

Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Worth Click and wife were visiting in Omaha last Friday, making the trip in their auto.

Grover Hopkins delivered his wheat last Monday, the neighbors assisting in the hauling of the same to Murray.

Ira Queen shelled corn last week and delivered the same to the farm of W. O. Troop, who is using it for feeding.

Curt McCarthy began picking corn at the home of L. M. McVeety for P. P. Sheldon last Monday afternoon.

Wool automobile robes, \$10.00 to \$13.50. Exceptional values for the money at Sheldon's Store.

W. O. Troop and son Robert Troop shipped into this community two cars of cattle, which he will feed this winter on their farm.

Mr. Earl Troop and Delbert Todd are now members of the foot ball team at the state farm, where they are taking a course in agriculture.

John Lloyd and wife were visiting with friends at Plattsmouth on last Monday evening and Tuesday morning, making the trip in their buggy.

Mrs. Harley Thomas of Palmyra, who has been visiting in Nehawka at the home of Mr. and Mrs. H. L. Thomas, returned to her home last Monday morning.

W. O. Troop has not met with the best of fortune in his sinking of wells, as he has two wells dug, and struck ledge rock in both, which prevented going deeper.

Mrs. Emma Burdick, a sister of Mrs. Nick Klaurens and Henry Gruber, who has been visiting for some time in Nehawka returned to her home in Omaha last Saturday.

J. R. Hill, whose corn crop was destroyed by hail last summer, is assisting in the picking of the crop of Frank Hogue, who is farming on the Mrs. Peter Perry farm near Cottonwood.

Mrs. Elmer Philpot, who has been sick for a number of days, has been in a very poor condition, but her many friends are hoping that she may recover and be able to be out again soon.

Mr. and Mrs. E. R. Kendle were visiting at Lincoln last Sunday, driving over in their auto, the prime object a fall visit being to see their little nephew who had arrived only the day before.

Edward Murray, who has been looking after some business matters at Norfolk returned home again last Saturday evening and is preparing to build a chicken and also a hog house in the near future.

Miss Ruth Hinton who is with the Sheldon Manufacturing company, was a visitor at her home in Lincoln

for over Sunday and returned to take up her work last Monday morning, after having enjoyed her visit very much.

New shipment of blankets, \$2.75 top at Sheldon's Store.

P. R. Cunningham has been placing his threshing outfit in repair since completing his season's work and getting it in just the right shape for the coming summer, which is an excellent practice, and one which he has always kept up.

L. H. Young and son Parr shipped into their feeding lots last week some 56 head of cattle which they are now feeding and as they are excellent feeders and handlers of stock, we are expecting them to make a good success of this lot of cattle.

W. W. Stokes and his crew of workers have been moving the barn which has stood on the old Troop place to where Robert Troop now lives as there will be the same owners of the farm from now. A number of the buildings have already been moved to the new location.

R. Kettlehut and Clarence Peck were at Ashland last week making purchase of potatoes which they find there in large quantities. Glen H. Rhoden went over in his truck and brought home a load for himself and neighbors, they being excellent potatoes and well worth the price charged.

Peter Opp was a visitor in Nehawka last week, but went to Nebraska City on Wednesday, where he visited for a short time at the home of his daughter, Mrs. Walter Lloyd, then departing for Omaha, where he is making his home for the present at the home of his daughter, Mrs. Wm. Black.

Mr. and Mrs. Truman Tysor, who are at this time making their home at Yorktown, Iowa, which is between Shenandoah and Clarinda, where they are managers of a large farmers' store, write that business is good there, and they like the place. Mrs. Tysor will be remembered as Miss Florence Wessel.

The Nehawka schools which are just now in somewhat of a crowded condition are availing themselves of all the room possible and have converted one of the hall ways into an additional recitation room and which has added much to their space. Messrs. Deiber Switzer and C. D. Keltner made the change.

New shipment of sweaters, ladies' children's and men's at Sheldon's Store.

There will be a dance given at the Nehawka Auditorium on the coming Friday evening, which will be for the benefit of the Nehawka ball team. This is but fitting, as the team has worked hard during the summer for the amusement of the people of Nehawka and vicinity and that the town is taking an interest in their welfare is but the right thing.

Was Well Known Here

Miss Aletha Stratton, who for a number of months made her home at the home of Mr. and Mrs. Jack Douglas, and who returned to the east some time ago, was married at Chicago a short time since. Miss Stratton will be remembered as a musical instructor of much ability and teaching while here.

Young Man Breaks Arm

Last Sunday evening while Vilas Kettlehut, who was operating his car received a kick from the obstructive machine breaking one of the bones in his arm, which is causing him much suffering. The fracture has been reduced and the young man is getting along as well as could be reasonably expected.

Hampshire Boars For Sale

The long, stretchy fellows, carrying the best blood line of the breed. For particulars write to or call on Ernest M. Pollard, Nehawka, Nebraska. o12-45w

Committee Well Pleased

The committee having in hand the entertainments which have been made at the auditorium for the benefit of the building and also for the welfare of the community, were surely well pleased with the results which were reached in the entertainments which were given last week, in the Connecticut Yankee, as the house was filled to capacity. The selection of the best which the country affords in this line is meeting with the approval of the amusement loving people of this community and extending many miles away for a large per cent of the attendance came from miles away.

Nehawka Again Enjoys Trains

The people of Nehawka are surely pleased with the restoration of the day passenger trains to the Union-Lincoln branch and are pleased to give all aid possible to the road. This places the town again in a position to keep in touch with the outside world.

Says Business is Good

Frank P. Sheldon, who has been in business in Nehawka for many years and who knows what business is, declares he is well pleased with business at this time, and notwithstanding storms and other hindrances, people have to live, and he says that if the business men will go after the business, offer his customers full value for their money and then hustle when he gets business instead of being content to rest on his oars, he will have no occasion to complain of dull times. Times and business conditions are what you make them and if one will hustle instead of sitting around growling they are bound to succeed.

TANLAC DEMAND IS GREATER THAN EVER IN HISTORY

Modern Plants Have Increased Capacity of 62,500 Bottles a Day but Makers are Still Behind Orders—Medicine Publicly Endorsed by Best People Everywhere.

During the first seven months of this year 3,584,000 bottles of Tanlac have been sold and a new world record for a proprietary medicine is established.

Tanlac's wide-spread and ever increasing popularity is the strongest possible proof of its unquestioned merit. No product, no matter how extensively advertised, could continue to establish world records for sales year after year if it did not produce actual and positive results.

Tanlac is composed of the most beneficial roots, herbs and barks known to medical science. The formula is in accordance with all pure food and drug laws, and although Tanlac's superiority is abundantly supported by leading authorities it is the people themselves who have made Tanlac what it is. Millions upon millions have used it and have told other millions what it has done, while thousands of the best people in every community have given public statements of the great benefits they have received by taking it.

Tanlac is sold by all good druggists.

Order from Porto Rican Govt.

The Sheldon Manufacturing company received an order for a number of their concrete mixers mounted and with engine attached, from the Porto Rican government, and which were started on the long journey to their destination this week. These mixers will be used for doing government work and it is evident that the output of the local concern stands high, not alone in this country but foreign lands as well, for these people are only making purchases when they know the quality of the goods they buy.

Give Candidates Good Reception

Last Monday afternoon the people of Nehawka greeted the republican candidates for congress, Messrs. Walter Anderson and R. H. Thorpe, who were accompanied by the almost entire republican ticket of this county, who were making a tour of the towns in the county. Like the arguments of the democrats, Nehawkaites listened to what these people had to say with courtesy and are now ready to decide to what they will do when the time comes. Just what that is, the election canvassing board alone will be able to tell, and then not until after the "battle of ballots."

Had Good Meetings

Governor Morehead, who is the democratic candidate for congress, with a number of the candidates on the democratic ticket, were in Nehawka last Thursday and met a very attentive audience, who gave close attention to what the governor had to say in his discussion of the national questions as well as of state issues. The people showed the party every courtesy and gave very close attention to what they had to say. Messrs. W. B. Banning and W. H. Puls were present and met many of their friends here.

Home from Wedding Tour

Mr. and Mrs. A. C. Anderson, who have been spending some weeks at the resort at Lake Andes, South Dakota, where the fishing is fine and where they both caught and ate some of the finest of fish, have returned to Nehawka. Andy caught one fine bass which weighed three pounds and was but a few inches less than three feet in length.

Wins Many Prizes

A. L. Mayabb, the breeder of the Big Type Poland China hogs living west of Plattsmouth, is making a big success of the raising of this very popular kind of porkers. He has just purchased one of the Peter Pan hogs and an excellent individual he has at that.

He had a son of Queen Omaha at the county fair last month which won many prizes for this enterprising young man. Queen Omaha took first prize as an aged sow, being weighed at the fair and tipping the beam at 716 and is two and a half years of age. She also received in her class first and second champion and also grand champion, which is doing fine for one individual. She also got first prize on produce of dam, and also first prize on get of sire, which seems rather plenty for what he had on exhibit. Mr. Mayabb has about thirty of these fine porkers and is expecting to hold a sale during the coming winter.

Enjoyed the Evening Greatly

A number of the neighbors of Mr. Chester Minnear, who will move to another neighborhood in the spring, gathered at his home last Saturday evening and made merry with their friends and with the large number present all had a most excellent evening. They sure made Chester and his good wife feel that they have a host of friends here.

Nehawka School Notes

The first grade is reading from a book now. The second grade is working on Roman numerals now. The enrollment of the school has been decreased by two. The Powell boys having moved to Plattsmouth. The new desks were all in place for Monday morning, much to the

delight of both children and teachers.

The primary room is decorated for Halloween and the children brought plants from home, which makes the room more cheerful.

The agricultural boys assisted Stone and Sons in preparing their pigs for the sale on Wednesday and also attended the sale, looking up methods, expense and other factors in putting on a sale.

Harriett Stone celebrated her 8th birthday by bringing her birthday cake and apples to school to share with her school mates. Greetings were given in honor of Harriett, all wishing her many more happy birthdays.

The first term of school is over this week and report cards will be given out Monday. Parents should look these over carefully and if not satisfactory consult with the teachers. Teachers will welcome the cooperation of the parents.

For note singing the fifth and sixth grades have learned some October and Halloween songs. All the grades are now teaching singing regularly in their work. The children are taking a keen interest in it, and it is a valuable addition to the school.

The seventh and eighth grades have for interior decoration a large flower box of plants that was kindly given by Mr. Herman Thomas. Others have given plants for the room which makes it more cheerful. The reading class has just finished "The Man Without a Country" and "Anthony's Oration Over the Dead Caesar." Besides oral reading, some very good discussions were given.

Parent-Teachers' Association

The next meeting of the parent-teachers' association will be Tuesday evening, November 7, at 8 o'clock at the high school assembly room. Every effort is being made to make the Nehawka parent-teachers' association the success it has proven in other places. The number in attendance at our first meeting this year was small. Every parent should attend these meetings for the benefit of the child and for themselves and their children.

At the last meeting it was voted to require dues of 25 cents per year for each member. It was felt there would be no objection to such an amount and that it was necessary to have a little money in the treasury. Dues should be paid at the next meeting when you will be enrolled as a member.

An appointed committee has arranged a splendid year's program. A printed copy of this program will be given you at the next meeting. In it will be found the program of the evening and the names of the hosts and hostesses. There will be music, papers on subjects vital to school and community life and a chance for open discussion on these subjects or on any other subjects pertaining to school. Then the serving of light refreshments will give a social time which will be thoroughly enjoyed. Our teachers are very busy people. This parent-teachers' association gives them more work to do, yet they are going into it with willingness and vim. Surely we parents can do our part by joining the association, attending the meetings and showing an interest. We will enjoy it all. It will help us all.

November 7 the program will be put on by the grades below the high school. Our force of grade teachers is working to give us an interesting program, demonstrating the work that is being done by our children. This will be very interesting and entertaining. Other meeting will be equally so.

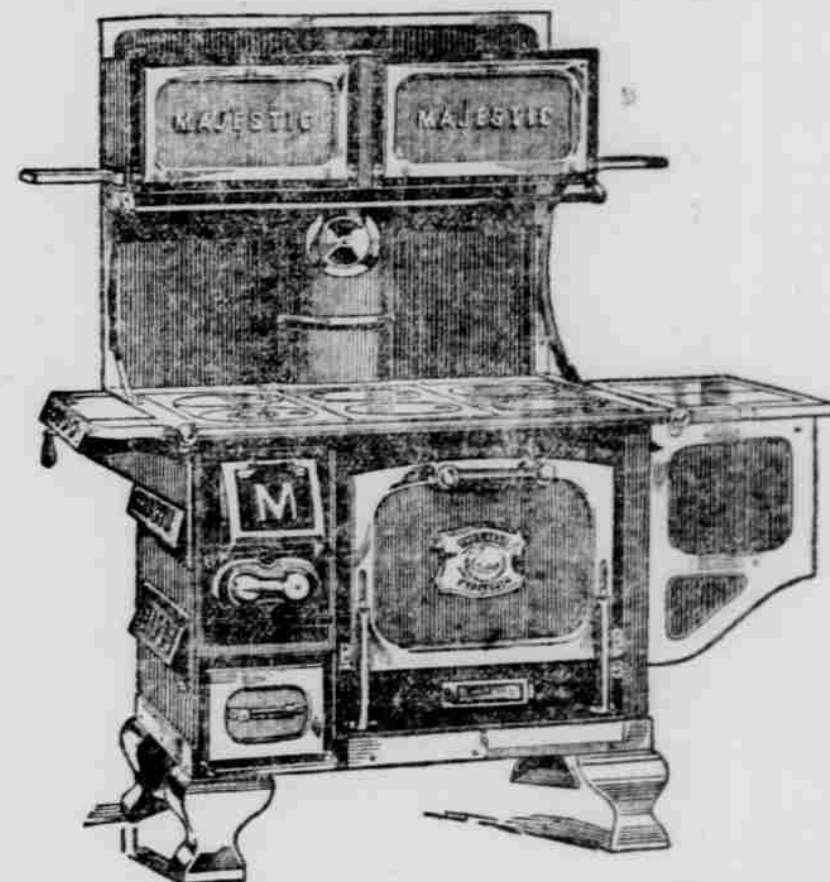

While I have especially mentioned the parents of school children, this association is for others as well. We are all interested in our schools. Perhaps your children have finished their course, perhaps they will enter in a few years, perhaps you are interested in some one else's children. Come anyway. You are very welcome. If we do not take an active part, we can show our appreciation by our presence.

Let us join and boost and make this a successful year for the association, laying the foundation for a splendid working organization to go on through the years.

LOIS POLLARD, Secretary.

Great Majestic

THE RANGE WITH A REPUTATION

A Delight to the Eye

and a delight to the heart of the housewife, too!

Even more beautiful than ever before, the New Great Majestic is finished with panels of lustrous enamel. You may have your Majestic paneled in White Enamel or in Blue.

The panels on the doors and on the splasher back make the whole surface of your Majestic so easy to keep new and bright. You will be proud of this New Majestic range in your kitchen.

Any Size or Style Majestic Family Range can be furnished with Blue or White Enamelled Panels and Back.

Plenty of Hot Water from Your Majestic Reservoir.

Water that is boiling hot! Just dip it as you want it from the reservoir attached to the side of your Majestic. The intense heat from the fire box is carried directly into the water in the reservoir by the Majestic all-copper one-piece heat pocket. When you do not want the water to keep boiling, you easily shift the reservoir away from the fire box.

The top of the reservoir is level with the range top, giving you additional space for keeping things warm and in a handy position.

You will appreciate this labor saving and convenient Majestic Hot Water Reservoir every day during the many years that your New Majestic Range will serve you.

Perfect baking, too.

An Invitation

We urgently invite you to our Majestic range demonstration—one week only—October 30th to November 4th.

We want you to see and know the new, improved, beautiful Majestic Range in many styles and sizes.

You must see that wonderful, polished, Solid Copperware and Majestic Set, the Factory is offering with every Majestic Range during this sale. A Factory Representative will be on hand to give you concrete facts about ranges.

Your visit will be delightful and profitable to you. Don't fail to come.

BOYS AND GIRLS—Free souvenirs to delight you on Children's Day—Monday afternoon, October 30th, from 3:20 to 4:30 o'clock.

BEN H. WILES

Plattsmouth,

Nebraska

Will T. Adams

Republican Candidate for
County Treasurer

Born in Cass County. Engaged in farming and educational work all his life—successful in both. During past four years in County Clerk's Office—work very similar to work in County Treasurer's Office. Eminently well qualified.

A Vote for Adams Means
Best Service!

R. H. THORPE

The Boy Orator of 1896

Republican Candidate for
Congress to Fill Vacancy

A Forceful Speaker
A Logical Debater
A Deep Student of Economic Question
Able, Progressive, Patriotic
