### Membership Gain is the Object for Activities Arranged for the Coming Winter.

At a meeting of the state executive committee of the Nebraska farm bureau federation held at Lincoln with some thirty county farm bureau presidents, plans for a fall and winter membership campaign were completed. Organization work will be conducted along lines followed in membership work by the bureau when it first started organization work in the fall of 1929, by carrying on intensive membership work in one or two counties at a time.

Work will start in Scottsbluff county on the week of October 24, to be followed the next week with campaigns in Morrill and Douglas counties.

According to farm bureau officials very little organization work has been done since the fall and winter of 1929 due to the depressed financial condition and also to other farm organization work that was being carried on during that time. However, no farm organization can succeed unless it has members and also has their financial support," declared H. D. Lutz, secretary of the Nebraska farm bureau federation, "and while the organization work which was done nearly two years ago was phenomenal so far as the securing of new members was concerned, we realize that a certain amount of organization work must be done nearly all the time."

"Farmers generally," he said, "are fully informed as to the many things that the state and federal farm bureau has done for them, and in this membership campaign we intend to tell them of some of these things and I firmly believe that with a clear understanding of these accomplishments that our coming campaign will be as successful as that conducted nearly two years ago."

### CASS CO. FARM BUREAU NOTES

#### Girls' Club Organize

The girls of the fifth, sixth, seventh and eighth grades of the Eagle consolidated school met Tuesday morning and organized a clothing club. Thirty girls and one boy enrolled. They will take up clothing course No. 1. Miss Benson, home economics instructor of the Eagle school, will be leader. This is the largest club ever started in Cass county and we certainly wish them success.

Wednesday, Oct. 11, the school in district 80, Mt. Pleasant, organized a hot lunch club. Sixteen children were enrolled. Miss Duckworth will be the local leader. The boys and girls are most enthusiastic and can hardly wait to get started in the work.

Any school interested in starting the hot lunch, write the Farm Bureau office at Weeping Water.

#### How to Use Sewing Machine

Twenty-five women met at the M. E. church at Alto Tuesday afternoon. The women brought their sewing machine attachments and were shown how to use them. Many of the women had never used any of the attachments and were glad of the opportunity of learning.

#### Dress Construction

Twenty-seven women met at the home of Mrs. John B. Kafenberg near Plattsmouth, Oct. 11. At this meeting the ladies took measurements needed for drafting a pattern. The women were taught how to draft a pattern and at the next meeting they will cut, fit and make a house dress. This meeting will be with Mrs. Louie Frederick, Tuesday, Oct. 24. An all day meeting has been planned. Everybody come.

#### Terracing Hillside

At the farm of Ray Wiles, 3 miles north and east of Weeping Water, Oct. 19 and 20, Mr. Heintzen, agricultural engineer, and the Cass County Farm Bureau will assist Mr. Wiles in building the terraces. The purpose of the terraces is to prevent washing away of soil on the hillside by carrying the run-off water along the hillside with a gradual slope. We invite visitors to come during the building of the terraces.

#### Thumping in Hogs

The dry weather seems to be causing many farmers trouble with their hogs. Be sure that their sleeping quarters are as free from dust as possible. Also that they have plenty of fresh water.

#### Dr. Hedger in County

Dr. Hedger of Chicago held two interesting and successful meetings at Elmwood and Nehawka, Oct. 13. At Nehawka about 150 were in attendance and all showed a splendid interest in the work. The physical examination of the healthy child as contrasted with the underweight, made a very good demonstration. At Elmwood over 80 men, women and children were present. At 7 o'clock a round table discussion was conducted. Every woman was ready with a question and Dr. Hedger answered them in her usual clear cut manner. The lecture was given at 8 o'clock and held the audience to the last minute. Dr. Hedger's work is put on in Cass county through the woman's clubs and the Cass County Farm Bureau. We expect to have more of this health work in the future.

### RAILROADS OF THE COUNTRY PREPARE TO SPEND MILLIONS

Cincinnati, Oct. 17.—That the railroads of the country will expend millions of dollars for new yards, track and warehouses within the next five years, was the opinion expressed today by C. R. Knowles of Chicago, president of the American railway bridge and building association, in a national convention address here. "While it is usual for the railroads to spend millions of dollars annually for repairs and improvements the amount that will be spent within the next five years will be greatest in history," said Mr. Knowles.

### NEW YORK BANK CLEARINGS REACH A GIGANTIC FIGURE

New York, Oct. 17.—New York bank clearings today reached the gigantic total of \$1,200,000,000, a new high mark for the year and an increase of \$435,300,000 over the same day a year ago.

This turnover is due to heavy governmental operations on Monday in the money market in connection with the sale of new bonds, maturing of certificates of indebtedness, payment of fourth liberty loan interest and payment by Great Britain of \$50,000,000 on account of interest on its war debt.

The record high for New York clearings was \$1,423,063,788 on January 3, 1921.
