiting and looking after some business matters in Lincoln last Thursday, making the trip over in their auto.

It is reported that O. J. Posthast will in a short time install a radio set, probably the bank that he may keep in touch with the news of the world.

Mr. and Mrs. August Panska and family were visiting last Thursday at Manley and viewing the effects of the storm, which swept this country last week.

Louis Hite and family of Cheney, and Fred Mayes and family of Bennet were guests last Sunday at the homes of C. F. Hite, J. W. Krueger and John Amgwert of Murdock last Sunday, all enjoying the visit greatly.

The latest to install a radio set is Louis Hornbeck, who has had one put in his home. Louis is feeling the pulse of the old world now, whether he be at home or at the station, for he can listen in at any time.

Mrs. Scott Harn, formerly of Murdock and of Murray, who is making her home at Union, Oregon, is visiting at the home of her brother, Mrs. S. P. Lies for a short time. Mrs. Harn will be remembered as Miss Louise Lies.

George Dalrymple, one of the excellent painters working with the Dusterhoff shops, has been feeling quite badly and has not been able to be on the job during the most of last week. He is better and will expect to resume his work the first of the week.

Mr. and Mrs. E. K. Norton and son, George Norton, who is spending his vacation at home, he being employed with the Western Union Telegraph company at Omaha, drove over to the farm of Mr. and Mrs. Oscar Dowler near Mynard and viewed the ruin caused by the storm.

All on account of a leaky roof, Max Dusterhoff, as he was sleeping, dreamed that a great weight was pressing him down, when at once the plastering over his head let loose weakened by the rain and covered him with plaster, which ended very suddenly the dream, and ushered him into very lively reality.

A. H. Duxbury, of Plattsmouth, was a visitor in Murdock, where he met and became acquainted with many of the voters with the hope of their support for the position of county attorney. Mr. Duxbury was very much impressed with the thriving village of Murdock, as were the people with Mr. Duxbury.

Mr. and Mrs. Bornemeier suffered the loss of 43 windows broken on their farm as a result of the storm of last week.

John Amgwert has been busy during the past week painting his own home and it sure is looking nice. The saying that the shoemaker's wife must go without shoes and the blacksmith's horse remain unshod, does not go with Mr. Amgwert, for he thinks it just as important that his horse be painted as that of any one else.

Mr. J. E. McHugh, superintendent of the Murdock Mercantile company, has been a busy boy for the past week with the completion of the inventory at the store, the making of a number of reports incident thereto and looking after the building of his new home and assisting in having the building which was blown off the foundation replaced.

The outfit was purchased of Ed Guilstorff, who is disposing of a number of these machines. Henry Heineman has been secured to assist in the operation of the machine.

Best Paper for News

No other paper can rival the Semi-Weekly Journal for live Cass county news. Besides you get it twice a week when it is fresh instead of a full week after it has happened when you likely know all about it, or at least your friends who read the Journal do. The price is only \$2 per year—the same as any weekly newspaper would cost you now days.

A True to Life Dialogue

Jack—Say, Tom, are you going to that Camp Fire doin'?

Tom—You bet I am! I wouldn't miss it for the world. You know they gave one before and it was great. They are only going to give that play "My Cousin Timmy" over again. (You know, it's lively one.) The rest is going to be new. And I'll bet they'll be just as snappy as the others. And it only costs 35 and 25 cents.

Jack—When does it start, and where is it?

Tom—It starts at 8:15 sharp, and it's at the M. W. A. hall in Murdock. Hey! Where you goin'?

Jack—To the doin's! S' long!

Will Build Home Here

Mr. W. T. Weddell, who has made Murdock his home for a number of years and who is well liked and highly respected by his host of friends here, has decided to build for himself and family a home here. He has given the contract for the erection of the building to Mr. Matt Thimgahn, who is a contractor, and who will immediately begin the erection of the new home.

Wind Moves Building

At the time of the storm last Monday evening, the new building is under construction by Mr. J. E. McHugh, was blown from the foundation and left about six feet from where it should be. Mr. R. D. McNurlin, the house mover, of Weeping Water, came over and had the building back in its proper place last Thursday and work was proceeding with looking toward its early completion. Mr. McHugh took Mr. McNurlin to his home in Weeping Water last Thursday evening after he had finished the job.

Lest We Forget

On July 28th the Camp Fire girls will give a peppy entertainment at the M. W. A. hall which all should attend. (If you know who they are, you will surely come.) If you don't know come and find out; you will never regret it.

Let There be Light

Max Dusterhoff of the Dusterhoff Shops, with his force of men last week were busy replacing the windows which were broken by the great storm of last Monday night, and are still busy at the same avocation. In many instances there were nearly half a hundred separate glass to set at one place. They are still busy and will keep so engaged as long as there are glass to set.

Last Tuesday Mr. Dusterhoff went to Lincoln from where he brought home with him ten boxes of glass. Mr. Dusterhoff says you do not have to bring your job to his shop to have it done. Just give the dimensions and numbers and he will be on the job with the materials and in a short time will have the job as good as new again.

Young People Enjoy Dance

Messrs. Henry ("Bud") Amgwert and Kenneth Tool gave their friends a very pleasant evening last Thursday when they were the sponsors of a dance which was held at the M. W. A. hall. They and their friends had a most enjoyable evening.

Visit Friends Here

Rev. and Mrs. Earl Harper, the former pastor of the Methodist church in Murdock years ago, are now visiting at the home of Mr. and Mrs. Fred Zink near Wabash. Both Rev. and Mrs. Harper are accomplished musicians and hold important positions at the Boston Conservatory of Music, where they have made their home for a number of years. Last Thursday evening a number of their old friends in Murdock went out to the Zink home to visit and enjoy the company of these estimable people for a short time.

Had a Big Time

Last Saturday evening the members of the Glitchie Manitou Camp Fire organization of Murdock met at the school grounds and held their first ceremonial meeting, which was quite well attended, considering the condition of the roads, etc. After the ceremony and initiation a marshmallow toast was indulged in, and then a long moonlight hike. Everyone went home declaring it was much

more fun than they had expected. Here's to the Camp Fire girls—long may they prosper, and when they grow up to be women in the community may others fill their places and keep alive this splendid organization which starts out so auspiciously in Murdock.

WHY IT SUCCEEDS

Because It's for One Thing Only and Plattsouth People Appreciate This Fact.

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only. For weak or disordered kidneys. Here is Plattsouth evidence to prove their worth.

Mrs. F. N. Rauen, of 1109 Pearl street, says: "I believe Doan's Kidney Pills can't be beat as a kidney remedy for any kind of kidney ailments. I was in bad shape with my back and was laid up so that I had to have hot poultices put on my back and sides to relieve the pain. I could hardly turn in bed and was sore through my back. I had awful dizzy spells and little specks came before my eyes and many times I had to sit down and wait for these attacks to pass off. A while after I commenced to use Doan's Kidney Pills and I began to improve. I got several boxes from Weyrich & Hadraba's drug store and they gave me permanent relief after other kidney remedies had failed. I always keep Doan's on hand and use them when my kidneys need attention and they keep them in a strong condition."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rauen had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Helen and Mildred Stanley spent part of last week with relatives at Weeping Water.

A number from here attended the funeral of Mrs. John Gerdes.

Obituary

Wylie James Colbert was born in Winslow, Nebraska, June 16, 1899, and died July 6, 1922, aged 23 years and 20 days. His parents moved to Cass county when he was but a few years old, and he attended the public schools of this county, taking one year in the Weeping Water academy. He united with the Congregational church of Weeping Water when he was 14 years old. About this time his parents moved to Wauneta, Nebraska, where he finished high school. He enlisted in the U. S. army when 18 years of age, was in the service 18 months in the 33rd Balloon company.

On May 30, 1920, he was united in marriage to Grace Marie Perkins, of Bethany, Nebraska. One babe, Evelyn, came to bless this union.

Upon his removal to Wauneta he united with the Methodist church, of which he was a very active member. Last January the family moved to Bethany, where at the time of his death, the young man was employed by the Searl-Chaplin Lumber company.

He leaves a wife, daughter, father, mother, one brother and one sister, as well as many other relatives and a host of friends to mourn his loss.

Funeral services were held from the Wabash Baptist church Sunday at 11 o'clock, being conducted by Rev. W. A. Taylor and interment was in the Wabash cemetery.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That is the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. Weyrich & Hadraba.
