U. S. ADVISED OF DEMANDS BY TURKEY

PERMISSION MUST BE OBTAINED BEFORE SENDING ITS WARSHIPS THRU STRAITS.

Washington, Nov. 7.—The United States government has been officially informed of the demand of the Turkish nationalist government that all warships passing thru the straits obtain the permission of the Turkish government. This information was contained in a report from Rear Admiral Bristol, American high commissioner at Constantinople, who also gave details of the coup d'etat in the Turkish capital by which the nationalists assumed control. At the State department it was said that no new instructions had been transmitted to Admiral Bristol concerning the movements of American warships as a result of the Turkish demands. It is unlikely, it was stated, that any new instructions will be sent at this time, since the policy of this government with regard to its warships in Turkish waters is already covered by general instructions in the hands of the American admiral.

Await Emergency

In reply to a question as to whether this government would be influenced by the Turkish demand in case an emergency made it necessary to send more ships or to maneuver those there already, it was stated that decision would depend entirely upon the seriousness of the emergency, and the facts of the particular case. At the Navy department it was learned tonight that the United States destroyer MacFarland is now at Trebizond and a number of American warships are at Constantinople so that the United States is placed in the position of disobeying the Turkish demand for asking permission of the nationalists, in case it is desired to move these vessels.

Co-Operate With Allies

All the resources of American diplomacy will be utilized by the United States to prevent the Turks from gaining permanent control of the Dardanelles, it is declared. Turkey's refusal to co-operate with the allies in every feasible way to checkmate any attempt of the Turks to alter the international character of the Dardanelles.

Legal Notice

We recently found abandoned a Dodge Brothers touring car which we brought to our garage in Union and are holding the same here for the coming and demand of the owner. This car will be held for thirty days and if not then called for and proved to be the property of the one demanding same, will be sold according to law for the purpose of paying the storage, advertising and other expenses which may be incurred in its care and disposal. BOYS HAVE A CLOSE CALL FROM DROWNING

(Omaha News-Bulletin Service) Three high school boys of Council Bluffs, Herbert Reed, seventeen, Marion Crumm, eighteen and Jack Helwig, eighteen had a narrow escape from drowning yesterday at Lake Manawa, when a sudden squall capsized the row boat in which they were hunting on Lake Manawa. The plight of the boys was discovered by William Sorenson, game and fish warden and Jose Hawkins, caretaker of the Council Bluffs country club. When aid reached the boys, Crumm was going down for the second time and it was with difficulty that the party was brought in to shore.

GOVERNMENT EXPENSE LESS BY HALF A BILLION DOLLARS

Evanson, Ill., Nov. 6.—Government expense during the current fiscal year will be \$500,000,000 less than last year, Assistant Secretary Clifford of the treasury declared tonight in an address here. "For this fiscal year, 1923," he said, "we expect to run the government on less than \$2,500,000,000, a reduction of \$2,000,000,000 from the cost of government in 1921 and nearly \$500,000,000 less than in the last fiscal year. Thus it can be seen that the greatest effort possible is being made by the present administration to reduce government expenditures."

Farm Loans: Let me explain my long-time land bank loan.—Searl S. Davis, 201 Plattsmouth State Bank Building. n6-4wsw.

The boys are using the gymnasium at noon practicing basketball. Total absence from the grammar room during this year is three days. The visitors of the primary room were Mrs. Cheney, Mrs. Upton and Mrs. Davis.

The children of the primary room have drawn, freehand, automobiles and engines.

Vera Upton was a substitute in Miss Hall's room for the last half hour Friday.

Tuesday morning the senior class demonstrated election day for opening exercises. James McGowan and Florence Thacker, Carl Niday and Sarah McQuinn gave talks on Hallowe'en last week.

The visitors in the high school Tuesday were Mrs. Agnes Ross, Misses Marie and Eula Franks.

Helena and James McGowan returned to school Monday morning after several days' visit in Kentucky. Teachers' meeting was held Monday afternoon and Miss Tobin gave a discussion on project method of teaching, chapter 1 by Stevenson.

The latter part of last week and the first part of this week the pupils of the grammar room were reviewing for quarterly examinations.

The junior class called a meeting last Thursday evening concerning a play to be given in the year. They appointed a committee to select suitable plays.

HARDING TO FILL TWO VACANCIES ON SUPREME BENCH

Bill to Retire Justice Pitney Will be Introduced When Congress Reassembles in November.

Washington, Nov. 7.—President Harding may not name a democrat to succeed Justice Day on the supreme court of the United States. This became known today when it was learned at the White House that the president expects to be called upon to name two new justices, instead of one. Besides the vacancy created by the resignation of Justice Day to devote his time to the work of the war claims commission, it is practically assured that Justice Pitney, will be retired because of ill health.

Mr. and Mrs. W. F. Diers had the pleasure last week of entertaining their cousin, H. H. Diers of St. Olaf, Iowa, who with his wife and little son were visiting their Nebraska relatives. They had been in Lincoln and were brought down by Mr. Diers' brother, Henry Diers and daughter, Mrs. Stanton Allen and little Stanton, Jr., of that city. Mr. Diers, of St. Olaf, has a fine stock farm and has been very successful in that line of business. His father, P. W. Diers, also of St. Olaf, has been a reader of the Courier for years and occasionally visited here in the past. From here, the Iowa folks went to Getz, from which point they left for their home.

On the following Sunday, Mr. and Mrs. W. D. Towner and family drove down for a day's visit with the Diers family and enjoyed a few hours in the woods which have been very beautiful in their autumn foliage.—Louisville Courier.

ANTI-SALOON LEAGUE WELCOMES THE ISSUE

Columbus, O., Nov. 6.—James A. White, superintendent of the Ohio Anti-Saloon League, tonight issued the following statement:

"Dry Ohio voters welcome the contest on the amendment to the state constitution permitting the sale of light wines and beer containing 2.75 per cent alcohol content, and are not afraid of the verdict. Under prohibition, the banks of Ohio now have more depositors and deposits than at any previous period. This is true of savings banks and national banks. The resources of the building and loan associations of the state are the greatest in history. This year, these financial institutions are helping to buy and build 80,000 homes. Much money formerly wasted for drink is now being spent on homes and home comforts. There are 20 per cent fewer prisoners in the county jails of Ohio now than when the state had saloons; 20 per cent fewer inmates in the county infirmaries, and 20 per cent fewer children in children's homes, and drunkenness has decreased more than 50 per cent."

"Ohio voters are not likely to go back to the old order of things to gratify the greed of the brewers."

CONDEMN PRACTICE OF PLACING AGED IN ASYLUMS

State Board Finds Over 150 There Who Are Not Insane—Many Sent by Children.

One hundred and fifty aged people in the three state hospitals for the insane are not insane, according to the opinion of the physicians who are at the heads of these institutions, says the State Journal. The patients in question have been legally committed to state hospitals by county boards, though the superintendents of the institutions believe the patients to be merely senile. Many of the patients committed as insane are too old and feeble to do violence if they were so disposed. Many of them are regarded as harmless old folks. Relatives of a large portion of the patients are fully able to care for and keep them. Some were committed to state hospitals for the insane at the urgent request of their own children. Senile dementia, or a mild form of insanity common in old age, consisting of decay of faculties, is what all most of them.

Members of the state board of control have been investigating this matter for some time. The board has received detailed reports from superintendents of the hospitals.

Comments by members of the board upon the lack of filial love as disclosed by some of the cases reported to the board are graphic in some instances. If the board can see its way clear it may direct superintendents of hospitals to discharge as many of the 150 senile patients as can be cared for at the homes of their children.

WILL CONTINUE STATION

The filling station at the O. K. garage will be continued at the usual location for the present at least and the public can find their wants looked after there.

"Gifts That Last"

FIRELIGHT

Just as the warm glow of the burning log cheers our hearts and brightens our spirits, so the gift of jewelry stirs our deepest feeling with delight and appreciation. Unlike the hearthfire which dies to garnet embers and is gone, "gifts that last" are flames of tender sentiment which knows no ashes.
