Settle Those Accounts

With the closing of the year's business, we must adjust the open accounts, and this is an invitation to all knowing themselves indebted to the Farmers Mercantile Company to come in and make adjustment of the accounts which you have run during the past.

We have to pay cash for the goods which we purchase to sell you and must start with a clean slate on February 1st, 1923. Do not wait until the last day to attend to the matter.

Received Cut in Face

While Clyde Porter was splitting wood the other night in some way the ax which he was using, got entangled with his work and in some way the edge struck his face in some way cutting a gash which required the surgeon and some two or three stitches to close. He is getting along well at this time.

Visits His Home Town

Sheriff Peter Clarence of Cedar county, of Hartington, who has during the past week been in attendance at the sheriff's convention at Lincoln, stopped in Union, his old home town, for a short visit with his many friends and admirers here.

Booze in the Gasoline

Gasoline and booze will not mix with any good results. This has been proven many times over, but still people endeavor to demonstrate it to their hurt. One day last week a car containing Sherman Bidwell, a pool hall man from Johnson, Neb., and Mrs. Bidwell, of Omaha, went in to the ditch near the home of W. T. Swan, with the result that both men were quite badly injured. After having been sewed up by Dr. E. S. Furay, they were taken to Omaha and the booze, "Oh where has it gone?" Ask of the winds that far around strewn bits of meat and bone.

Union School Notes

A question asked in XI Algebra: "Is the quotient the product you get when you subtract?"

Wilda (reciting in X History) — "Napoleon's men were men who walked on their own feet."

A water jar has been procured for the use of the high school and has been placed in the hall upstairs.

The first half of the school term closes with this week and examinations will be given Thursday and Friday.

Mrs. R. Foster visited the primary and intermediate rooms last week. We were also glad to have Misses Dorothy and Ruth Cross of Arriba, Colorado, visit us.

The girls of the High School Out Door club enjoyed a three mile hike last Wednesday after school. They succeeded in arousing an appetite and needless to say Mothers' cookie jars suffered.

With astonishment the girls of the sewing class discovered that it is not so easy to stitch evenly on a sewing machine as they had heretofore thought. They are putting to good use the Singer sewing machine recently purchased for the school.

Last week seemed to be a week noted for its opening exercises in the High School. On Tuesday the Senior class entertained us with a program of readings and music. Then Wednesday morning the Freshmen came to the front with a similar entertainment. After a rest on Friday morning the Juniors conducted a "Pop" meeting. We will say that there are not any weak lungs in that group.

DECREASE NOTED IN THE AMOUNT OF GRAIN MOVED

Car Shortage and Unsatisfactory Market Cut Shipments Down Over a Year Ago.

Arrivals of wheat at Kansas City, Omaha, St. Joseph and Wichita, the four principal grain markets in the tenth district, July 1 to November 30, inclusive, aggregated \$2,349,150 bushels. This total compares with 104,025,350 bushels arriving at the same markets in the corresponding five months last year. This year's decrease of 21,676,200 bushels, or 20.8 per cent, is largely attributed to freight car shortage and unsatisfactory market conditions. While it is apparent that the wheat harvested in the district in 1922 was about 7.2 per cent less than the crop of 1921, there was a carry-over of old wheat last July which would indicate that the market supply during the present year has been approximately the same but little below that of last year. Some evidences of improvement in the car supply were noted during the latter part of November and the total receipts of wheat at the four markets during the month were 12,124,659 bushels. This total showed about the usual seasonal decline in receipts, being 964,050 bushels below October receipts, but it was 4,966,100 bushels larger than the receipts in November of last year.

Receipts of corn, oats, rye and barley as the four markets during November recorded material increases over receipts during October. November receipts compared with those of November of last year, showed increases of 109.7 per cent in corn, 357.4 per cent in oats, 207.4 per cent in rye and 52.5 per cent in barley. Receipts of Rye were 41.8 per cent larger in October, but 28.4 per cent less than the receipts in November of last year.

Receipts of wheat in elevators at Kansas City, Omaha and St. Joseph on December 2 totaled 6,202,000 bushels, which was within 5,000 bushels of the total stocks one month previous to that date.

STINGING REBUKE TO HIGH IS MADE PUBLIC BY BRYAN

National Head Reputedly Nebraska Anti-Saloon League's Partisan Stand in Last Election.

After waiting more than two months for F. A. High, superintendent of the Anti-Saloon league in Nebraska, to make public a letter from the national superintendent of the organization which reputedly High's partisan activities in the late campaign on behalf of republican nominees, Governor Bryan himself gave out copies of the letter on Saturday.

The communication, written eight days before election, is a severe rebuke to High for his attempt to put Bryan in the "unsatisfactory" class of candidates because the latter was on the same ticket with Senator Hitchcock and supporting him for reelection. It called on High to make an immediate correction, but this was not done.

"I received this copy of the letter through the mails when it was too late to be of service in the campaign," the governor told newspaper men. "Whether Mr. High sent it to me for my personal information and peace of mind, or whether it came from another source, I have no means of knowing."

"Mr. High called me on the telephone night before last and endorsed my appointment of T. W. Carroll as chief deputy law enforcement officer. In view, however, of the fact that he is entirely out of touch with the dry sentiment in Nebraska and does not represent or speak for it, as evidenced by the majority of 50,000 votes against his favored candidate for governor, and he has been reprimanded by the national superintendent of his own organization, it does not seem particularly important whether he approves the appointment of Mr. Carroll, or not."

Mr. Bryan has received no word from S. K. Warrick of Alliance, president of the state Anti-Saloon league, who signed a campaign circular pointing in High's attack upon him.

REAR ADMIRAL SIMS ATTACKS NAVAL PACT

New York, Jan. 15.—The Washington naval agreement gives Britain and Japan greater seapower than the United States, according to Rear Admiral W. S. Sims.

Speaking at Grace Methodist Episcopal church, Sims asserted that America "theoretically" ranked below Britain and Japan because those nations have guns of heavier caliber. This, he declared, nullified the 5-5-3 tonnage ratio.

Furthermore, according to Sims, the Washington agreement is unimportant because it does not control the building and arming of air fleets, which will figure largely in the next war.

"It had not been for the British grand fleet keeping the German fleet off the high seas, you Americans would be learning to speak German today," Sims said.

Denies Order
Cleveland, O., Jan. 15.—Assertions of Admiral W. S. Sims that the order at the outbreak of the world war was "to go slow with the navy and do nothing with the army" was denied here today by Newton D. Baker, former secretary of war.
