## Building for the Future!

A bank works for you night and day, week after week, adding cents to your dollars. Little by little the amounts grow till each addition is a respectable sum. Where does the gain come from? Not from your pocket. Nor from ours. It is the result of production. Money placed in a bank is given an opportunity to work and to produce. Thus a bank builds your wealth. Start with a small deposit if you will. Add to it when you can—regularly if you can do so. It will not be long till you can fairly see it grow.

### Murray Public Schools

With four members of the faculty of the Murray public schools, they are doing some very fine work in the line of instruction and have the school well in hand. The principal, Miss Kelly, has labored hard for the accomplishment of the best for all the pupils and has been assisted very nobly by Misses Ptak, Rainey and Sans. The representative of the Journal visited the school and found everything in proper order. Miss Sans, who has the more advanced room, has been there for a number of terms and has twenty pupils. She has an attractive room and one in which all the children feel perfectly at home in and decorated in the fall decorations which makes it indeed a very pleasant place for the little ones. Miss Rainey, who has the more advanced room of the younger pupils, has also twenty students and has things so arranged that all the pupils are putting forth every effort to make the most of the opportunities afforded and are making very satisfactory progress. The advanced class which consists of the grammar grades are in charge of Miss Ptak, while the higher grades are under the supervision of Miss Kelly. The worth of the instruction given can be measured by the prizes which a number of the pupils secured for their work at both the state and county fairs. At the state fair Margaret Mrasek, John Gilmore and Richard Brendel each received second prize on their work. It being a dollar each. At the county fair Margaret Mrasek received first prize, while Kenneth Jones won a first prize also. Winners of second prizes were Edward Howard, Ruth Homan and Mac Wilson. Carl Felt who is a member of the eighth grade, also won second prize.

## DIES AS RESULT OF INJURIES IN AN AUTO ACCIDENT

Clarence D. Davis Died Last Friday at Haxton, Colo., as the Result of Serious Injuries.

The Cass county friends of Clarence D. Davis, for many years a resident of near Murray, were shocked the first of the week by a message from Haxton, Colo., announcing the death of Mr. Davis on last Friday as the result of an auto accident sustained on Thursday last. The brother of the deceased, J. A. Davis, departed Saturday from Murray to attend the funeral services and at the time of his departure there was little to be learned as to how the accident occurred aside from the fact that the deceased had both legs broken and severe internal injuries that caused death. The deceased was the son of Sigel Davis, one of the well known residents of this county and the deceased was better known in the vicinity of Murray as "Dee" by his intimate friends, during his residence there.

## OMAHA MEN NAMED SPONSORS FOR NEAR EAST RELIEF WORK

Walter Head and R. M. Switzer Appointed on Committee—Every State is Represented.

Washington, Oct. 22.—Appointment by President Harding of a committee of sponsors, representing every state, territory and insular possession of the union, to aid in the extension of near east relief work, was announced tonight at the White House. Walter W. Head, R. M. Switzer and Senator Gilbert M. Hitchcock were named to represent Nebraska. The president, in appointing these sponsors, the White House announced, informed them that he desired them "to co-operate with the American Red Cross and the near east relief and with the co-ordinating committee made up of the organizations interested in relief work in the near east, of which Will H. Hays is chairman, in making known to all our countrymen the great call which has come out of the near east to the heart of the American people. "More than a half million suffering human beings, the majority women and children, are dependent on the benevolence of America," the president's message said. "The Red Cross and near east relief committees, working in harmony and supported by all benevolent organizations, are responding to the call. The co-ordinating committee is helping develop the money raising campaign and bringing into concerted action all the friends possible. You will not be burdened with details, but the association of your name will be a great influence in their work in your community." Governors of the various states, territories and insular possessions have been selected as ex-officio members of the committee, on which more than 150 private citizens have been named.

## CENTER OF WHITE POPULATON MOVES WESTWARD

Washington, Oct. 19.—For the first time in three decades the center of foreign born white population of the United States moved westward instead of eastward in the ten years from 1910 to 1920. The westward movement was due to the increase in foreign born white population in California, Texas and Arizona, the census bureau stated, in announcing the center to be located in latitude 41° 3' 45" north, longitude 84° 59' 17" west. That point is in the eastern part of Allen county, Indiana, about 10 1/2 miles east of Fort Wayne. In the ten years from 1910 to 1920 the center has moved from Defiance, Ohio, just across the state line into Indiana.

## MINOR CHANGES MADE IN THE NAVAL UNIFORM

Washington, Oct. 21.—An order issued today by Rear Admiral Washington, chief of navigation, prescribing minor changes in the navy's uniform regulations, added another chapter to the perennial debate over the distinctive gold braid markings to be worn by officers and chief warrant officers. The order deprives chief warrant officers of the full half inch sleeve braid bestowed on that grade under Secretary Daniels' administration, and orders a return to the broken gold stripe of previous years. Green and olive drab uniforms for naval aviators also are banned under the new regulations, the flying branch being required to dress in the regulation blue.

## M'ADOO SAYS NO MISTAKE TO ELECT BRYAN GOVERNOR

Before leaving Omaha to fill a speaking engagement at Wichita, Kansas, William G. McAdoo, contrary to his general custom, which is not to refer to state candidate in his speeches, gave out the following relative to Charles W. Bryan, democratic candidate for governor: "Ordinarily I do not speak about state candidates, but I know enough of the activity and record of Charles W. Bryan and his illustrious brother, William J., to warrant me in speaking about the candidacy of Charles W. Bryan for governor. "He is a man of great public spirit and has a high sense of duty essential to democracy. His official record as a public official at Lincoln, his wide experience in public affairs, admirably qualifies him for the governorship. He has made a long and steadfast fight for constructive and progressive government. His views points are such that he will properly administer to the high office of governor in the interest of the masses. You will make no mistake in electing Charles Bryan governor."

## NORMAL BOARD FAILS TO DECIDE ON DANCING
