Prepared in the Interest of the People of Murray and Surrounding Vicinity Especially for the Journal Readers

If any of the readers of the Journal know of any social events or items of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news items.—Editor

Building for the Future!

A bank works for you night and day, week after week, adding cents to your dollars. Little by little the amounts grow till each addition is a respectable sum.

Where does the gain come from? Not from your pocket. Nor from ours. It is the result of production. Money placed in a bank is given an opportunity to work and to produce.

Thus a bank builds your wealth. Start with a small deposit if you will. Add to it when you can—regularly if you can do so. It will not be long till you can fairly see it grow.

Murray State Bank

Mrs. E. S. Tutt was a visitor with friends in Plattsmouth last Tuesday, making the trip in their auto.

The Richter brothers were hauling clover last Tuesday at the homes of Earl Lancaster and Callie Rhoden.

Joseph Cook was a visitor in Omaha, where he was visiting with his children for a short time this week.

T. J. Brendel was called to Plattsmouth last Tuesday to look after some business matters for the day.

J. V. Pitman was a satisfied purchaser of some of the fine stock at the Schaeffer brothers sale last Tuesday.

E. H. Norris and son, from near Avoca were buying some fine hogs at the Schaeffer brothers hog sale last Tuesday.

Messrs. Herman Wohlforth and Oscar Nallor were assisting in the work at the Schaeffer hog sale on last Tuesday.

Forest Ruby was trucking a load of porkers for his father from Plattsmouth to the Nebraska City market last Tuesday.

Luther Meade of near Union was a visitor in Murray last Tuesday and was looking after some business matters while there.

Frank Schlichtemeier shipped a car of sheep last Tuesday to the Omaha market, which he has been feeding for some time past.

J. W. Sutton was a visitor in Murray last Tuesday, coming over to look after some business matters from his farm near Kenosha.

J. S. Pitman and H. E. Warden of near Union were making some good purchases at the Schaeffer brothers Duroc hog sale last Tuesday.

Joseph Cook has been troubled with a number of Job's comforters—boils—which have been making life something but a streak of joy.

Herman Gansmer received a car load of cattle from South Omaha last week, which he is feeding on his farm northwest of Murray.

W. G. Boedeker of the Murray State Bank was a visitor in Plattsmouth and Omaha last Tuesday, having business to look after at both places.

George Wallinger and Nick Volk, from near Greenwood, were in attendance at the hog sale of the Schaeffer brothers west of town last Tuesday.

W. E. Jenkins and M. A. Root were busy during the past week, putting a roof on the house where Mr. Glen Valley lives near old Eight Mile Grove.

Henry Knabe and Ernest Tihen of near Nehawka, were looking after some business matters in Murray last Monday and were callers on Dr. G. H. Gilmore.

Wm. Spangler of Weeping Water and folks were visiting for a short time last Tuesday at Murray, and also were callers on friends in the county seat.

August Meyers, of Weeping Water, was looking after some business matters in Murray last Tuesday evening, driving over in his auto and bringing some men with him.

Will Richardson, Jr., a salesman for the Plattsmouth Motor company, of Plattsmouth, was a visitor in Murray last Tuesday, looking after some matters of business for a short time.

G. M. Minford was spending Sunday at their home in Omaha and returned on Tuesday to look after the business here, having had Mr. Wilber in charge of the stock during his absence.

Mr. Wm. Lee, a student in the Cotner university at Bethany, was a visitor in Murray last Sunday, accompanying the Rev. W. M. Gooddell, the minister of the Christian church, on his fortnightly trip to Murray.

J. R. C. Gregory, N. F. Hennings, C. C. Hennings, John Gauer and a number of others from Cedar Creek and vicinity were in attendance at the hog sale last Tuesday and many took away a number of fine animals.

R. E. Johnson and Wm. Johnson were visiting in Murray for a short time last week, being guests at the home of Mr. and Mrs. G. W. McCracken, Mr. Johnson being the brother of Mrs. McCracken.

Fred Patterson was hauling his corn from last year's raising to the Duroc hog sale last Tuesday.

Conrad Baumgartner, of near Murdoch, was a visitor at the sale of the Schaeffer brothers Duroc hogs, looking for some stock to add to his already fine herd, which he has on his farm in the western portion of the county.

Rev. E. O. Johnson of Nehawka, where he ministers to the Methodist church of that place, was a visitor in Murray last Tuesday, assisting Mr. Frank Schlichtemeier in the bringing of a car load of sheep to this point for shipment.

George E. Nickles, manager of the Murray lumber yard, was a business visitor in Omaha last Monday, where he purchased a car load of lumber for the yard here, and was accompanied by Mrs. Nickles, who visited with friends for the day.

Frank Mrasek has been trucking some lumber from Omaha for the Murray lumber yard. The transportation has been such that rail shipments have been difficult to make, and Mr. Mrasek has supplied the wants of the yard here during the time.

Morton Bartlett, the popular tenor artist, accompanied by Mrs. Bartlett and daughter, Florence, were enjoying a visit at the home of Mr. and Mrs. Charles Bartlett at Imogene, Iowa, last Sunday, going over to spend the day with the parents of our genial barber.

G. W. McCracken and family were visiting in Wahoo from last Friday until Sunday evening with friends, and at which time he and Elizabeth returned home in order that Elizabeth could attend school, while Mrs. McCracken remained for a longer visit with friends in Wahoo.

Font Wilson, manager of the J. W. Chilton store in Murray, accompanied by Mr. J. W. Chilton, were looking after some business matters in Omaha last Tuesday, making the trip in their auto and picking up Frank Valley at Plattsmouth, they all being interested in the business in hand.

There was some joy at the home of Earl Payton and wife northwest of Murray last Friday, when they arrived at their home via the stork route, a fine little blue-eyed baby girl. Dr. J. F. Brendel, the attending physician, reports all doing very nicely. The father's joy is unbounded, and he is walking on the air just now.

Troy Davis, of Weeping Water, candidate for representative; W. H. Puls of Murray, also candidate on the democratic ticket for state representative, and W. J. Stohman, candidate for the position of county commissioner from the second district, were all in attendance at the Schaeffer brothers' hog sale, and found a large crowd in which to meet the voters.

Dr. G. H. Gilmore, who is to have a sale of hogs the coming Monday on his farm east of Murray, was at the sale of the Schaeffer brothers on last Tuesday and distributed bills announcing the coming sale. At this sale there will be one hundred and twenty spring shoats, all in extra fine condition which will be offered for sale. Better make a memo of this date and sale for it is worth while to all wanting some hogs.

A. W. Propst of Union was a visitor in Plattsmouth last Tuesday afternoon from his home, where he is engaged in the automobile business and makes a specialty of selling Ford cars announced that he had just received a message telling of the reduction of the cars fifty dollars in price. To those who have waited thus long for this reduction, it looks like they had gotten about what was coming on the lowering and that this is a good time to make a purchase, if they are needing anything in this line.

Looking for Good Hogs
Last Tuesday a large number of citizens from near Manley were at the sale of the Schaeffer Brothers' Duroc Jersey hog sale looking for animals for their herds. Many from there made purchases of some of the excellent individuals offered. Among those who were in attendance at the sale were A. Steinkamp, Ralph Johnson and son Elmer, Joe Miller, Clarence Earhart, Wm. Heebner, Earl Quinn and Ed Kelly.

Schaeffer Bros. Have Good Sale
A large number of people from Murray attended the Duroc Jersey

hog sale last Tuesday, which was given by Messrs. Phillip and Otto Schaeffer, when an excellent sale was held.

The sale was conducted by Messrs. Young and Kruse and was attended by a good number of people, a large percent of whom were wanting some good stock. One spring boar sold for \$225, while his litter mate sold for \$85 and the combined litter of seven which were farrowed last February, brought \$572, and a good return from the sow who farrowed them.

The matter of raising good hogs is well demonstrated in the demand for something better by the raisers. When the good hog with the same ear will produce in a season from forty to seventy pounds more meat than the scrub, the matter of getting into a better stock of hogs is evident.

For Sale
Buff Orpington Cockerels, \$1.50 each. Address C. A. Trent, Murray, Neb. 05-41w

Large Well at Burlington Pumping Station in Outskirts of Lincoln Causing Much Concern.

The problem of the proper water for use in locomotives that has been one of much concern to the Burlington railroad for years, has again come to the fore with the discovery that the water in the large well at the pumping station at Lancaster on the outskirts of Lincoln, has been found to contain increasing amounts of salt that is rendering the water unfit for use in locomotives.

The Lancaster plant of the Burlington supplies the Lincoln yards, round house, machine shop, depot and passenger yards. A great deal of water is pumped from that source and it is said to be one of the two most important plants on the system, the one at Galesburg alone being its equal in the amount of water supplied.

During recent years it has been necessary to dig long tunnels from the bottom of the well that the water supply might be increased. It was in extending one of these tunnels that a salt vein was unloosed and the water at once became brackish.

There is so much salt in the water that it is said to be impossible to get it out in the water treating plant, and unless this salt vein can be plugged up, the necessity of moving the pumping station to some other supply source must be considered.

Where the plant can be moved is a matter that will require much study before it is finally solved.

The Burlington is at this time having an experimental well drilled just north of the passenger station in this city to determine just what kind of water can be secured and its adaptability for use as a supply point for locomotives along this portion of the line. The water here is considered exceptionally good and should the well prove as good as anticipated, a pumping plant will probably follow.

WINTER APPLES FOR SALE
Black Twig and Gano, \$1.00 per bushel at orchard. Call W. H. Melinger, phone 3720. 014-61d&w

Specialist on Swine and Cattle Diseases

DR. G. L. TAYLOR
Veterinarian

Will receive calls at residence, Murray. Phone No. 50

INCREASES ARE FORECAST IN THE PRICE OF SHOES

Quote Figures Four to Five Per Cent Higher Than Last Year—Sales are also Gaining.

New York, Oct. 13.—More people brought shoes in this country in the last week than any time this year. This buying has been wise buying, according to experts in the industry who in many cases slight advances over recent price levels were paid. Indications throughout the entire country point to still further increases before next spring.

The shoe manufacturing industry in New England is generally in better shape than at any time in two years, according to dispatches today from Boston. Conditions have readjusted themselves so that manufacturers are in better shape to meet competition from western manufacturers. Factories are well supplied with orders and demand throughout the country seems to be swinging away slightly from the very low priced footwear to the medium and high priced goods.

See Further Shoe Advance
Salesmen now out with the new styles are quoting prices four to five per cent above those of last year. This does not begin to parallel the advance in leather, sole and upper leathers having jumped fully 20 per cent in recent weeks. Makers believe that as soon as manufacturers work off their stocks of leather bought at the low prices, a considerable advance in the price of shoes is inevitable.

In the middle west shoe centers, production is being maintained at 100 per cent of plant capacity with indications that output will be continued indefinitely. Prices have been increased at least 5 per cent due to higher cost of raw materials and additional weekly or monthly revisions upward are expected according to word from St. Louis. Cincinnati manufacturers have advanced prices 25 to 50 cents a pair.

Gross sales of shoes in the northwest are fully ten per cent above those of a year ago. St. Paul reported today. Slight advances are forecast in spring styles because of stiffening leather costs.

Advances of from 50c to \$1.50 a pair are predicted by Philadelphia manufacturers who are running at 100 per cent capacity on women's shoes and at 70 per cent on those for men. On that account makers are booking few orders for more than eight weeks in advance. Makers of glazed kid, heavily used in women's shoes, has advanced five cents a foot.

Add More Men to Rolls
Buying in the Pittsburgh district is an exception to the general rule. Sales there have been slow. The industry in Rochester is adding additional men to the payroll and increasing output. Prices have advanced in the last few days by 10 to 35 cents a pair in Kansas City, and advances are expected in the Pacific northwest.

Shoes apparently reached their low price levels some weeks ago and are now on whatever the standard of the American citizen the shoes he stands in will cost some more.—World-Herald Market Letter.

IMPROVEMENTS CONTEMPLATED
Neighboring City of Glenwood to Improve its Resort, Glenwood Lake, Next Summer.

If the plans all materialize, Glenwood Lake next year will be greatly changed as a resort. Some of the work has already begun. The work now being done is the replacing of the three small inflow pipes running from the dam to the lake with a single 18-inch pipe. This will permit a much larger flow of water than formerly. It will require 460 feet of tile for that purpose. There are two screens placed at the intake—a large one to catch the larger rubbish, and a smaller screen mesh for the second. At the outlet of the tile will be built a cement basin about 6x8 feet and near three feet deep, which will catch a good part of soil sediment.

The first bill of the upper end of the lake is being removed and dumped in the space between the federal road and the lake embankment.

Another planned improvement is the building of a dam across the lake a short distance north of the high dive tower. This will set apart a portion of the lake for swimming purposes only. It will assure fresh water for bathing as an arrangement will be made that will make it possible to drain the entire swimming division. Fresh water will be supplied either by pumping or by a flood gate in the dam. The part of the lake north of the dam will be used exclusively for fishing and boating.

The pavilion at the lake will be spaced off for bath rooms and refreshment stands will be removed to the lake park. It will be utilized as a store room and possibly an oil filling station and articles for campers' accommodation.—Glenwood Tribune.

MONEY TO LOAN
Private money to loan on farm land. Inquire at law office of D. O. Dwyer. 013-d&w?

The voters of the First congressional district are wise. They know John H. Morehead—know him as a man of ability, know him as a gentleman, every inch, and that he will represent the people of the district as they should be represented.

MILLIONS POINT WAY TO HEALTH AND HAPPINESS

Bring Cheerful, Inspiring and Hopeful Messages to Those Who are Sick in Body and Spirit.

Every human being is entitled to health, happiness and success. It is positively wrong to be satisfied with less. Do not fold your hands and accept ill health as something you cannot avoid or overcome.

Tens of thousands of men and women from all parts of the country have testified that life has been made worth living to them after they had almost given up hope. These are the fortunate ones who have been restored to health and strength by the use of Tanlac, by far the world's most celebrated tonic medicine.

They all agree that Tanlac brings a feeling of new life and energy to every portion of the body and sends the blood tingling through the veins.

WEST GETTING RELIEF FROM CAR SHORTAGE
Topeka, Oct. 17.—Freight cars are now coming west to relieve the car shortage, according to a telegram received by Clyde M. Reed, chairman

of the Kansas public utilities board, from M. J. Gormley, chairman of the car service division of the American Railway association.

"This is the first time in months," said Mr. Reed, "that there has been a balance in favor of the west."
