BURLINGTON VETS GATHER IN BANQUET

Plattsmouth Men in Attendance and Former Resident Here Among the Prominent Officers.

The Veterans' association of the Burlington route held their second annual meeting and dinner at Havelock Monday afternoon and the accompanying banquet in the evening. The total number served at the banquet was 235. The large Masonic hall was filled to overflowing, the crowd being much larger than had been planned for. General officers of the Burlington lines west and officers of the association with their families occupied places at the table.

The program lasted until late at night. Following the dinner which was served after 8 p. m. came the most interesting feature of the evening, the address to the veterans, and to them how much their efforts in behalf of labor peace had been appreciated by the officials of the company.

The reception committee was made up of Mr. and Mrs. J. N. Clemmons, Mr. and Mrs. H. A. Shipman, Mr. and Mrs. H. A. Bell, Miss Hazel Marie Kepner, Miss Eleanor J. Ackerman, Miss Marie Donlan.

At the annual meeting held during the afternoon the old officers were re-elected. They are:

G. C. Hawkins, vice president.
H. B. Kepner, secretary.
G. W. Anderson, treasurer.

Peter Hansen of Lincoln was elected the new member of the board of trustees.

The meeting of the veterans and the dinner following was one of the most enjoyable events in Havelock in recent months, and gave evidence, those promoting it declared, that the shoptown is rapidly coming back to its old form and life. Speakers dwelt on the happy relations existing between the veterans and the officials of the company and praised the officers of the association for the work they had done for the organization.

COLD WAVE HITS FAR DOWN INTO THE COUNTRY

And the Frigidity Will be Carried as Far South as Florida—Have, Montana, is 16 Below.

Chicago, Dec. 5.—Winter today made its first determined onslaught of the season, spreading a trail of zero temperatures thru the northwest and plains states, and causing decided drops in temperatures as far south as Texas in the southwest and central area.

Helena, Mont., with a temperature around 8 degrees below zero was reported the coldest place in the country. Sub-zero temperature was reported throughout Montana, North Dakota and parts of Minnesota, with Havre, Mont., announcing 4 below; Williston, N. D., 8 below; Grand Forks, N. D., 4 below, and Fargo, N. D., 8 below.

The southern Rocky mountain states were warned by forecasters to expect a drop in temperature from fifteen to twenty degrees, attended by slight flurries of snow.

While Montana, Minnesota and North Dakota were experiencing sudden downward jumps in the thermometer, St. Paul, Minn., and immediate vicinity were enjoying a comparatively mild temperature.

Throughout the Mississippi valley states, the breath of winter was manifested in a biting wind that sent the mercury scurrying toward the zero mark. Weather forecasts indicated this wave would spread into the lower lake region and the Atlantic and gulf states, with the exception of Florida peninsula, by tonight or Wednesday.

A continued drop was predicted for today and tomorrow for the southern states.

Illinois after nearly a week of autumn-like weather today was shivering in a biting wind.

Even the sunny south felt the effect of the disturbances in the north west, San Antonio, Tex., registering a drop of nearly ten degrees. But then the temperature was around 72.

Usually cold weather still prevailed today in the Puget Sound district of Washington, though the temperatures of Sunday and yesterday had moderated. Warmer weather was predicted. Despite heavy rains yesterday, some snow remained on the ground.

JAPAN TO EVACUATE SHANTUNG TUESDAY

Nippon's Dreams of Continental Empire Vanish with New Fact—China to Administrate.

Tokio, Dec. 3.—Japan's dreams of an empire in continental Asia came to naught today, when her delegates to the Peking conference signed an agreement with China to evacuate Shantung, December 5, three days later than the date agreed on at the Washington armament conference a year ago.

This delay, however, was not of Japanese wishing. It was requested by China, which was unable on December 2 to take over the administration of the restored province because of lack of funds and equipment.

China, it is true, sent soldiers and civil guards to Tsingtao, in Kiaochow, but according to Japanese officials they were unarmed, and China requested Japan to supply them with rifles, revolvers and machine guns.

Complying with the request, Japan is sending the equipment from this country.

Likewise China has not yet sent engineers to manage gas and water-works, and is unable to guarantee that the needed engineers will be on hand by December 5th.

GOES TO CASPER

From Wednesday's Daily.

Louis Leiner departed this afternoon for Casper, Wyoming, where he will look after the interests of his homestead which is within some six miles of that place and probably take steps to prove upon his claim. Reports are that an oil well is being sunk just along the line of his land and that many wells are being found which give a good output of oil. This looks good for our Plattsmouth citizen and we are hoping that he may also strike it rich as he has been a hard working man and deserves all that may come his way.

THE BIGGEST BARGAIN DAY YET DRAWING NEAR

Forty Business Houses of City Are Represented in Great Advertising Festival On.

The number of business houses represented in the community bargain sales this coming Wednesday is the largest of any since the initial event in June, 1920, and forty business houses of the city are represented in the advertising campaign that details the many wonderful opportunities that are offered by the Plattsmouth merchants at this time.

The special bills advertising the big bargain festival in which the merchants are practically presenting real Christmas gifts to the shopping public are being turned out and in the next two days will be in the hands of the careful buyers so that they will have ample time to arrange their buying. The prices are such as to afford a treat to the smallest or largest pocketbook and represent real values in every way.

In the list of those advertising there is a strictly business representation, no professional men being included in the list and it is one of the best opportunities that the shoppers can have of a thorough representative and general participation by the merchants of the city in the big event.

In the list of special ads is one of an institution that makes the day very notable and the shoppers should be sure and not pass this opportunity by.

A large assortment of beautiful articles suitable for Christmas gifts.—John W. Crabill.

LADIES ARE ACQUITTED

From Wednesday's Daily.

Last evening the police were called to the store of E. A. Wurl where it was reported that there had been a visitation of shoplifters and a box containing a dozen handkerchiefs valued at \$8 taken. The employees of the store related the incidents and under information two ladies were apprehended charged with the offense. The hearing was held last evening at the county court room and resulted in the acquittal of both of the ladies from the charge. They stated they knew nothing of the handkerchiefs claimed to be missing and as there was no trace of the missing articles found anywhere, there was little delay in Judge Beeson releasing the two ladies from the charges filed against them.

SMALLER TOWNS DON'T WANT RAIL BODY CONTROL

Lincoln, Dec. 5.—The League of Nebraska municipalities will oppose any proposed legislation that will give the state railway commission authority over rates on municipal utilities in smaller towns. President William Madgett of Hastings, here attending the league's executive committee, said today.

The legislative fight, which has been going on for ten years, will be especially keen this year, he said, because some of the larger towns have swung to the side of private ownership.

The early Christmas tag and seal purchaser will find the usual big line at the Journal office.

Hall of this place departed this morning for Rochester, Minn., where she will enter the hospital of the Mayo brothers for a thorough clinic and if deemed necessary will undergo an operation for a complication of ailments.
