A. C. Depner has been spending a few days with friends in Omaha.

There will be a dance given at the M. W. A. hall on Friday evening of this week.

Emil Kuehn and family were visiting in Murdock for a short time last week.

Mrs. Wm. Knaupe was in Lincoln last week for a few days where she has been receiving treatment for her health.

Henry Amgwert has been doing some work at the new home which is just now nearing completion for Mr. and Mrs. J. E. McHugh.

Any one needing corn pickers can be supplied by calling phone No. 79, which is the labor temple at Plattsmouth, and their wants will be supplied.

E. K. Norton and family were visiting and looking after some business matters in Weeping Water on last Thursday afternoon for a few hours.

Rev. I. Laidly and wife spent a very pleasant two days when they visited their children last Tuesday and Wednesday at their home near Milford.

H. A. Guthman of the Bank of Murdock, has been looking after some business matters at and near Amesbury for the latter portion of last week.

George Oehrling and family of south and a little west of Elmwood were over-Sunday visitors in Murdock, and guests at the home of Mr. and Mrs. August Panska.

Misses Margaret and Catherine Tool, who are attending school at the state university at Lincoln were spending the week end at the home of their parents here last Sunday.

the work at Omaha, is keeping them very busy.

Mrs. Wm. Kitzel, living between here and Alva, has been compelled to go to the hospital in Lincoln, where she underwent an operation for the betterment of her health, and since that time is making progress towards recovery. She is still feeling quite poorly, but is on the way to recovery which her many friends are hoping will be permanent.

The students of Murdock last Monday, while a number of speakers and the republican nominees for the county offices were visiting in Murdock, came down in a body to attend and hear the speaking at the following special talk given by Mr. Thorpe, of Lincoln, gave their school yell and a tiger in appreciation of his address to the students.

Mr. W. F. Pilgrim and wife of near San Diego, Cal., who is the father of Ray Pilgrim, have been visiting at the home of Mr. and Mrs. Wm. Gehrts for the past few days, depart for their home in the west today (Monday). Mr. Pilgrim made the trip from his home, which is a distance of 1822 miles, on just 105 gallons of gasoline, which is consuming good, it being 18 miles to the gallon.

Fred Stock, Sr., who has been at Detroit for the past few days in attendance at the national convention of the United Evangelical association of churches, returned home last Monday evening well satisfied with the work done by the convention. David Thimigan of Ordway, Colorado, who was a delegate as well, stopped here for a short time on his return home for a visit with his mother. The convention was held at Detroit.

There is nothing in the rumor that Grandpa E. K. Norton has been following down a rain-barrel Grandpa, just to see how it sounds. True he is well pleased by the arrival of a young son at the home of Mr. and Mrs. Lawrence Wiseman near Avoca, and who should not be for this is a most pleasant smile lingering on the face of Grandma Norton, who seemed to say she was well pleased as well.

Mrs. L. Neitzel departed last Friday evening for Lincoln, where she will be spending some time shopping for Saturday, while on Saturday morning, Mr. Neitzel went to Lincoln in the car, and there joined the wife in her visit and looked after some business matters in connection with the store, they returning home in the evening. When they were away, Mr. August Panska looked after the business matters at the hardware store.

Now Live in Murdock

Eddie Craig, who has been having the old postoffice building fixed up for living purposes, got moved to the new place and is now settled to housekeeping and convenient to the business. This adds to his happiness to have the family with him.

Each Lost a Cow

Last week Fred Buell and Charles Buell both lost a cow by what was supposed to have been corn stalk disease, but on investigation by Dr. Truck of Weeping Water was said to be spinal meningitis and for which all the Buell boys had their cattle including the cows and horses, inoculated for the prevention of the spreading of the infection.

Gave Excellent Program

The ladies of the Woman's Auxiliary society gave a most pleasing program at what is known as the Louisville church which is a few miles northeast of Murdock, at which time they raised a neat sum of money for the missionary work. The members of the churches which cluster around Murdock are always very loyal to the church when it comes to supporting the missionary movement. The program was highly appreciated by all the large crowd who attended. The program was given on Sunday evening.

Hunted at Norden Lake

H. W. Tool and E. W. Thimigan spent the major portion of last week with the feathered tribes at Norden lake, South Dakota, where the shooting was fine and as the weather was perfect they enjoyed the week off from business and other things immensely. Before the closing week of the campaign, Mr. Thimigan thought to take a little trip to the hunting grounds of the north and with the beginning of the week make an intensive canvass of the county for the position of county sheriff. Mr. Thimigan is fast becoming the popular candidate for that position and should be become the choice of the voters will make an excellent official for the position.

Seeing the Voters

The fore part of last week Herman R. Schmidt, who has been very busy heretofore with building work, was able to get out over the county and has been meeting with much encouragement. He visited Plattsmouth last Wednesday and while there met many of the leading men of that portion of the county and was given much encouragement in his campaign.

Prevents a Burglary

Last Friday while John Krueger, who is the nightwatchman and also an employe of the Thimigan garage, was leaving the garage, he observed some one near the front entrance of the Batur store and thinking it was Mr. Batur and someone who wished to purchase something, approached when he observed that the short man he had mistaken for Mr. Batur was endeavoring to unlock the store door. He cried out to them, "What in H— are you doing here?" and they immediately became frightened, but re-

plied "We are trying to find some place to get gasoline." Mr. Krueger informed them that this was a very strange place to look for gasoline, and that if they would pull up at the garage across the street he would sell them some. The men then went and got into the car which stood near Pete McDonald's place and while he waited for them to drive up for the gasoline, they stepped on the accelerator and soon were speeding away as rapidly as possible. John immediately notified Mr. Thimigan and the telephone exchange, who in turn advised other towns to be on the lookout for them. Had Mr. Krueger suspected the men to have been what they were he could have gotten a shot gun which was in the garage and probably have put a load of shot in their clothing.

Son Gladdens the Home

Last Friday the home of Mr. and Mrs. W. E. Heir was gladdened by the arrival at that blessed domicile of a son, who comes with cheer and rejoicing for the fond parents and who are welcoming the little fellow, who is becoming a joint partner in the joys and sorrows of the home and which we are hoping will be mostly joys. The happy father does not need an airplane at this time for he is already walking on the air.

Had an Enjoyable Visit

I. G. Hornbeck, the genial and efficient agent of the Rock Island, who has been away on his vacation, returned home last Thursday, after having enjoyed a most excellent time. He first went to Hyannis, on a hunting expedition and was accompanied by E. P. Holmes, of Lincoln, who is with the Rock Island. Bruce Stiles, Rock Island claim agent, of Lincoln, W. C. Colgate, general claim agent of the Rock Island lines and located at Topeka, Kansas and John Heiflick, an engineer on the Rock Island, who resides at Fairbury.

The gentlemen had a most enjoyable time in the northwest. After having returned from the trip, Mr. Hornbeck spent a week at his old home at Miami, Mo., where he visited with the folks there. Returning to Murdock, he and Harry Gillespie went to the Platte river, where they spent a few days camping out, hunting and fishing and thus completed an excellent vacation.

The Autumn Most Beautiful

We are endorsing the words of Mr. Harry Gillespie, who has just returned from a camping out expedition on the Platte river at the Pawnee lodge, where he and E. G. Hornbeck spent a few days and nights. Harry says that the varied colors of the trees which the finger of Jack Frost has painted is most beautiful. With the beautiful sun rises, which the river, the landscape and the many colored forest trees stand out in bright relief against it is most wonderful. A place of beauty and as one stands on an eminence, the top of the trees look like a gigantic carpet, woven by the deft hand of nature, surpassing in beauty any produced by the looms of man which produce such beautiful patterns of tapestry. We second the motion, as we have also observed the beauties of these autumn landscapes.

Gave Birthday Surprise

Last Friday Miss Marie Schmidt gave a surprise reception at her home for her sister, Miss Esther, whose birthday occurred a few days before the date of the surprise and chanced to be one of the days of the anniversary of the birth of Mr. H. R. Schmidt, her father, and this made a double occasion for the merriment. The evening was spent in games, songs and a delightful luncheon served which added to the pleasure of the evening.

The Ladies Will Meet to Work

The members of the sewing club of the country near Murdock, of which Mrs. Wm. Knaupe is leader, will meet at the home of Mrs. Chris Weber on election day, November 7.

## TRUTH TRIUMPHS

Plattsmouth Citizens Testify for the Public Benefit.

A truthful statement of a Plattsmouth citizen, given the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine. A Plattsmouth citizen tells of Doan's Kidney Pills.

Wm. Hassler, prop. blacksmith shop, corner Fifth & Oak Sts., says: "I know the straining work that I have had to do most of my life as a blacksmith is what caused my back to weaken. Many times I have been down showing a horse when a sharp stitch would take me through my kidneys and hurt severely. My back was stiff and lame at times. I started to use Doan's Kidney Pills and they soon corrected the trouble and made my back strong again. About two boxes of Doan's bought at Weyrich & Hadrbach's Drug Store was all that I had to use. I can work every day now and give Doan's the credit for my good condition. I always keep Doan's on hand and take them occasionally to keep my kidneys well and they never fail."

Price 60c at all dealers. Don't Simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hassler had. Poster-Milburn Co., Mfrs., Buffalo, N. Y.
