

The new Goodyear Cross-Rib Tread Cord

## A New Tread—a Lower Price Reliable Goodyear Quality

Here is a new Goodyear Cord Tire—a big, sturdy, long-wearing tire—that sells at a price lower than you are asked to pay for many "long discount" tires of unknown value. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for from 20 to 25% less. It has in it the same high-grade long-staple cotton, the same Goodyear patented group-ply construction, the same liberally oversized dimensions. When you buy the 4 1/2-inch size, for example, you get a tire whose actual measurement is nearly 5 inches. Don't confuse this Goodyear Cross-Rib Tread Cord with other popular-price cords which sell at the same price or for slightly more. In many cases, these other cords are made of inferior materials, with short-staple cotton as a foundation. Get the tire that is good enough to carry the Goodyear name, that is built to safeguard the world-wide Goodyear reputation.

## PLANS FOR THE NATIONAL GUARD CAMP AT RANGE

SPECIAL TRAINS WILL CONVEY  
MEMBERS OF GUARD HERE  
ON AUGUST 14TH.

### TWO WEEKS' ENCAMPMENT

Will be One of the Most Interesting  
Features of Summer With the  
Nebraska Soldiers Here.

The final details of the encampment of the Nebraska national guard have been completed and the troops that comprise the 134th infantry and the auxiliary units will begin to entrain at their home stations on August 14th for the two weeks' stay at the Plattsouth rifle range. Agent R. W. Clement of the Burlington has received the announcement of the troop movements starting on August 14th and which will bring the whole of the national guard troops here for the two weeks. Companies from Mitchell, Scottsbluff, Seward, Fairmont, Beatrice, Lincoln, Gering, Hartington, Grand Island and York as well as the battalion from Omaha will come over the Burlington while the Nebraska City and Auburn will be brought here over the Missouri Pacific.

The water pipe lines are being laid to the range and the grounds made so that the troops will find a proper camping place and with all the facilities of bathing and plenty of water for camp purposes. The camp will be one of the greatest of interest to those not familiar with army life and to the ones who did their bit in the army in the World war and will be a good one to keep in practice for any emergency that might call them to the colors.

The city should arrange to see that all possible aid and courtesy is extended the members of the guard while here and their stay in Plattsouth made as pleasant as possible. During the encampment there will be hundreds of visitors here to view the camp and to visit with the members of the guard and witness their working out of the various military problems that are a part of the yearly encampment.

Tom has been a greater part of the time on the tender "Albatross," which is a part of the Pacific fleet and looks after the care of the destroyers of the fleet. He has put in a number of voyages to the Canal Zone as well as to the west coast of South America while in the service.

BIRDS OF FREEDOM

"As we know," commenced Daddy, "the Bald Eagles are the Birds of Freedom. They are the American national birds."

"They live mostly along our Eastern coasts, though they fly over lakes and rivers, as well as coastlines."

"It is because they live everywhere, for one reason, that they are chosen as the American birds."

"For if they were birds of just one little section or one kind of land it would not be nearly so suitable as it is to have birds whose families are willing to have their homes in more than one part of the land."

"The head and neck and tail of the full-grown Bald Eagle is white. And it is not until a Bald Eagle becomes of age that he has these touches."

"The rest of his plumage is brown and black, while his bill and legs are yellow and the iris of his eye is yellow."

"Then, too, there are occasional touches of white to the grown-up Eagle."

"The young Eagles wear brownish-black suits, with spots for decorations. Their beaks are black and their legs are yellow, and the iris of the young Eagle's eye is brown."

"During the second and third year they begin to show more white on the under parts of the tail, but still the tail is of a blackish color."

"It is not until they are three years old that they're really grown-up Bald Eagles, with all the fineries of the Bald Eagles."

"Eagles are mostly to be seen in the spring and summer, but they have no very special time of the year for being around, which makes them nice birds to be chosen for American birds."

"For it would not be so well to have birds that are around one time of the year and not another as our National Bird."

"They can see great distances, and they watch the water in the summer time for dead fish. This is their favorite kind of food, though they will always go for sheep or calves which have been killed."

"They are very, very famous for their sight and, though I have told you this before, I like to tell it to you again."

"For it is so nice to think that the American Bird of Freedom is the bird with the fine eyesight, who can see from afar and not simply the thing nearest his nose, or beak."

"They can see fish three miles away, and when they haven't had good luck with their marketing they will wait to see what Mr. Fishhawk has been getting for his dinner and will take it

"They Sit Up High."

away for him, for they are not very polite in that way."

"They have never been taught any better."

"Sometimes they will take live fish from the water, but not like the Osprey or Red-Shouldered Hawk or Barred Owl do, at any time at all."

"The Eagles cannot capture diving fish as easily as these other birds."

"Ducks can get away from them by diving, especially during the winter-time."

"Eagles scream, like seagulls, and they sit up in high pine trees. It is said that people seek out their nests, which they do not think is nice unless the people merely want to see their homes without doing any harm."

"Sometimes they make noises which sound like little toy dogs barking."

"Mr. Eagle has a high and clear voice, while Mrs. Eagle's voice is hoarse and harsher, and sometimes she can make such strange sounds that if you didn't know you'd say:

"Is Mrs. Eagle crazy? She had never been taught to lower her voice, I suppose."

"But I think it is nice for us to know all we can about our own birds, and so I try to gather every bit of Eagle information I can," ended Daddy.

### RIDDLES

What is the greatest of all riddles? Life; because we must all give it up.

Why can venison never be cheap? Because it is always deer (dear).

When is a regiment like a painter? When it shows its colors.

What letter of the alphabet is necessary to a bootmaker? Z; because it is the last.

Why is a boy with a sore throat like a pony? Because he is a little horse.

### DAY'S STRIKE DEVELOPMENTS

The administration announced that it would support the United States railroad labor board in any emergency measure erected by law for handling the rail strike.

The labor board adhered to its announced hands off policy in connection with the strike and members said no action was contemplated.

Baltimore & Ohio railroad officials and representatives of shopmen in its employ met in an attempt to form a separate agreement.

Executives of southwestern railroads announced that these roads would not restore seniority rights to striking shopmen.

Marital law was declared at Denison, Tex., where infantry companies are assembling.

Interstate commerce commission says emergency exists east of the Mississippi river on railroads as first step by the government toward control of coal distribution.

John L. Lewis, head of the striking miners, declares that the "government's fantastic schemes" to reopen the coal mines had contributed toward a pending coal famine and renews invitations to operators to settle the strike by joint conference.

Kentucky troops are ordered out following alleged threats against non-union men at Fonda.

## PLATTSMOUTH PICNIC IS HELD IN OMAHA TUESDAY

Former Residents of this City, Now  
Living in Omaha, Gather for  
a Day of Enjoyment.

Yesterday at the Fontenelle park in Omaha was held the picnic of the former Plattsouth people residing in Omaha and also a number of the friends from this city who gathered to enjoy the occasion. The beautiful park was an ideal spot for the gathering and some seventy-five of those who once knew Plattsouth as home, observed the day. It was ideal for the picnic from every standpoint and the event will long be remembered by those in attendance as the time was spent in relating the stories of the bygone years in the old town by the river, and the inquiry after the friends of former days, some of whom have roamed to other parts of the world and others who have gone to come no more at the bid of old time.

The picnic had been originated and planned by Mrs. C. A. Richey and Mrs. A. J. Jackson, at their homes in Omaha and getting in touch with the other former Plattsouth people soon had the picnic proposition well under way. Among the former Plattsouth people in attendance were: C. D. Cummins and family, T. F. Wiles and family, Dr. W. B. Elster and wife, J. W. Gamble and wife, G. W. Noble, Arthur Sturgis, wife and family, A. B. Zimmerman and wife, Clyde and Gerald Drew and families, Milton Griffith and wife, Russell and wife, Herman Cline and wife, T. L. Murphy, wife and family, Miss Lillian Murphy, Mrs. Charles Olson, H. B. Gerink, A. J. Jackson, wife and Mrs. A. J. Streight, Carl Humphrey and family, Hon. L. E. White and wife, J. H. Donnelly and wife, Samuel Patterson and wife, Will Murdock and wife, Mrs. C. D. Eades, Ben Davis and wife, C. A. Richey and family, Mrs. Jesse L. Root, Mr. and Mrs. Kuppinger, Mrs. Peter Welch, Mr. and Mrs. Warwick Sanders, Mrs. Edna Shildler and family, C. E. Morgan, Misses Olive Gass and Lucy Arnold.

## "LET'S GO" IS SLOGAN FOR SALES EVENT

TWENTY BUSINESS MEN OF CITY  
UNITE IN STAGING A COMMUNITY CLEARANCE.

### BIGGEST THING EVER OFFERED

Full Details in Friday Night's Journal—Saturday Opening Day of Feast of Bargains.

The community clearance sale that eighteen of the progressive merchants of the city are arranging for the week of July 29th to August 5th, promises to be one of the biggest events of its kind ever held in this part of the state and one that should be taken advantage of to the fullest extent.

This event is to be known as the "Let's Go" sales, although from the merchant's standpoint it might more properly be termed "LET (Go)" for that it what they propose to do, it is equipped with self-starters of the rarest bargains in the line of reasonable merchandise. The merchants are having their bills prepared for the sale and in the center of those bills will be found the self-starters that will open the eyes of the prospective buyers. Among the starters are brooms for 29c, 20c hose for 8c, 15c handkerchiefs for a nickel, Ingersoll watches for 95c, and on Wednesday, August 2nd, there will be a special fresh meat offer that will prove a boon to the farmers who are buying supplies for the threshing days. On this day also there will be a band concert in the evening and the stores will be open until 9 p. m. Other self-starters to be featured are Winchester screwdrivers, 10c, window and wall brushes, 49c, ice cream sundae and sodas, 10c and many other bargains that will make the eyes of the purchasers open with surprise.

It is not alone the "self-starters" that will give the people their full money's worth, but each of the stores will have all of their summer merchandise on the block at prices that cannot fail to move them at once.

This clearance sale is to be a semi-annual event, in July and January, and at which times the merchants of the city will make a real sacrifice of the goods that they have on hand and which will give the public the fullest advantage of the saving in price. There will be no entertainment features aside from the band concert, and every penny saved in this way will go into the bargains that will be offered the public and enable them to buy what they need at prices within the reach of everyone.

Special features will be the offers on farm produce and here it might be remarked that this city has become one of the best chicken markets in the state, as the prices offered each Thursday are 2c higher than the Omaha market and the chickens brought here have come from as far south as Auburn.

Saturday, August 5th, will be Ford day when prizes will be offered to all Ford owners, the prizes being given for the largest number in a car coming the greatest distance, the largest number of ladies in a car, the greatest size of occupants of one car, the largest family, consisting of father, mother and children from out of the city, and the largest family in Plattsouth.

This sale it may be stated does not conflict in any way with the regular monthly Bargain Wednesday sales, which are events of selling merchandise especially purchased for the occasion, but this is the regular lines of merchandise placed on sale.

"Let's Go" sale is get ready to be a winner by taking advantages of the offers made.
