NO. 23

VISIT BELLEVUE TRAINING SCHOOL

Plattsmouth Ladies, Members of the Legion and Auxiliary, Spend Afternoon at Institution

From Thursday's Daily.
Yesterday a party of Plattsmouth ladies, composed of Mesdames J. R. Murphy, A. H. Duxbury, Elmer A. Webb and Fred Lugsch, motored to Bellevue in the car of Mrs. Murphy, and inspected the Bellevue school that the government is conducting for the disabled service men and those who are taking vocational training.

The ladies found there a large number of the service men, a greater part of whom are suffering from physical disabilities caused by the war, engaged in light work to rest their shattered nerves and bodies as well as vocational training in watchmaking, shoe work and numerous other lighter lines of labor being taught.

One of the pleasing spots visited by the ladies was the dining room where the men have their meals served and the visitors found that this is as epic and span as any home and the cleanliness of the rooms was very noticeable, the white fittings of the room being kept spotless.

Prior to the establishment of the Bellevue training center, the American Legion auxiliary of Nebraska started to raise funds for the installation of radio equipment at the government hospital at Colfax, Iowa, which was but recently installed. Now it is announced the Iowa auxiliary will outfit the Bellevue school with similar apparatus, which is very pleasing news to those interested in the success of the work there.

The men who are taking treatment there are very cheerful and come from all over the country, but feel a little lonesome for the associations of the outer world and any visitors who come are accorded a royal welcome as the members of the training force as well as the service men feel grateful for the interest of the public and the opportunity of showing what the school is doing in the way of recuperating the men for their duties in life.

The American Red Cross has charge of the recreation department and on every Saturday evening they hold dances that are open to the visitors who may come, as well as the service men, and the visits of those interested are always very much appreciated.

The men went through a series of calisthenic exercises for the benefit of the Plattsmouth visitors, which were greatly appreciated.

ARRESTED FOR TAKING SUIT CASE FROM FRIEND

Sandy Andrews Gets into More Difficulty—Taken Into Custody Here Last Evening.

From Thursday's Daily.
Last night Officer Alvin Jones placed Sandy Andrews under arrest charged with having taken a suit case belonging to Don Overbay from the home of Mr. Overbay in Omaha a few days ago.

Officer Jones recovered the suit case, but the clothing that was supposed to be in it was missing and was disposed of in Omaha, according to the theory of the police.

The young man was lodged in the city bastille to await the arrival of the Omaha authorities to convey him back to the metropolis to face the charge preferred against him.

BOOZE BRINGS FINE

From Thursday's Daily.
This morning Joseph Bergman, who claims to hail from the far off state of Ohio, and who is now employed in the Burlington shops, was a caller at the temple of justice of Judge William Weber to answer to the charge of being found in a state of intoxication.

Officer Jones apprehended the man last night when he was suffering from the effects of a large cargo of liquor that he claims to have procured in Omaha and which had the effect of making him a very sick man as the interior of the city jail testified this morning.

Mr. Bergman was assessed a fine of \$20 and costs and was released this noon when the necessary funds were turned over to the court to satisfy the amount of the fine and costs.

ENTERTAIN FOR FALL BRIDE.

From Thursday's Daily.
Yesterday afternoon Mrs. Christine Coughlin and Mrs. Waldemar C. Soennichsen entertained very pleasantly some twenty-five friends in honor of Mrs. Henry G. Soennichsen, one of the brides of the fall season. The rooms were very tastefully decorated with the bright fall flowers that added a pleasing touch to the scene. The afternoon was spent in sewing and visiting and at a suitable hour dainty refreshments were served by the hostesses, assisted by Mrs. W. E. Rosencrans.

VISITING RELATIVES HERE

From Thursday's Daily.
Jacob H. Roudsbush, and wife of Oshkosh, Nebraska, are here enjoying a short visit at the home of Mr. and Mrs. Frank E. Schlater and with other relatives and friends. Mr. Roudsbush and wife have been at Des Moines, Iowa, attending the national W. A. R. encampment and stopped off on their homeward trip for a visit. Mr. Roudsbush is grandfather of Connie Schlater, now democratic candidate for county clerk of Garden county, and who was a resident here for a number of years ago.

Mrs. Frank Schlater and daughter, Miss Mildred, together with Mrs. Roudsbush were visitors in Omaha today for a few hours' visit.

CITY HAS DAMAGE SUIT FOR \$1,000 ON ITS HANDS

Interpleading Subterfuge Permits Filing Case in Omaha Altho Accident Occurred Here

The city of Plattsmouth has been made a defendant in a damage suit for \$1,000, which has been filed in the municipal court at Omaha by Grace L. Berger. Interpleaded with the city as a defendant is Mrs. Flora Nelson, of Omaha.

This case is the outgrowth of the accident at 12th and Elm streets in this city on the afternoon of September 4th, when the car driven by Mrs. Nelson went into the ditch on the west side of 12th street.

The accident occurred just north of the Elm street crossing, where the car was making the turn onto 12th street and instead of keeping in the road the car had gone on over the intersection into the ditch, a depth of some seven feet and was badly damaged. At the time of the accident Mrs. Nelson, the owner of the car, was driving.

The plaintiff is represented in the action by her father, Joseph O. Berger, an attorney of Omaha. At the office of City Attorney C. A. Rawls there was no copy of the petition of the plaintiff in the case, the only notice being the summons issued for the city officials representing the municipality. The action undoubtedly is one of personal damage. By including Mrs. Nelson in the suit it was possible to bring the action in Douglas county, although the accident occurred in this city.

HAS AUTO ACCIDENT

From Thursday's Daily.
A small auto accident occurred this morning near the intersection of Fifth and Main street which resulted in the auto truck of J. F. Warga being somewhat battered up by the collision with the truck used in delivering ice. Mr. Warga was coming from the postoffice and was traveling south on Fifth street while the ice truck was standing near the Martin street drink parlor where they had been delivering ice. As the auto of Mr. Warga approached the ice truck also started out and took up a great deal of the street in getting turned around and while Mr. Warga crowded his car over as far as possible to avoid a collision the ice truck crashed into his vehicle and the result was that the windshield was broken and one of the fenders on the Warga car bent. With Mr. Warga at the time of the accident was his wife, and while Mrs. Warga was sitting on the side of the auto that was struck she escaped without injury.

The accident was as a whole a very fortunate one and all concerned feel well pleased that it came out without serious result beyond the slight damage to the cars.

WILL ACT AS NONPARTISAN LEAGUE ORGANIZER

C. E. Whittaker, who has been out on the strike at the local shops, has decided in the future to devote his efforts to other lines than railroad work and has accepted a position as organizer for the Nonpartisan league in which he has been quite active for the last few years.

Mr. Whittaker has devoted much time and thought to the work of the Nonpartisan league and should be competent to carry the message to the residents of the state. He has not as yet fully decided as to whether he will remain here or remove to Lincoln to be nearer the headquarters of the league.

TAKING NURSE TRAINING

Miss Grace Beeson of this city, who last year was one of the teachers of the public schools has given up her school work to enter the University hospital to take nurse training, feeling that the opportunity of doing for the benefit of mankind was greater in this field of work. Miss Beeson accompanied by Miss Helen Erickson, another of the students at the hospital, was here yesterday for a visit with home folks.

The most exquisite line of birthday and gift cards to be found anywhere! At Journal office.

CITY COUNCIL MEETS IN SPECIAL SESSION

Matter of Change in Washington Avenue Sewer Comes Up—Size is Increased.

From Thursday's Daily.
The city councilmen with the exception of Councilman Vroman of the Fifth ward, assembled last night at the city hall to consider the proposition of making the change in the size of the Washington avenue sewer that had been talked over at the meeting Monday evening and the councilmen were still of the opinion that the change recommended by the engineers should be acted upon favorably.

City Attorney C. A. Rawls presented a written opinion to the council that they had the power to make a change in the dimensions of the sewer without the necessity of re-advertising the bids for the same and this opinion cleared the way for the action of the council.

Councilman Bestor, chairman of the finance committee, called the attention to the fact that the change from a four foot to a five foot sewer would make the cost reach the sum of \$6,944.15, whereas the appropriation and levy for the construction of the sewer would only produce the sum of \$4,500, and the general fund at this time would not allow any transfer.

After some discussion it was decided on motion of Councilman Bestor that the sewer be constructed as far as the funds would permit, the five foot pipe being used and which will be so constructed as to eliminate the present bridges on 10th street and on Locust street, leaving a space that will have to be cared for later.

On motion of Councilman McCarty the city was authorized to purchase the four foot pipe that has already been constructed for use on the sewer and store the same for future use or until it can be disposed of by the city to advantage. The price paid for the four foot pipe was \$5.50 per foot, the same price at which it was furnished the contractor.

MORE TENNIS MATCHES ARE BEING PLAYED OFF

Doubles Narrowing Down to Championship Match—Many Surprises in Results.

From Thursday's Daily.
Several more of the matches in the city doubles tournament have been played and the results of the games have been somewhat surprising, upsetting much of the dope that had been handed out relative to the outcome of the games.

Last evening George Petring and R. G. Campbell laid in Dr. R. P. Westover and Leslie Niel by the score of 2-6, 6-3, 6-2. Minute after minute, day after day, on the average, this appalling pace keeps up, to a grand yearly total of \$485,000,000.

That, at least, was the record in 1921. What the showing will be this year, and in the years to come depends, in large measure, on you. Ninety per cent of all fires are preventable, for they are due to carelessness. Take a look in your cellar, your attic, that closet. Clear out the rubbish—the old stuff stored away because "maybe some day we'll find a use for it." Many fires about the house are born in trash piles.

While insurance marks the difference between protection and destruction, every American home has its treasured possessions whose worth cannot be computed in terms of money and can never be replaced.

A minute's thought now may save the patient accumulation of a lifetime from the ravages of fire. After all, it's chiefly a matter of protecting your own dwelling and those whose presence there makes it home.

Isn't it worth a minute to you? "GOD-FORSAKEN SYSTEM OF EDUCATION" IN UNITED STATES, SAYS CATHOLIC

Washington, Sept. 28.—"Divorce, birth control and a God-forsaken system of education" were pointed to as paths leading to national dishonor by Bishop Schwertner of Wichita, Kas., in an opening sermon today before the national council of Catholic men. Describing the home, the school and the church as the three supports of civilization, Bishop Schwertner said divorce and birth control weakened both the school and the home. The deity, the bishop said, had been forgotten in the schools of the nation for two generations, with the result, he added, that statistics showed fifty per cent of the people professed no religion.

Have you noticed that it the stores that advertise which are always filled with buyers?

REMOVE TO OMAHA

From Thursday's Daily.
W. L. Gilmore and family, who have for several years past been making their home in this city, where Mr. Gilmore was an employe of L. C. Sharp, at the machine shop, as bookkeeper, have moved back to Omaha, where they resided prior to coming to this city. Mr. Gilmore is an old boyhood resident of this city and the many friends here regret very much to learn that they have decided to make their home elsewhere.

GIVE BIRTHDAY DANCING PARTY

Mr. and Mrs. Adam Stoehr West of City Entertain at Dancing Party Last Saturday.

The attractive country home of Mr. and Mrs. Adam Stoehr in the vicinity of Cedar Creek was the scene of a very pleasant gathering on last Saturday evening in honor of the eighteenth birthday anniversary of their daughter, Miss Mildred. The anniversary was not out until September 25th but it was decided to have the occasion observed on Saturday to allow all the friends to attend.

There were some ninety-four in attendance and the occasion was one that will long be very delightfully remembered by all those fortunate enough to be there.

The evening was spent in dancing, the music being furnished by the father of the guest of honor with the violin and Mrs. Louis Born, an aunt, at the piano, and to this the jolly party danced to their hearts' content. In honor of the occasion, Miss Mildred received a large number of very beautiful gifts that she will treasure as remembrances of the old friends. There was a very delicious luncheon served at 11:30 at the home going hour to which all did ample justice.

Those in attendance were: Messrs. E. J. Medsker, Francis Busche, Pat Lip Born, Henry Born and family, Louis Born and family, Will Hinz and family, Will Meisinger and family, T. E. Todd and family, Grover Parriott and family, Philip Kehne, Henry Nolting, Fred Kehne, Jr., John Meisinger, Louis Baumgart, Elmer Chamberlain, Chris True, Walter and Florence Fornoff, Ina Elmer, Otto and Ruben Meisinger, Alvin and Raymond Stull, Carl and Helen Meisinger, Edgar, Lester, Victor and Verner Meisinger, Roy, Elizabeth and Elmer Tschirren, Herman Hennings, Louis Baumgart, Elmer Chamberlain, Chris True, Walter and Florence Fornoff, Ina Elmer, Elmer, Clifford, Carl and Verner Stoehr, Helen Hill, Adelia Tritsch, Carl Roessier, Henry Hyde, Johnnie Kaffenberger, Elmer Tritsch, Sam Rhoden.

JUST ONE MINUTE!

You can read this in one minute. By the time you reach the last line, property worth \$923 will have been destroyed by fire somewhere in the United States.

Minute after minute, day after day, on the average, this appalling pace keeps up, to a grand yearly total of \$485,000,000.

That, at least, was the record in 1921. What the showing will be this year, and in the years to come depends, in large measure, on you. Ninety per cent of all fires are preventable, for they are due to carelessness.

Take a look in your cellar, your attic, that closet. Clear out the rubbish—the old stuff stored away because "maybe some day we'll find a use for it." Many fires about the house are born in trash piles.

While insurance marks the difference between protection and destruction, every American home has its treasured possessions whose worth cannot be computed in terms of money and can never be replaced.

A minute's thought now may save the patient accumulation of a lifetime from the ravages of fire. After all, it's chiefly a matter of protecting your own dwelling and those whose presence there makes it home.

Isn't it worth a minute to you? "GOD-FORSAKEN SYSTEM OF EDUCATION" IN UNITED STATES, SAYS CATHOLIC

Washington, Sept. 28.—"Divorce, birth control and a God-forsaken system of education" were pointed to as paths leading to national dishonor by Bishop Schwertner of Wichita, Kas., in an opening sermon today before the national council of Catholic men. Describing the home, the school and the church as the three supports of civilization, Bishop Schwertner said divorce and birth control weakened both the school and the home. DEATH OF MISS STELLA GOODING THIS MORNING

Passed Away at Home in West Part of City at 5:30 this Morning After a Long Illness.

From Friday's Daily.
This morning at 5:30 at the family home on West Granite street occurred the death of Miss Stella Gooding, who has been in very critical condition for the past few weeks. For the past week the patient has been gradually growing weaker, suffering from a general breakdown and while at times her condition would encourage the family and friends it was only a momentary gain that left the patient in even more serious condition.

Stella M. Gooding was born in Dayton, Ia., June 26, 1888, and was a daughter of Mr. and Mrs. S. S. Gooding, the family moving to Plattsmouth a few years later where they have since resided for the past twenty-four years. In the past few years Miss Gooding has been spending the summer months in Wyoming on the family homestead there and seemed much benefited by the life in the mountain country but following her return home several weeks ago she has been gradually failing. At the age of fifteen years the deceased was united with the Christian church in which faith she passed away.

To mourn the passing of this highly esteemed lady there remain the aged parents, Mr. and Mrs. S. S. Gooding, and one brother, Everett Gooding, all of whom reside in this city.

The funeral services will be held at the home Sunday afternoon at 2:30 and the interment at the Oak Hill cemetery west of the city.

LEGION AUXILIARY HAS VERY PLEASANT MEETING

Reports of the Delegates to York Convention Received—Plans Made for Armistice Day.

From Friday's Daily.
The American Legion Auxiliary met yesterday afternoon at the Legion rooms with a pleasing number of the ladies in attendance and to enjoy the hospitality that had been provided for them by the hostesses of the occasion, Mesdames August Peterson, James Rebal, and Herman Tiekler. The greater part of the afternoon was devoted to the reports of the delegates to the York convention, Mesdames Fred Sydebotham and F. R. Gobelman, who spoke of the splendid manner in which they had been entertained at the state meeting and the various matters that had come up for discussion at the convention.

The ladies also discussed plans for the observance of Armistice day in the city and will co-operate with the Legion post in case that any celebration of the day is carried out.

At a suitable hour the hostesses served very dainty refreshments which were very much enjoyed by all of the members.

TOO EARLY TO LAUNCH BOOM

Henry Ford Not Yet in Presidential Running—Movement to Endorse Him Fails.

Bay City, Mich., Sept. 28.—A movement to endorse Henry Ford as a presidential candidate in 1924 failed at the democratic state convention here today, when the resolutions committee decided such action would be "premature and too far in advance of the election." The proposal was sponsored by the delegation from Adrian, which included S. W. Raymond, a brother-in-law of the Detroit manufacturer, and precipitated a fight in the resolutions committee.

Democratic leaders, following action of the committee, declared the possibility of the Ford resolution being introduced on the floor of the convention was "exceedingly remote."

It was understood the committee decided to withhold any endorsement of Ford as a presidential candidate at least until the democratic convention next spring.

GASOLINE AND HOOTCH

Take one reckless, natural born fool; two or three drinks of bad liquor; a fast, high powered motor car. Soak the fool well in the liquor, place in the car and let him go. After due time remove wreckage, place in black, satin-lined box and garnish with flowers.—Pure Oil News.

Although Journal want-ads cost but little the results they bring are wonderful. Try them.

LOCATES AT RALSTON

Dr. P. T. Campbell, who has since his graduation from Creighton medical school, been engaged in hospital work at Salt Lake and Wichita, Kansas, has decided to embark on the active practice of his profession and accordingly located at Ralston, where he will have his offices opened next week. Dr. Campbell is a bright, young medical man and should find an abundant success in the practice of medicine in the Omaha suburb. The doctor is a graduate of Plattsmouth high school and has a host of friends here who are very much interested in his success.

ISRAEL PEARLMAN WILLS \$8,000 TO CHARITY

Former Plattsmouth Man Leaves Large Sum to Charitable Institutions.

From Friday's Daily.
Many years ago, in fact so long ago that only the oldest residents of the city can recall, Israel Pearlman came to Plattsmouth a young man and embarked in business that gradually grew until at the time of his leaving here some fifteen years ago, he possessed a fine store and a very comfortable fortune. Yesterday in Omaha the will of Mr. Pearlman was read and in it the deceased donated to two of the charitable institutions of the metropolis the sum of \$8,000 and also left \$600 to the two Jewish synagogues in that city. The remainder of the \$35,000 estate is left to the widow and three children of the deceased.

Mr. Pearlman was always a man whose heart was responsive to those to whom he had formed an attachment and his good work among those of his own people has been much in the last few years. Since leaving this city he has by careful investments added to his estate so that he leaves a neat sum for the family as well as to the societies that he has designated.

SHOWING IMPROVEMENT

The many friends of Max Vallery will be pleased to learn that he is doing very nicely at the St. Joseph hospital in Omaha where he was operated on Monday for a severe case of appendicitis. Mr. Vallery has come through the operation in first class shape and his constant improvement is very gratifying to the attending surgeons and the members of the family. Mr. C. F. Vallery was at Omaha yesterday and spent a few hours with his son.

FINE BABY GIRL

From Friday's Daily.
The home of Mr. and Mrs. J. C. Peterson was gladdened this morning by the arrival of a fine little nine pound daughter, who has been christened Shirley Cleone. The mother and little one are doing nicely and Charley is as happy as a proud father can be and the event has brought much happiness to the little sister as well.

Blank books! Yes you can get of all kinds.—The Journal.

NOW AT HOT SPRINGS

The Journal has received a letter from N. H. Isbell, one of the old residents of the city, and who is now at Hot Springs, Arkansas. Mr. Isbell states that he is now taking treatment there and finding much benefit from the baths and waters of the celebrated southern health resort. He will probably remain there for some time as he is experiencing much relief from the course of treatment.

No Need of Argument

No trustworthy merchant, firm of business man will deliberately mail you a bill which has already been paid.

But mistakes will occur and, unless they can be corrected at once, often lead to unpleasantness and annoyance.

You need never have disputes over bills if you can say "You endorsed my check dated—"
