C. T. U. and the two churches.

Three Ball Games Sunday Last Sunday Union and Sciota enjoyed three ball games, all good ones, and which produced much merit for the assembled crowd, who cheered the good plays and thus encouraged the players. Tried Out the New Car Last Sunday Edward Dowler, with the wife, and accompanied by Misses Helen and Eldora Baldwin and the Messrs. Orris and Melville Baldwin, all of Weeping Water, spent the day at Capitol Beach near Lincoln, they making the trip in Mr. Dowler's car. Mr. Dowler was well pleased with the action of the new car as he was able to make the very good running record on a gallon of gas, as all was used was one gallon for each 23.6 miles, and this looks pretty good when the number carried was concerned.

Burglars Loot Tire Stock The Dowler Brothers garage suffered a burglary last Saturday evening when some marauder entered by breaking a glass in the rear window of the garage, where they entered, and forcing the door to the office and stock room, carried off five excellent tires, which were just enough to fit out a car. Suspicious as to who committed the deed are entertained and steps will be taken to bring the culprits to justice. The matter of breaking houses, especially a business house have become far too frequent and something should be done to stop it.

RUMORS OF SECRET PARLEYS HELD AT CHICAGO BY UNION AND BOARD HEADS

COMPANY UNIONS PLANNED

Union Leaders Declare They Won't Consider Individual Settlements With Railroads.

Chicago, July 25.—All chance of further spread of the railroad strike was squelched today when the general chairman of the brotherhood of clerks and freight handlers meeting here agreed to hold up any further orders for walkouts.

Strikes of clerks and freight handlers have already been ordered on a few roads.

Union leaders were in touch with members of the railroad labor board shortly before the agreement was reached and their strike call was suspended under a compromise with the board to consider immediately requests for a wage increase.

The labor board announced that with the clerks' decision, all unions which have taken strike votes and threatened a walkout, had agreed to hold up immediate action in sympathy with the shopmen's strike.

Chicago, July 25.—Railroads and union chiefs today waited for the next move toward settlement of the rail strike.

Altho the public's eyes were turned on Washington as the place from which the next step toward peace is likely to come, indications pointed to the resumption of secret negotiations here.

Despite Chairman Ben W. Hooper's assertion that the board "contemplated no further action," it was reported that Hooper and B. M. Jewell, president of the striking shopmen, were again holding conferences. Both sides refused to deny or affirm this report.

Altho union leaders have declared that they would not consider settle-

Goodrich announces new tire prices

—lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Will Judge Wray remain in the race for senator until after the election? Some say he will sell out to Howell. But we believe Judge Wray is an honest man and will remain on the ticket to the end. Same with W. J. Taylor candidate for governor.

Great as America is, we have not cornered the entire supply of nut legislators. A member of the British parliament has introduced a bill for the abatement of dappers, which provides that all girls shall wear their hair plaited down their back until their sixteenth birthday. Violations of the act shall be punishable by detention until they reach the age of 16.

Mrs. Oleson, who is running for the senate in Minnesota as a "born democrat," is said to be "one of the five fastest talkers in the world." We know a number of women who will resent this claim to superiority, right here in Plattsmouth.

"Retail Food Prices Up, Too." Well, there is nothing so very strange about retail prices going up when wholesale prices do. The strangest thing would be for retail prices to go down when wholesale prices went down.

Sometimes misinformation is the result of guessing, and then sometimes it is the result of a desire to reform somebody.

The weather bureau plans to forecast six months ahead. That's January; much cooler.
