The street paving is progressing.

Remember Bargain day is next Wednesday.

No matter what happens, somebody always knew it would.

Here's to the girls, God bless them, no matter how you dress them.

All the leading democrats of the state will be in Omaha tomorrow.

One serious mistake was making the two hottest months of summer have 31 days each.

Any man who gets up early on Sunday is lazy. He does it so he will have more time to loaf.

If the girl of this period did a little less primping and a little more thinking, she would come out better.

Still, the chap who said skirts were coming down hit in about as well as the chap who said prices were.

New York bootleggers have taken to shooting each other in the warmth of their business competition. But isn't that illegal?

However, the Texas Ku Klux Klan can hardly be said to be on the run just because the Texas republicans have condemned it.

"A man dat's allus thinkin' 'bout his-self," said Uncle Eben, "is sure to imagine he has a heap mo' on his mind dan dar actually is."

Hitchcock, Bryan and Morehead—such a galaxy of men of ability, honesty and superior business qualities is beyond duplication.

Ever notice that if a little woman is married to a big man she is boss and if a big woman is married to a little man she is boss, too?

Plattsmouth generally open up everything free to visitors. And, indeed, she extends the right hand of fellowship to the national guard.

Tomorrow is a big day in Omaha. Thousands of democrats will attend the convention. May harmony prevail throughout the deliberations.

"There is still need of some type of show expressly designed for the tired business woman," we are told. Why, isn't that what movies are for?

The republican organization appears to have won a victory in Ohio, and this will be so heartening that probably the senate will boost the tariff rates up another notch.

Men who laugh at women for letting the fashion dictators lead them around by the nose are now wearing stiff straw hats that are about as comfortable as gravel in a shoe.

What has become of John Duval Dodge, the aspiring bad man of Detroit? It seems months since he cut the last notch in his gunstock and put the last dent in his fender.

One editor wants to know why any woman in Kansas would think of running for office on a light wine and beer platform. Because no man candidate would think of it, probably.

We are about ready to concede that Marilyn and Jack are just the happiest people in the world, if it will spare them the trouble of putting in all winter trying to convince us by argument.

A girl's idea of good business is to put in three or four years preparing for a special line of work and then get married. Well, it isn't a bad thing for most any girl who marries nowadays to know a good trade.

The labor department's bulletins on the cost of living are interesting enough so long as they pertain to far-off localities, but they don't seem to lengthen the average life of a \$5 bill in this vicinity to amount to anything.

The most optimistic view at the London conference is that an agreement may be reached to hold another conference. In other words, European statesmanship is content as long as it can renew its notes instead of paying them.

Health hint: Cross crossings carefully.

This is the day that democrats reign supreme in Omaha.

Fables are fiction stories containing morals which we ignore.

Is the next book to be "The Matrimonial Adventures of Mathilde and Me?"

There is a bright side to this strike. If the trains stop, kinfolks can't visit.

Still, business is good. Leave off the comma and you will see the point of our remark.

It is easy for a good looking girl to catch a man because she has such fine co-operation.

This may be an awful country, but we own more than three-fourths of the world's gold.

A Connecticut judge was arrested for having 129 barrels of cider in his cellar. That was hard.

Little boys who won't tell the truth are liable to become fishermen or golfers or politicians.

That great silence you hear is the small boys of Plattsmouth cheering because school starts soon.

War not only threatens Europe, but a New Jersey man wants all the widows to marry widowers.

Fifteen hundred state troops are encamped east of the Burlington depot. Everybody welcomes them.

Persons who have been betting their money on youth will be inclined to remonstrate with Mathilde for letting her father show superior speed.
