Homes About Completed

Both families are congratulated on the nice appointed homes which it is their good fortune to soon enjoy.

Many of our modern decorations and games come from centuries of superstition.

The one season of the year that is a reminder of the mysteries and superstition of the past ages is that of Hallowe'en with its strange combination of the observance of the early Christian holidays and the pagan superstitions and which to the present day is made an important part of the observance of this occasion on October 31st.

To celebrate the passing of Hallowe'en and the season preceding the present day residents of the United States have called all of the mystic emblems and devices to aid in making the occasion one of marked interest.

The black cats, witches and goblins have become very popular in the decorations for Hallowe'en and in the last years masks and caps in keeping with the strange weird ceremonies have come into use. To assist the host or hostess in the decorations for the Hallowe'en party the Journal has arranged for a large and very handsome stock of the newest designs in caps, masks, paper streamers in orange and black, fancy crepe paper in the designs of the season and special favor holders for the Hallowe'en luncheon as well as the ornamental napkins bearing the proper designs. There can also be found here the pumpkin lanterns and the cut-out witches and black cats that are so popular in the decorations of the season.

Remember when you are arranging for the Hallowe'en party to call and look over the stock here to secure the best and the latest that the market affords in the fancy designs in the paper lines.

How Better Than Pills? The question has been asked, "In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills?" Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels, but improve the appetite and strengthen the digestion. Weyrich & Hadraba.

W. J. Bryan's speech at the Parmele theatre Thursday afternoon was one that went home to the auditors. It was listened to by one of the finest audiences that ever sat in the Parmele. It was just such an audience as he is receiving all over the state. He will remain in Nebraska all next week.

LET 'EM AT 'EM "I want Lamson, I want Lamson!" is the cry of Andy Schneider, Jack Lewis' heavyweight master. And it appears as though Schneider's wish is to be granted, if he goes to California as he is planning to do. The Walthill Indian has been going good out on the coast and has won his last two mills by knockouts.

When Jack Lewis mentioned California to Andy the other day, Andy was not very much affected, but he pricked up his ears when he heard of Lamson's presence on the coast and right then and there concluded that California is the fistic mecca.

Lewis says that the California promoters are trying to get Floyd Johnson, Iowa sensation, as Andy's opponent in a November bout. The husky Iowa boxer recently hung a kavo on Bob Martin, A. E. Champ.—Sandy Griswold in World-Herald.

ASKS FOR DIVORCE

From Saturday's Daily. This morning a petition was filed in the district court in which Katherine Tams asks that the ties of matrimony with William G. The petition states that the parties were married at Omaha on February 26, 1917, and alleges as the cause of action extreme cruelty. A. G. Coie appears for the plaintiff in this action.

The street work is coming to a head and will be completed about the first of November. So say those who claim to know.
