**You don't have to coax big and little folks to eat Kellogg's Corn Flakes**

Just as soon as you serve Kellogg's you'll note fussy and faded appetites getting mighty sharp; you'll find big bowls being handed back for "just a few more Kellogg's, mother—they're wonderful!"

And, that'll make you glad, for Kellogg's Corn Flakes are a great speed-start for the day's doings! They make for health and happy digestions! Kellogg's are never leathery or tough, but always joyously crisp!

Kellogg's—the original Corn Flakes—will be a revelation to your taste if you have been eating imitations! For your own enjoyment, do this—compare the big, sunny-brown Kellogg's Corn Flakes with other "corn flakes." Eat some of Kellogg's—then try the imitations! You'll realize then why Kellogg's Corn Flakes are the largest and fastest selling cereal in the whole world!

Do more than ask for "corn flakes." Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package! My, but it's worth while!
