

## Did You Get the Bottom Price, After All?

The man who buys a "long discount" tire usually finds himself troubled by the above question.

Did he pay less for the tire than his neighbor might have paid, or actually did he pay more?

Did he get the bottom price, when all is said and done, or could he perhaps have driven a sharper bargain?

Was the net price really more than he might have had to pay for a tire of established reputation and value?

In the belief that the average motorist prefers a frank and open transaction, we built the new Goodyear Cross-Rib Tread Cord and discounted the "discount" in advance.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

We build it of high-grade long-staple cotton, using the patented Goodyear method of group-ply construction, and sell it at a lower price than you are asked to pay for many "long discount" tires of unknown worth.

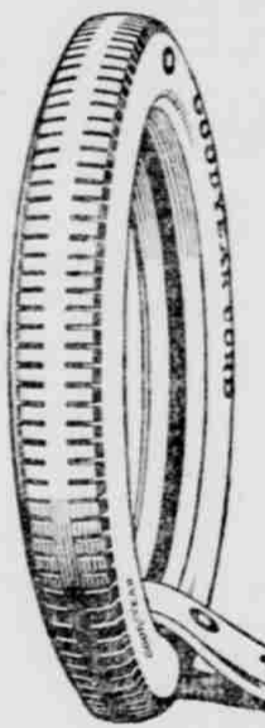

Compare these prices with NET prices you are asked to pay for "long discount" tires

#### CASE NOT DECIDED

The inquest in the death of Mrs. Roba Dewey at Nebraska City which was pending for several days is expected to be wound up in the next few days. The case is being conducted by County Attorney Heinke of Otoe county. The lady it is claimed, died of an operation and so far there

has been no indictment made in the matter and the holding of a physician in the case as was reported in this city is without foundation.  
For any itching skin trouble, piles, eczema, salt rheum, hives, itch, scald head, herpes, scabies, Doan's Ointment is highly recommended. 50c a box at all stores.

#### SEEK THEIR LIBERTY

While the marriage license business has been looking up at the court house the district clerk has been busy docketing the cases of those who would find happiness not in wedded bliss but in freedom from the ties of matrimony.

Ethel E. Hadley, through her attorney, C. E. Martin, has filed application for a decree of divorce from C. D. Hadley. The petitioner states that they were married March 8, 1919, at Nebraska City, and that the defendant has been guilty of desertion and abandonment of the plaintiff.

Another of the cases filed is that of Horace A. Reeve vs. Ella Reeve. In which the plaintiff states in his petition that the defendant has been guilty of cruelty and asks that he be given a decree of divorce. The parties reside in the vicinity of Elmwood and the plaintiff is represented by William Deles Demier of that city.

#### HAS TONSILS REMOVED

This morning, Gerald, the little son of Mr. and Mrs. Troy Shrader, and Urania and Leona Shrader, daughters of Mr. and Mrs. Lester Shrader, of Nebraska City, were operated on by Dr. H. C. Leopold for the removal of their tonsils and as a result of the operation they are feeling much relieved. Dr. H. W. Black assisted Dr. Leopold.

## POWER PLANT AT BURLINGTON SHOPS BEGUN

WORK OF ERECTING NEW \$50,000 BUILDING IS STARTED AT LOCAL SHOPS.

### FIRST WORK DONE YESTERDAY

Piling for Large 165 Foot Stack is Driven to Bed Rock For a Solid Foundation.

The driving of piling for the stack that is being erected at the Burlington shops as the first work on the erection of the new power plant of the railroad company was started yesterday.

The piling was driven to bed rock to make a solid foundation as possible for the 165 foot stack that is going to be erected at once as the first step in the building of the plant.

The contract for the new power plant has been let to the Jones Engineering & Construction Co. of Omaha, and when completed the plant will cost the Burlington the sum of \$50,000. The building will be erected just north of the present boiler house and will be a building strictly modern and fireproof in every way. It will be of steel construction with stone trim and be one of the best power plants on the system on their western lines.

The plant will be equipped with automatic stokers and conveyors that will make the work of running the heating and power system much more convenient and safer for the company and its employees.

In the erection of the new building a portion of the present building material will probably be used as the present boiler house will be torn away when the new structure is placed in service.

It is planned to have the stack completed at once as this is being erected under a sub contract and as much of the building as possible will be completed this fall, altho it is possible that the whole structure may not be placed in service until the first part of next year. The completion of the new plant will depend largely on the amount that the Burlington will be allowed to expend on the improvements for 1922, but will be completed as fast as the appropriations become available.

This will make a pleasing addition to the Burlington shops here and one that will add to the modern equipment of the shop and in line with the other improvements that have been made in the last few years.

### PICK UP CAR OF TOURIST PARTY

Police Find Car Belonging to Topeka, Kan., Men Parked Without License Number.

Last night Officer Alvin Jones discovered a red speedster that had been constructed from the well known universal car, parked on 3rd street near the Sharp machine shop, and which did not have any license number on it.  
The car was taken in charge by the police and this morning the owners, who had spent the night at the Hotel Perkins, were rather surprised to find that the car was missing, when they arose and decided to continue their journey. The owner of the car is H. A. Steel of Topeka, Kansas, who with his friend and companion, W. H. Curry, are traveling through to the Dakota harvest fields.

At the office of the county attorney where they hastened to discover the whereabouts of the car, the two men stated that Mr. Steel had purchased a license in Topeka before leaving there and had requested that the license plate be forwarded to them at Omaha, on their way northward and where they expected to stop for a short time. They stated that on the third time they had been halted on their journey northward as they were stopped twice in the city of Topeka before getting out. Mr. Steel had just bought the car prior to leaving Kansas and gave this as the reason for not having his number on the car.

### CASS CO. FARM BUREAU NOTES

No. 60 Wheat  
Washington county farmers who bought a car of No. 60 wheat last year are well satisfied. This wheat came from the farm of Leslie Wiles, northwest of Weeping Water. On low and rich land the yield is 35 to 40 bushels and it did not lodge. County Agent Olson has just written this information to us.

#### Booster Trip

When? August 30th and September 1st. Where? Cass county. Be sure and watch next week's papers for the routing and time for stops. Purpose is to get acquainted in one part of the county with each other and to visit pure bred herds, poultry farms, modern homes, etc. One-half of the county tured one day and the other half the next trip. We want to take dinner and all eat together at noon and have one good time. Each take lunch basket. Good talks and band music at noon.

#### Canning Demonstration

At the home of Mrs. W. H. Vogt, at Elmwood, tomatoes, corn and apples were canned using the cold pack method. Also the pressure cooker was used demonstrating how time and energy may be saved by its use. Another canning demonstration was given at the home of Mrs. L. R. Upton. Mrs. Upton has a fair pressure cooker and this with the pressure cooker from the Farm Bureau office were used. Twenty-five women were present at these two demonstrations and all were anxious to learn new methods in canning.

#### Short Cuts in Sewing

Eighteen women gathered at the home of Mrs. Henry Younger, Wednesday, August 3rd. The women were very much interested in learning how to make bound buttonholes, sewing machine hemstitching and other short cuts in sewing. The hostess served delicious refreshments.

#### Garment Club at Greenwood

The Garment club met at the home of Mrs. Miller, northwest of Greenwood. This club has eight members with Miss Ethel Hartsook as leaders. The girls brought their sewing bags and a judging contest was held, with the girls as judges. Harriet Miller won first place, Gertrude Brakness second and Elizabeth Dasher third place. This club is doing some fine work and we expect to hear more of them in the near future.

Want Canning Demonstration? Anyone interested in a canning demonstration write the Cass County Farm Bureau at Weeping Water.

### TWO MORE REFUNDS FOR BANK GUARANTY

Decatur Bank Assets Repay \$35,215 and American State Bank Refunds \$165,000.

State bankers have received notice from Secretary Hart of the department of trade and commerce that a second dividend or refund has been forwarded to bankers on account of the Farmers State Bank at Decatur which was closed May 6, 1916. A third refund is also announced on account of the American State bank of Lincoln which was closed July 16. In October, 1916, the guaranty fund was drawn upon to the extent of \$79,651.81, to pay deposits amounting to \$111,061.94. With assets on hand this draft was sufficient to pay deposits.

A total refund of \$35,215.70 has not been made. This is a repayment of 45 per cent of the amount drawn from the guaranty fund. The first refund was made April 23, 1918, being 36 per cent, or \$28,715.55. The second refund was for \$11,500.15. The affairs of this receivership have been closed and this is the final refund to the guaranty fund. Cashier Elliott of the Decatur bank was sentenced to the penitentiary and was later paroled, and then discharged. A third dividend of 10 per cent for the guaranty fund on account of the American State bank of Lincoln makes an aggregate of \$165,000 but Secretary Hart says there is promise of more in the near future. The guaranty fund was originally drawn upon to the extent of \$59,549.25 to pay depositors of this bank.

## TRAINMEN GO OUT BECAUSE OF SOLDIERS

1,300 LEAVE POSTS ON CHICAGO FREIGHT TERMINAL "BELT LINE" TODAY.

### THE BIGGEST SWITCHING LINE

This Road, Outlet of Steel Plants, Handles Food for Hundreds of Eastern Cities.

Chicago, Aug. 9.—The nationwide railroad strike was extended this morning to the "Big Four" operative brotherhoods in the Chicago switching territory, when 1,300 engineers, firemen, conductors and brakemen left their posts on the Elgin, Joliet & Eastern road, in protest against the presence of national guardsmen in the yards of the company.

The Elgin, Joliet & Eastern is the Chicago freight terminal "belt line" used by a number of larger roads for switching and terminal purposes. The line is the principal artery of freight traffic in and out of Chicago.

The decision to strike followed all night parleys between the brotherhood district chiefs and Colonel Nelson Morris, in command of national guard troops here. The union leaders' request that they be withdrawn was refused by Colonel Morris. The union chiefs held that the troops endangered the lives of the operative trainmen.

#### Important Switching Line

The Elgin, Joliet & Eastern is probably the most important switching line in the entire country, and a continued suspension of operation on the system might seriously check heavy freight movements through the Chicago district.

Practically all thru freight from both east and west, and north and south, routed via Chicago, is transferred from the incoming to the outgoing line by the E. J. & E., known as the Chicago outer belt line.

The road is the principal outlet of the steel plants of the South Chicago and Gary districts and handles through switching food supplies for hundreds of eastern cities. The walkout of the "big four" brotherhoods at Joliet is exclusively a local action, ordered by Chairman Charles O'Day of the Joliet division of the unions.

#### Ordered to Notify Rail Heads

At a 9 o'clock meeting last night he was instructed by the men to notify the railroad executives of the impending strike, unless the troops were removed. It has not been learned whether the national officers have approved of the local strike.

Lieutenant Colonel Nelson Morris, in command of the troops, was notified of the action, but told the men that he was without power to make any change in the present situation, as he was under orders of state officials.

## HIGHLY ESTEEMED LADY DIES AT HOME IN NEW YORK

Mrs. Ella Cooper Passed Away in Eastern City Where She Had Been Making Her Home.

The Plattsmouth friends of Mrs. Ella Cooper were sorry indeed yesterday to learn of the death of this estimable lady in New York City where she has for the past few years been making her home with her daughter, Mrs. Mattie Garrans.

Mrs. Cooper was quite well advanced in years and was the last of the members of the family until they removed or were called by death. Mrs. Cooper was a sister of Mrs. L. D. Bennett, Elbert and John Duke, all of whom have preceded her in death. A niece, Mrs. Carrie Wilson, and a nephew, Lloyd Wilson, and a niece, Mrs. F. S. Knapp of Omaha, are left to mourn her death.

In the last years of her residence here Mrs. Cooper was quite active in the work of the public library and many of the Plattsmouth people will recall the pleasant and gracious lady that presided at the desk there and took such a deep interest in the conduct of the library and the comfort of its patrons.

Mrs. Cooper removed from this city in 1907 and has been making her home with relatives since that time, the greater part of the time with her daughter.

#### LOSE IN DOUBLES
