CULBERSON OUT OF RUNNING

Dallas, Tex., July 24.—The Texas election bureau announced at 10 o'clock tonight, when it ceased tabulations of the night that it was virtually certain that former Governor James E. Ferguson had nosed out Senator Charles A. Culberson as the run-off man to oppose Earl B. Mayfield, who led for the democratic nomination for United States senator in Saturday's primary.

Ablene, Tex., July 24.—Returns on the congressional race in the Seventeenth district indicate that Thomas L. Blanton, incumbent, may have a majority over all his opponents. With four counties missing, admittedly Blanton counties, the figure today showed: Blanton, 16,475; Callaway, 6,603; Cunningham, 7,167; Dibrell, 3,333.

RETURN FROM ENGLAND

From Wednesday's Daily. This morning the many friends of Mr. and Mrs. John McLean were delighted to greet them as they arrived in this city, from their sojourn in old England where they have been visiting with their relatives and friends. Mr. and Mrs. McLean spent a greater part of the time with relatives at Newcastle on the Thames where they have relatives and also visited the different parts of the country where they spent a short time at each place visiting. On the trip to the United States they enjoyed very pleasant weather, crossing in the "Montclair" of the Cunard line from England to Montreal, Canada. They came direct from the port of landing to Plattsmouth and are very much pleased to be back home in this country again. They report the season in England as cold and chilly and noticed the great change to the extreme heat of the Nebraska mid-summer season.

SERIOUS ACCIDENT AT COUNCIL BLUFFS

William Hall, Son of John S. Hall, Former Resident Here, is Very Seriously Injured.

Yesterday while William M. Hall, 1122 So. 11th street, Council Bluffs, was driving home with a companion, Life Emerine, 2128 Avenue C, they were both very seriously injured when the Ford car of Mr. Hall in which the two men were riding, struck a truck driven by Emery E. Merryman, at the intersection of 11th and Avenue B.

Mr. Hall and his companion who were in the employ of the water company at Council Bluffs, were on their way to their dinner at the time of the accident and were unaware of the approach of the truck until the accident occurred. The car was badly damaged and the two men injured severely as the result of the impact of the car and the truck. The Ford was turned over and Mr. Hall received a broken jaw as well as a severe injury to the vertebra that has made it impossible to move his neck without the aid of his hand. The companion was also severely injured and has been in a semi-conscious condition since that time. Mr. Hall recovered consciousness about 4 o'clock yesterday and is doing as well as possible although still suffering from the effects of the accident and it will be some time before the full extent of his injuries can be determined.

Mr. Hall is a son of Mr. and Mrs. J. S. Hall, formerly of this city, and a brother of Mrs. Oscar Wilson.

OFFICIAL RETURNS FAIL TO OVERCOME LEAD OF RANDALL

McMullen Still 570 Behind in Race For G. O. P. Governor Nomination on Official Count.

Receipt by the Associated Press of additional reports of the official vote in various counties on last Tuesday's primary did not materially change the standing of Charles Randall of Randolph and Adam McMullen of Beatrice, republican aspirants for the gubernatorial nomination. In all, 65 counties have reported official returns by telegraph, the net result being that McMullen increased his total by 56 to 48,519, while Randall's increased 53 to 49,519, leaving a difference of 750 in favor of the latter. Some politicians were of the opinion that the complete official vote would not alter the standing provided all telegraphic reports on the race proved to be without error.

A few belated returns, believed to have come from counties where officials sealed the ballots before making them public last Tuesday night, making it necessary to await the official canvass now being conducted throughout the state, were reported to the Associated Press today on the democratic contest for nomination for attorney general, but did not change the results. 1,863 precincts giving a total of 17,673 for Kenneth McDonald of Bridgeport and 17,335 for Harry B. Fiehart of Omaha.

BOOST IN WOOL DUTY A BURDEN ON THE PEOPLE

Senator Walsh Says It Will Add \$20,000,000 a Year to Clothing Bill of the Nation.

Washington, July 23.—Enactment of the wool duties proposed in the pending tariff bill would result in a burden upon the people at least as large as that imposed by schedule K of the Payne-Aldrich law, Senator Walsh, democrat, declared today in a formal statement. Senator Walsh, who is in charge of the democratic fight in the senate against the wool duty, contended that the 23 cents a pound duty on raw wool alone would increase the nation's clothing bill by about \$20,000,000 annually. Senator Walsh said he would not argue that the wool industry needed protection, but a statement issued through the committee for a non-partisan tariff, Senator Townsend, republican, Michigan, announced his support of the Frelinghuysen amendment to the pending bill proposing a scientific tariff to be based upon findings of the tariff commission. Senator Townsend was quoted as saying that such a tariff-making system would be of great benefit to the country, which, he contended, "suffered beyond calculation every time there is a general change in administration," with a resultant rewriting of the tariff.

CALLS BASEBALL DEAL A CRIME

Cleveland, July 23.—"It's a crime" was the comment of Manager Tris Speaker of the Cleveland Indians, tonight when he learned of the deal between New York and Boston whereby Joe Dugan and Elmer Smith go to the Yankees for four players. "Either Dugan or Smith is worth \$10,000 or more and the entire bunch of New York players traded is not worth \$10,000," Speaker continued. "I tried to make a trade with Boston for Dugan, but was told there was nothing doing," chimed in Manager "Kid" Gleason, of the Chicago White Sox. Twice the Cleveland player has tried to get some player from Boston, Speaker said, but each time President Frazee has imposed exorbitant terms. The last time he asked for outfielder Joe Evans, Pitcher Jim Bagby and \$5,000 cash, it was stated.

CHECK ON BUSINESS REVIVAL

New York, July 23.—The present transportation emergency will throttle the new business revival in the cradle if the railroad strike continues much longer, said David I. Williams, secretary of the central strike committee, tonight. He based his statement on figures submitted by the labor bureau, inc., showing, he asserted, that the following measures are almost inevitable in dealing with the crisis: Emergency pooling of rolling stock under federal control. Resurrection of priorities control over shipments as exercised during the war. Shutting down of non-essential industries and throttling of the business revival.

MAYFIELD LEADING IN TEXAS FOR SENATOR

Dallas, Tex., July 23.—Earl B. Mayfield showed a considerable lead over his opponents for the democratic nomination for United States senator at 7:30 tonight, when about half of the total vote of 250 counties had been counted by officials of the Texas election bureau. The vote showed: Mayfield, 84,107; Ferguson, 63,008; Culberson, 54,338; Thomas, 47,896; Ousley, 33,861; Henry, 22,412. In the governor's race, Governor Pat M. Neff had 170,040; Rogers, 167,171; Warner, 30,234; and King, 8,487.

CASS CO. FARM BUREAU NOTES

Drainage
John Falter of Plattsmouth had a preliminary survey made this week of 70 acres of bottom land to learn if it could be drained. Mr. Ivan Wood, of the Extension Service, assisted by the Farm Bureau, made the survey.

Labor
The Farm Bureau office has placed 173 men during harvest. The men and calls are even now. A good class of men have come.

Greenwood Clubs

The Sewing club of Greenwood met at the home of Miss Ethel Hartwood Tuesday afternoon. Six girls were present and the afternoon was spent discussing the sewing bag and cutting patterns for the clothes-pin bag.

The Cooking and Baking clubs met at the school house Thursday afternoon. The girls had prepared cup cakes and nut bread at home and these were brought to the meeting where a judging contest was had to find out who had the best bread and cake. The girls cooked a cereal and set the table and served it. They were very much interested in serving the cereal and finding out which was cooked and served most attractively. Mrs. Welton made ice cream, which with the girls' cake, nut-bread and cereals made a splendid feast. These girls are going to be real cooks if they keep on with the cooking and baking course.

RUNNING FOR OFFICE IS CHEAP THIS YEAR

Candidates at Primary Election Show Little Expenditure in Their Race For Office.

The filing of the list of expenditures by the various candidates for public office in Cass county at the primary election indicates that the candidates are able to make the race very cheaply now and that many of the offices are real bargains as is shown by that of the county surveyor, where Fred Patterson was made the nominee of the republican, democratic and progressive parties and without expending one centime as his name was written in by the voters.

In the office of sheriff, C. D. Quinton reports \$5 for the filing fee and Rex Young the sum of \$36.50 for his race on two tickets and including the filing fee and contribution to the progressive committee. The county clerk race was another bargain with County Clerk Sayles and Frank Libershal each expending the sum of \$5 for filing and Eugene Lister \$8.50 for the progressive nomination.

In seeking the office of county treasurer, Melsinger expended \$11.50 including his filing fee and made the race on two tickets for this small sum. In the county attorney race A. G. Cole expended \$5 for filing and A. H. Duxbury \$31.00 which covered his double-headed race as both republican and progressive.

For county superintendent Miss Alpha Peterson paid over the sum of \$10 as the legal filing fee and Mrs. Shannon for register of deeds, C. F. Harris for commissioner and G. F. Wilson for representative also gave up the \$5 filing fee. The expenditures outside of the filing fees were all for cards and other advertising matter.

WILL PINCH ONE LIGHTERS

The edict has gone forth that hereafter all auto drivers must have both of their front lights lit on their cars after dusk or be forced to liquidate before the police court of the city.

The police force of the city has received instructions to be on the outlook for all offenders who fail to comply with the requirements of the city ordinances and state law in this respect and accordingly unlucky will be the man or woman that does not have both front lights of their auto burning when driving through the main portion of the city.

Studebaker CLOSED CARS

Studebaker enclosed cars are an evolution of the fine coach work of former generations.

They represent the skill of engineering specialists, plus the standard of 70 years' experience in building quality vehicles.

Strength, weight, resistance to shock, freedom from rattles, are all subjected to searching analysis and grueling road tests under every possible condition of road and weather.

The body framework is of selected white ash, thoroughly seasoned and rigidly inspected.

Painting is comparable to the highest grade custom coach work. It includes 26 different operations and 15 separate coats of material.

The seat springs are of the highest grade. The upholstery is of mohair velvet plush velour, selected for wearing qualities and rich neutral tones which combine elegance with service. Door-window regulators of the latest improved type permit quick change from weatherproof protection to an airy open body.

Studebaker enclosed bodies are as good as the chassis. They are built to endure.
