GOVERNMENT RE-PORT SHOWS AN IN-**CREASE IN SHEEP**

Number in Nebraska Shows Increase Over Last Year-Marketing is Brisk Over the Country.

Nebraska had 697,000 lambs and at the home of Mrs. Fred Krecklow sheep on feed, Jan. 1 as compared to for the day last Thursday. derson of the division of crop and Sunday. live stock estimates. Nebraska marketed 145,000 fat lambs and sheep at feeding station in addition to the day. those driven to feed lots at Omaha. The report for all states show a 30 1922, due largely to a 40 per cent Wednesday. increase in western irrigated sections. Since the supply on feed during the first four months of 1922 Mr. George Schafer and daughter, McCoull of Lincoln and has kept was greatly under that of 1921, the present supply is not expected to vary much from that of 1921.

The two principal feeding areas of the country are the corn belt states and the western irrigated region. There is an increase of 40 per cent in the number of sheep and lambs on feed in the latter over Jan. 1, 1921. For the corn belt states, the area west of the Mississippi river, is estimated at 11 per cent above January 1, 1922, and the area east at both areas. Of the corn belt states, hospitals there. Illinois shows the largest increase over January 1, 1922, being 30 per co has just put on a new bus line ate dinner was served. gan and Wisconsin, 20 per cent.

Colorado shows an additional inment of feeders during December. ing Sunday with relatives in Lin-Colorado had 1,500,000 sheep and coln, making the trip via their autolambs on feed, January 1, 1923, com- mobile, and after having had a most are distributed as follows: 1,175,- evening. 000 in northern Colorado, 275,000 in many on feed as a year ago.
