OMAHA TO HAVE POWERFUL BROADCASTING STATION

500 Watt Output from Aerial 100 Feet Above W. O. W. Building Will Carry Many Miles.

Omaha is to have a mammoth radio broadcasting station that will be the equal of any in the country in the near future, according to announcement made by W. A. Fraser, sovereign commander of the Woodmen of the World lodge.

The studio will be located on the 19th floor of the W. O. W. building in Omaha, and the 100-foot antenna towers are now being raised from the roof of the building.

It is said that within six weeks the world will be listening to W.O.W.

Definite plans for schedule of entertainment and information to be broadcast are now under way in the hands of a special committee of the Omaha Chamber of Commerce.

The broadcast apparatus will be of standard Western Electric type to be installed by Western Electric company experts, from New York.

Will Render Programs Programs will be radiated from a sound-proof studio second to none in the country and so arranged as to give the most volume to the voice or music without the hollowness that is possible in the case of the present studios now in use by several of the larger stations of the country.

This studio is being constructed on the nineteenth floor of the Woodmen of the World building at a cost of some \$15,000.

The broadcasting apparatus will cost more than \$14,000, and with installation costs, the entire station will represent an outlay of approximately \$20,000.

However, it should be worth several times that amount from the standpoint of advertising Omaha and Nebraska to the world, and if the business interests of Omaha subscribe to the expense of its daily operation they will find it money well spent.

Specifications call for a 500 watt output, which is five times that of Omaha's most powerful station now, and the equal of all the present broadcasting stations of the country today.

Its radius should cover the entire United States and Canada and under favorable conditions it messages should be picked up as far away as Alaska and the Hawaiian Islands.

The 190 foot high antenna from atop Omaha's tallest building will place the station at a distinct advantage compared with those of many stations over the country.

Plattsburgh radio fans will welcome the appearance of W.O.A.W. in the air and take great interest in the fine array of talent we feel sure will be made available from its fine new studio.

A HAPPY OCCASION From Saturday's Daily.

This morning Mr. and Mrs. John H. Hallstrom received the pleasant news of the arrival of a fine little son at the home of their son, J. E. Hallstrom and wife at Avoca.

The mother and little one are both doing nicely and the occasion has brought a great deal of pleasure to the happy father and to Grandpa Hallstrom as well.

RETURNES FROM HOSPITAL From Saturday's Daily.

This afternoon Miss Laura Grassman returned home from the Clark-hospital where she has been for the past few days recovering from an operation for the removal of her tonsils and adenoids. She is feeling very much improved and doing very nicely.

NEW BABY BOY The stork this morning visited the home of Mr. and Mrs. Otto Pitz and left in their care a fine little son and heir who, with the mother, is doing nicely and Otto is accordingly happy.

OLD VETERAN OF CIVIL WAR DIES

Freelove Turner Pioneer of Mills County, Iowa.—Member of Nebraska Regiment.

Taps sounded for another veteran of the Civil war when on December 28, Freelove Turner answered the summons of death. Freelove Turner was a loyal citizen and lovable man. He was a pioneer whose history is an interesting one.

For several months he had been an invalid and had received the constant care of his wife and children. It was a real pleasure for his friends to be able to visit and receive the cheer and interesting reminiscences of his long life.

Freelove Turner was born in Lincolnshire, England, November 10, 1839, and died at Council Bluffs December 28, 1922, aged 83 years, 1 month and 18 days. For many years he was a resident of St. Mary and Oak township. In later years he came to Glenwood and made a home here until a few months ago, when he and wife moved to Plattsburgh to have the help of a son and then later to Council Bluffs to be with another son.

Freelove Turner was a veteran of the Civil war and his comrade, A. D. French, has given us the following concerning him: He enlisted November 2, 1862, in Company H, 2nd Nebraska Volunteer Cavalry, commanded by Captain John W. Marshall. He served until the close of the war.

The body of Mr. Turner was brought to Glenwood cemetery for burial on December 29 afternoon. The ritualistic funeral service of the G. A. R. order was given at the grave by members of Abner Kearney Post, Glenwood. The G. A. R.'s who attended the service were, by the courtesy of our patriotic citizen, M. Boyer, conveyed to and from the cemetery. It was an act much appreciated by those attending.

The deceased is survived by his widow and eight children and two brothers, 31 grandchildren and 24 great grandchildren. Those present at the funeral were John Turner and family, Council Bluffs; Louis Turner and family, Stella, Nebraska; Eben Turner and family, Plattsburgh; C. H. Gowens and family, Council Bluffs; Will Gowens and Mrs. George Dalton, Missouri Valley; Mrs. Clara Bailey, Polson, Iowa.—Glenwood Tribune.

ENJOY NEW PEAR PARTY

A number of the friends and neighbors of Mr. and Mrs. Fritz Siemone gathered at their hospitable home near Cullom to watch the old "pear" on which the party was held.

The evening was spent in dancing and singing, the music for the occasion being furnished by Musical Liz. A fine luncheon was served at a late hour and in the early hours of the new year the guests departed home.

Those attending were John Halmes and family, Peter Halmes and family, Philip Born and family, Will Hinz and family, Albert Tschirren and family, Will Meisinger and family, Herman Weiss and family, Julius Helficker and family, Henry Hyde, Otto Peterite and family, Charles Stoehr and family, Alvie Stull.

ADMIT SEARCH FOR JEWELS

Government Officials Make No Secret of the Fact that They are Interested in Story.

New York, Jan. 5.—Government officials today frankly admitted they were investigating reports that Russian crown jewels to the value of \$4,000,000 had been smuggled into this country in the coffin of an American sailor and buried in the national cemetery in Brooklyn.

While authorities in Washington continued to disclaim official knowledge of previous efforts to locate the jewels in the Brooklyn grave, as set forth yesterday in a copyrighted story published by the Chicago Daily News, it was announced both here and in Washington that the story of the smuggled jewels, now that it had been printed, would be thoroughly investigated, but that the dead would not be disturbed unless sufficient evidence should be produced to warrant opening the grave.

William B. Williams, special agent of the treasury department, who previously admitted he was working on "a Russian jewel case," preserved strict silence until Assistant Secretary Clifford in Washington had issued an official statement, announcing that an investigation had been ordered.

Meanwhile the grave of Seaman James Jones, who died on the army transport Edellyn at Gibraltar in August, 1920, on the way to the United States from Vladivostok and into whose coffin the jewels were reported to have been slipped, remained undisturbed under its mantle of snow.

A band of reporters who assembled at the cemetery shortly after dawn, and remained there during the day, obtained from Superintendent Buschman confirmation of the fact that Jones was buried in the cemetery.

Mrs. F. P. Jones Declares She Feels 15 Years Younger Since Tanlac Overcame Indigestion.

"Before I began taking Tanlac a half hour at cleaning house would tire me more than a whole day's work does now," is the statement of Mrs. F. P. Jones, 2908 Halstead St., Chicago Heights, Ill.

"I have answered lots of questions lately about what it is that has made me look so healthy and happy and full of energy and it always gives me pleasure to speak a good word for Tanlac.

"My troubles were indigestion, extreme nervousness, poor appetite and countless headaches. I was so tired and worn out I often had to sit down and rest while about my household affairs.

"My daughter took Tanlac and praised it so highly that I began taking it, too, and after the first bottle I felt more active than I had in a long time. Three bottles made such a difference in me that my friends stopped me on the streets and said I looked fifteen years younger, and I certainly do feel that way, too."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

MORE CARS ARE PROMISED The state railway commission received a telegram Friday from President Bush of the Missouri Pacific in response to its peremptory insistence that more cars be furnished for the grain shippers in that road's territory.

The situation in Missouri Pacific territory has been bad. An average of one car a station per week has been the best it could do in recent weeks.
