BARROWS DENIES FILING SUIT TO GET SALARY

Lincoln, Aug. 25.—Lieutenant Governor Barrows, who returned to Denver from Sheridan, Wyoming, denied this evening that he had arranged to begin suit against Governor McKelvie for salary he is alleged to have said was due him for time he occupied as acting governor. Mr. Barrows also declined to admit that he proposes to file a claim against the state with the next legislature.

The statute makes no provision for the payment of the lieutenant governor except \$1,600 for each regular session of the legislature and \$100 for each special session of the senate over which he presides.

In a formal statement Lieutenant

Governor Barrows said it was untrue that he had assumed the office of governor of his own volition whenever the governor was out of the city. He said he had never attempted to act as governor unless requested to by Governor McKelvie, or when he should be notified that executive business required his attention.
