Vernor Lundberg, the electrician, has been busy during a portion of this week in rewiring and changing the lights at the jewelry store, and now Mr. Kendle has the lighting proposition on hand, so as to have the light where he wants it, and can put it to the best advantage.

F. R. Cunningham and Delbert and Chalmers Switzer are conducting an elsewhere on this page.

saw mill for the Sheldon Manufacturing company, and are kept pretty busy with the work which has been brought in for them to do. They are putting out an excellent quality of native lumber and lots of it during the course of a day's work.

Vilas Sheldon and Raymond Pollard were in attendance at the foot ball game at Lincoln last Saturday, when the South Dakota team met defeat at the hands of the Nebraska university team. The gentlemen, after having watched the fast game which the Nebraska boys put up, had a much higher idea of our own boys than before.

Parents and Teachers Meeting

There was a meeting of the parents' and teachers' association last Monday evening at the auditorium, at which a number of problems affecting the teachers, the students and the parents were discussed with the idea in mind of getting the best service from the public schools, which the co-operation of the various parties affected would permit. These meetings are conducive to the best success of the public school system.

Returns from Trip in East

A. C. Anderson, secretary of the Sheldon Manufacturing company, who has been in the east for the past six weeks and during his trip visited many points in Pennsylvania, Massachusetts and New York, returned home last Saturday evening and reports a very successful trip for the company and has to say that the east is ahead of the west just at this time in the matter of business, and that building as well as business in commercial lines is very active. He found many people much in favor with the Sheldon mixers and while away established a number of branches where the output of the Nehawka factory will be handled.

Overcame the Difficulties

Last Saturday while the road grader and maintainer which works from Union, was working along "O" street, a crew of graders with teams were also working along a place where the grade was narrow, and they were trying to widen it and by the instructions of Commissioner Harris, the dirt was piled in the road, to be shoved off when the road maintainer returned that way.

However, the tractor went wrong, and the ones in charge worked until dark and had not gotten the machine working. Mr. Harris returning saw the condition of the road, and knowing of the heavy traffic along the highway hastened to his home to get lanterns for warning of the condition of the road. When he returned, which was but a few moments later, he found a car had climbed the mountain of dirt and gotten over, but had come within a very narrow margin of going down a 20 foot embankment. The force was kept at work on the tractor and it gotten in working condition, and work was continued until 11 o'clock in the night before the road was in condition to leave. Mr. Harris found that "The best laid plans of mice and men oft gang a glee."

Has a Most Pleasant Time

Friday of last week at the Methodist church occurred the reception of the minister and the welcoming and making at home of the members of the teaching force of the Nehawka schools, at which a large number of the people of the city were in attendance. Mrs. E. M. Pollard, in a most able address welcomed both the pastor and his good wife and the teachers, bringing to the minds of the people of the community the great influence which the church and schools have upon the development of everyone and directing the better characteristics of all the citizens for the common good. The address was one well worthy of the lady who made it, and was received in the spirit in which it was delivered and was the watchword for the entire program of the evening. The program which followed was one interspersed with readings and music and was made more enjoyable by the delicious ice cream and cake which the ladies served.

Appropriated the Coils

A few days since, while a couple of the sons of Henry P. Sturm were returning from near Union, they had the misfortune to break the axle in their universal car and while going for assistance to get the machine repaired, some miscreant appropriated the coils from their car as it sat in the highway. This was during the day time and with every one passing along the road. Some one had wanted coils pretty badly, to take the risk of being discovered at their theft. However, they had better be very careful or they are liable to get caught at their work and should the owner of the car get his hands on them, they probably would not need coils for some time, as they would be in the toils.

Change in Nehawka Bank

Last week Mr. D. C. West purchased the stock of F. A. Boedeker in the Nehawka Bank, and will operate the bank himself in the future. Frank Boedeker, who has been connected with the institution for the past sixteen years, will remain during this week and assist in the work, while Mr. West has something outside to look after. Then he will be a liberty to look after whatever he may have. However, he will remain in Nehawka until the closing of the school year next spring, when with the family they will spend some time in the west.

The Nehawka Bank, which is one of the soundest institutions in the state, is doing an excellent business and has during the troublous times pursued a conservative course along the highway to success, while some chose to follow the path to ultimate failure. As a result its finances are now in the best of condition, as will be seen by noting the official statement issued in response to the September 30th call of the State Bureau of Banking and which will be found elsewhere on this page.

Entertained Their Friends

Last Sunday, Mr. and Mrs. Chas. Hemphill entertained the following at their home, the father, mother, brother and nephew of Mrs. Hemphill, Ben F. Hoback and wife, Oscar Hoback and son Glenn, W. S. Hoback and daughter Lela, George Hemphill, wife and son Eugene, Edd Scharp, wife and some Chester and Hoyt, and Roy Bollman, there being sixteen in the party in all. One of the big features of the day was the sumptuous dinner and supper that were served, the guests all declaring as they left that they would be back soon to visit this hospitable home again.

Nehawka School Notes

Dr. Thomas has nearly completed the examination of the school children.

The reception to the teachers will be held in the Methodist church on Friday evening.

The teachers attended the Ladies Aid meeting at the home of Mrs. R. C. Pollard last Wednesday.

Mr. Burby has received word that the new seats ordered have been shipped. They should be here before long.

The Sophomores are planning their convocation program for next week. The Juniors have charge of convocation this week.

The Sophomores elected class officers at the meeting last week, those chosen being: Hazel Carper, president; Marion Stone, vice president, and Florence Behrns, secretary-treasurer. The class sponsor is Miss Owen.

The Parent-Teachers' association will meet the first time this year at the High school Monday evening. Everyone is urged to be present and aid in making this year a banner one for this new organization. Boost for your school.

The schools will be closed Friday, October 13th, all day, to allow the teachers to attend the county institute which is given this year in conjunction with the meetings of the District Teachers' association in Omaha on Thursday and Friday.
