LOUISVILLE DELEGATION VISITS THE COUNTY FARM

Last Sunday and Spreads Good Cheer Among the Residents—Four From Louisville There.

A delegation from the Bible class of the M. E. church and a few other interested friends drove to Plattsmouth last Sunday afternoon to take a present and a treat to "Dock" Hunter who recently went to the county farm to make his home, as about the age of his advancing age, he did not feel able to work hard enuf to keep up expenses. "Dock" was a faithful member of the Bible class during his residence in Louisville and they wished to remember him at Christmas time.

As there are four former Louisville citizens there, the committee took a treat for them all, and they were delighted to be remembered and glad to see their old time friends. The delegation arrived there in time for their annual Christmas tree, so one of them played Santa Claus, Rev. C. Elliott, pastor of the M. E. church, read from the scriptures and several others sang some pleasing songs and a general good time was enjoyed.

The county farm is under the superintendency of George Goodman, who is ably assisted by his wife and great credit is due Mr. and Mrs. Goodman for the general air of order, cleanliness and hominess of the place. There are about a dozen inmates and all look happy and contented and well cared for. The Louisville visitors received a cordial reception from the superintendent and wife and enjoyed their visit of inspection very much. At the Christmas tree a present and a generous treat was received by each member of the household, which was the gift of the superintendent.

Gabe Pribbe saw the wood for the place and takes his time and works when he feels like it, but always has enough saved on hand in spite of his rheumatic tendencies. Charles Amick is not able to work outside, but is very handy around the house and likes to make himself useful. "Dock" Hunter does a good many of the chores and they are all more than willing to do their share. There is only one woman resident at the home and she is from Louisville. She is Nannie Thompson, the step-daughter of the late Uncle Billy Urwin, who lived west of town in pioneer days. This unfortunate woman was left almost speechless and with her mind somewhat clouded after a severe illness early in life and upon the death of her mother and step-father, her relatives thought she could be better cared for at the home than with any of them, as they were not in very good circumstances. She was glad to meet the visitors and remembered Postmaster A. A. Jackson, who had been their neighbor on the farm a good many years ago and showed her recognition plainly. Those who had known her in olden times had forgotten her and supposed she was dead and it was a great surprise to find her there and looking about as usual.

The delegation consisted of Arthur R. Stander, Charles E. Noyes, P. C. Stander, Rev. C. L. Elliott, A. A. Jackson, Earnest Ahl, Martin Walker, William Cleghorn and Edward Gess. They returned home well pleased with their trip and the pleasure they received was fully as great as that they bestowed and they are enthusiastic in their praise of the institution and its management, and they are proud that Cass county is so well equipped to take care of its unfortunates.—Louisville Courier.

UNION PACIFIC WILL SPEND \$20,000,000 THIS YEAR

And Twenty-Seven Other Roads to Purchase \$350,000,000 Worth of New Equipment.

Chicago, Jan. 5.—Indications of record expenditures by the nation's railroads for new equipment and improvements for the current year were pointed out today by the Railway Age, which stated it had received information that twenty-seven roads planned to spend more than \$250,000,000 this year.

Officials of these railroads, representing about 40 per cent of the nation's trackage, were reported planning even greater expenditures than now decided if conditions were favorable.

Using reports from twenty-seven roads, the Railway Age estimated \$700,000,000 would be spent this year by the country's railroads. This sum, the magazine said, would exceed that of any year in the last decade, except 1917.

The railroad budgets for 1922 equipment and improvements as announced by the Railway Age include: New York Central, \$29,000,000; in addition to \$54,000,000 in contracts let for new equipment; Pennsylvania system, \$65,000,000; Illinois Central, \$2,000,000; Louisville & Nashville, \$27,000,000; Norfolk & Western, \$32,000,000; Union Pacific, \$20,000,000; Baltimore & Ohio, \$18,000,000; Chicago, Rock Island & Pacific, \$15,000,000; Denver & Rio Grande Western, \$10,000,000; Denver & Salt Lake, \$7,000,000; Great Northern, \$3,900,000; St. Louis & Southwestern, \$4,390,000; Western Pacific, \$7,500,000; Arizona Eastern, \$600,000; Chicago Great Western, \$857,000; El Paso & Southwestern, \$600,000; and San Antonio and Aransas Pass, \$395,000.

SHOP CRAFTS LOSE AND WIN IN CONSPIRACY INJUNCTION

Chicago, Jan. 5.—Federal Judge Wilkerson in United States district court today denied the motion of counsel for the Federated Railway operators to dismiss the injunction and the suit in equity alleging a conspiracy to interfere with interstate railway traffic through the shopcrafts' strike, but granted the shopcrafts' motion for a trial in open court.

The court also set aside the order directing that a special examiner take evidence in the suit in various cities throughout the country. This was followed by the granting of trial in open court and the date set for May 2nd.

Decision on the defense motion for a jury trial of the case was reserved by the court until the calling of the trial. The court in its decision denying the motion to dismiss the preliminary injunction against the federated shopcrafts and their officials and those of various system federations, granted last August on the petition of United States Attorney General Daugherty, upheld the government charge of conspiracy, as a basis for the injunction.

Constipation
Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day to carry off this waste, as it is that the waste pipes of your home be kept open and free of the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed. Weyrich & Hadraba.

BERGDOLL MISSING FROM GERMANY TWO MONTHS
Berlin, Jan. 3.—A vigorous forty-eight hour investigation revealed today that Grover Cleveland Bergdoll of Philadelphia, millionaire draft dodger, who was reported to be trying to make his way into the United States disguised as a sailor, has not been seen at his former home in Eberbach for two months.

Bergdoll has been living at Eberbach for about two years or ever since his escape from a military guard in Philadelphia after being sentenced to prison for dodging American military service.

Recent reports that the American department of justice authorities were watching German ships for Bergdoll led the International News Service to make an investigation.

Those were the results:
1. Bergdoll disappeared from his home at Eberbach two months ago.
2. Bergdoll's motor car, which was a familiar object on the roads about Eberbach, disappeared at the same time.

3. Bergdoll had intimated his intention of "taking up a trip" but his friends believed that he merely contemplated a motor journey.

An attempt was made by detectives connected with the American army of occupation on the Rhine to kidnap Bergdoll, but it failed.
