ALLIANCE MAN HEADS NEBRASKA TEACHERS

W. R. Pate Wins Over H. H. Reimund of Tekamah and Belle Ryan, Omaha Candidate.

W. R. Pate, superintendent of schools at Alliance, was chosen president of the Nebraska State Teachers association at their meeting yesterday at the Rome hotel in Omaha.

Other officers elected were: Vice president, Superintendent O. A. Wirsig, Kearney, on third ballot; John Matthews, Grand Island, treasurer.

A committee was named to confer with county superintendents in regard to adjusting district meetings and county institutes.

Important Announcement!

No Further Reductions on Men's and Boys' Clothing During January and February

We make this announcement at this time, that our friends and customers may be guided accordingly. It is our aim to sell, at all times, standard quality clothing at unequalled low prices, and will not substitute inferior merchandise to appear as a bargain.

Our prices today on Men's Suits and Overcoats are \$5 to \$15 less than the lowest price that standard clothing is sold for. We guarantee our clothing prices against further reductions.

EARLY PIONEER OF ELMWOOD ANSWERS LAST CALL

Aaron Gamble, Who Came to County Over 40 Years Ago, Passes to Reward Last Week.

In the passing of Aaron Gamble, one of Cass county's earliest citizens passed to his reward. He was identified with the history of the early pioneer days.

Aaron Gamble was born January 11, 1845, at Kilsre, Londonderry, England, where his parents, Thomas and Eliza Gamble were born and passed their life time.

At the age of twenty-four years he came to the United States and located at Kinsman, Ohio, where he lived nine years, later coming to Plattsmouth, Nebraska, where he remained one year, coming to Elmwood in 1873, where he lived with his brother and family and passed his final reward January 13, 1922, at the age of seventy-eight years and twelve days.

He was one of a family of seven, three brothers and three sisters, all preceding him in death except one brother, James B., of this city.

LEAGUE HAS LIMIT, PEPPER DECLARES

Pennsylvania Senator Says it is Impotent to Deal With Existing Crisis in Europe.

New York, Jan. 19.—Using the example furnished by the present reparations crisis, Senator George W. Pepper of Pennsylvania declared in an address before the New York state association here tonight that the league of nations, originally conceived as a "combination of states to keep peace by force" had undergone a wholesale evolution into a useful international council of social welfare.

Had the league followed out the strict provisions of its covenant, said the Pennsylvania senator, it would now be engaged in steps preliminary to a concentration of actual force to compel France and Germany to settle their quarrel amicably.

Senator Pepper declared that for the United States to propose a reparations conference would serve no good purpose, predicting that "not until the fog lifts" would the American government take action to aid toward a final reparations settlement.

"The dispute between France and Germany," he said, "is a dispute between a member state and state not a member. Under article seventeen, it is the duty of the league to invite Germany to accept the obligations of membership. If this duty were performed and if Germany accepted the situation would then be covered by article thirteen.

"It thus appears that the covenant of the league of nations is so drawn as to be precisely applicable to the complication which has arisen. Yet the league has not performed its covenant duty and it appears to be conceded by everybody that the organization is a negligible factor in such a situation."

THEODORE HEIM IMPROVING

We are glad to be able to report that Theodore Heim is slowly improving from the fall he sustained during the icy spell last November, when he fractured his hip. He was taken to the Methodist hospital in Omaha, where he has been under treatment ever since.

Mr. Heim's host of friends have sympathized with him in his trouble and regret very much the accident that has kept him down during all this fine weather when he could have enjoyed getting about, as he was always a very active man for his years.

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, especially during the winter months.

COURT HOUSE QUIET

The peace and quietude that is like the calm of a bright summer day seems to have descended on the activities at the court house and not even the occasional marriage license or filing of civil suits mark the progress of the last few days.

MILEAGE SALARY OF SHERIFFS HIT

Proposed Bill Would Reduce Amount Paid Them—Another Hits at Gun "Toting"

Lincoln, Jan. 19.—Another bill drawn by sheriffs of Nebraska, was introduced in the house today by Representative Bailey of Thayer county and Representative Peterson of Kearney.

It would reduce the mileage of sheriffs from 15 to 10 cents inside the county and from 10 to 5 cents outside the county.

Another bill, aimed at gun toting, was introduced in the senate by Larkin of Omaha. It provides that firms selling revolvers or pistols shall not advertise them in the windows or stores; that they shall be required to apply for licenses from the chief of police or sheriff and shall keep a record of the names, addresses and occupations of persons to whom these weapons are sold.

It provides also for an additional sentence of five years to be applied to any person convicted of a crime, if it is shown he carried a weapon at the time the crime was committed.

HAS EXPERIENCE OF BEING UNDER FIRE RECENTLY

Joe Mrasek, Resident of Near Murray, Has Experience of Being Shot at in this City.

A few nights ago Joe Mrasek, one of the well known residents of near Murray, had an experience that was rather exciting for a few moments and which was not unlike the strenuous day of warfare when the hum of bullets was the favorite music of the battle front.

Mr. Mrasek was driving along the south portion of Chicago avenue and when near the Elliott place was surprised to hear the report of a revolver and the hum of bullets as someone commenced shooting at the tires of his car and this continued for some little time and Mr. Mrasek stepped on the gas and came on into the law from the onslaught of the sharpshooter.

WITH THE SICK

Mrs. Frank E. Pfoutz, who is at the Methodist hospital in Omaha, is doing very nicely, following her second operation on Tuesday and is now able to take nourishment and seems to be well on the highway to recovery.

The condition of Mrs. Fred H. Wynn at the Immanuel hospital is as good as could be expected at this time following her very severe operation and the patient while coming through the operation fine, is still in quite serious condition.

Reports from the Presbyterian hospital in Omaha state that the condition of Tom Rabb continues about the same but little change and the patient is still quite weak as the result of his nine weeks confinement in the hospital. Members of the family who were there yesterday report that the surgeons are expecting to give him an examination and then will be able to report more definitely on the condition of the young man.

SHOWS UP STRONG

Alfred Calvert, last year a member of the Plattsmouth high school basketball quintet, but who is now attending the high school at York, is gathering in honors as a player on the high school team and in the game last night at York against the Lincoln high school was one of the stars of the event and assisted York in making a showing against the strong capital city five. Though York was defeated by the score of 34 to 28 they furnished a real thrilling finish as the score in the first half was 28 to 4 in favor of Lincoln and Calvert and Ostbloom of York were largely responsible for the aggressive showing made by the out state team.

NOTED ATHLETE PRAISES TANLAC

Expert Physical Instructor in Chicago Declares It is Just the Thing to Build One Up.

"Tanlac has scored a 'knock-out' over all my troubles, gave me back my former vigorous health and strength and made me feel fine from head to foot," declared George Finerman, 1835 South Turner street, Chicago, Ill., a well-known physical instructor and one of Chicago's clearest amateur boxers.

"Well, Tanlac gave these troubles a terrific blow, and now I am eating, sleeping and feeling better than ever. I have more energy, can do better and faster foot-work and the most strenuous exercise never tires me now. I am glad to recommend Tanlac to anyone—in or out of athletic circles—for it certainly strengthens and builds a man up. It's great."

Tanlac is for sale by all good druggists.

CAPPER FARM CREDITS BILL PASSES SENATE

No Opposition or Roll Call; Consider Lenroot Measure Next, Then the Ship Subsidy.

Washington, Jan. 19.—Passage by the senate today of the Capper agricultural credits bill was followed by arrangements for immediate consideration of the supplementary farm credits measure, the Lenroot-Anderson bill until Monday.

The Capper bill was passed without opposition or a roll call. Considerable criticism revolved about its alleged insufficiency to aid the farmer, and advocates of the Lenroot-Anderson bill contend that it will go much further.

Administration leaders were agreed upon a policy of holding the Lenroot-Anderson bill before the senate until disposed of before proceeding with the administration shipping bill. It is hoped to reach a compromise of the last farm credit bill next week, and thereby break the legislative jam which has held up the shipping measure.

REID'S FORTUNE A HUNDRED THOUSAND

Estimated at One Time to Have Been a Million, but Has Dwindled—\$70,000 Insurance.

Los Angeles, Jan. 19.—Altho the fortune of Wallace Reid, who died here yesterday, was at one time estimated at close to \$1,000,000, it was declared today that this has dwindled to \$100,000, a certain amount of which consists of notes of doubtful value. Reid has been receiving \$500 a week from Lasky's throuth his illness.

He was carrying \$70,000 insurance at the time of his death, it was said.

FEDERAL AID IS SNAG

Prompt consideration by the house of the senate's farm credit program is said to be assured, a committee already being engaged at work on the matter. In both the senate and house the principal contest over the legislation is predicted for the Lenroot-Anderson bill because of its government aid features through plans for federal subscription to \$60,000,000 stock for twelve new credit departments. One in each reserve district.

HAS SEVERE FALL

Fred Menchau, Sr., one of the prominent residents of Elmwood and who is well known over Cass county as one of the time-tried republican war horses, has recently been the victim of a severe accident. Some time ago Mr. Menchau injured one of his knees and this has given him more or less annoyance and inconvenience in getting around and thereby hangs the tale of his more recent accident.

SEVERAL CHANGES IN LAND OWNERSHIP

Louis Hollenbeck sold his eighty acres of land northwest of town to his brother, Earnest Hollenbeck for \$13,000. This transaction also included some stock. Earnest Hollenbeck's disposal of this eighty acres adjoining the Lloyd Miller farm for \$14,000, or \$175 per acre. Louis Hollenbeck still has an eighty adjoining Skyline Miller's eighty and farmed by Skyline. Earnest Hollenbeck lives on his father's farm of 160 acres and will farm this eighty purchased from Louis, making 240 acres. Louis Hollenbeck's will come back to town to make their home.—Elmwood Leader-Echo.

GLENWOOD LOSES A ONE SIDED GAME

Members of Co. I of Glenwood Have the Worst of a One-Sided Battle With Morgan Team.

If there had been any doubt as to the outcome of the basketball game at Glenwood between the members of the Co. I team and that of the Morgan Sweet Shop of this city, it was wiped out last night at the high school gym when the Morgan team won by the score of 46 to 20 and in danger of having the visitors look like getting serious.

The Iowa team played fast and furious but were unable to deliver the necessary goals to make a healthy showing as the defense of the locals was iron clad and in the work of Brubacher at guard the visitors were held all through the game as he blocked many of their tries for goals. McCarty, while in game rolled in many baskets and in fact the whole Morgan team were able to toss the baskets with more or less ease. The visitors, familiar, evidently, to a hard floor, tried repeatedly for long throws and made a number of their points this way, but the larger number were fruitless.

The contest was refereed by Stuart Chase of the high school team and who served with fairness and good judgment.

Following the main event the 8th and 9th grade teams played an exciting contest in which the freshmen won over the grade team by the score of 8 to 6. The young players showed lots of pep and were right in the game all of the time and the eight graders suffered the loss of a game when one of their players dumped the ball in their own basket instead of that of the enemy. The eighth graders showed some fast team work but lost a large number of tries for the baskets while their opponents were more fortunate in their efforts.

WILL LOOK OVER SITUATION

This morning John Richardson and sons, Floyd and Claude, departed for Peru where they will look over the situation there relative to the establishment of a ferry over the Missouri river at that point to connect with the Missouri side of the river and which will make a shorter route from Missouri points to Omaha and the north than heretofore.

If the conditions are favorable to the placing of a ferry, Floyd Richardson will be placed in charge of the ferry landing that will permit travel in comfort. Messrs Richardson have operated the ferry at Plattsmouth for a long period of years and more experienced men in this line cannot be found anywhere in the state.

DEGREE OF HONOR MEETS

The members of the Degree of Honor held a very pleasant meeting on Thursday evening, January 18, and at which time the newly elected officers of the lodge were installed as follows:

First Vice President—Mrs. Mable Ofe. President—Elizabeth Bletery. Second Vice President—Mrs. Nannie Burkell. Recorder—Mrs. Minnie Bulin. Treasurer—Mrs. Hermie Svoboda. Inside Watch—Mrs. Ella Wurll. Outside Watch—Mrs. Henrietta Ofe.

WOULD MAKE DRIVING CAR DRUNK A FELONY

Lincoln, Jan. 17.—Driving an automobile while in an intoxicated condition would be made a felony and punishable by penitentiary sentence under a bill introduced by Representative Timme of Omaha today. Representative Baldrige of Omaha in a bill introduced today seeks to have aiding or abetting the commission of any crime punishable, just as severely as the commission of the offense.

Having sold my Reo truck to Mr. Clyde Foster, any one wanting hauling done, would do well to call him. Telephone 248-W. Thanking you for your favors.

THOUSANDS PAY TRIBUTE TO REID

Film Studios Closed Today to Allow Workers to Attend Funeral of Famous Movie Star.

Los Angeles, Jan. 19.—Hollywood's film population and the thousands of friends here of the dead screen star, Wallace Reid, were planning tonight to pay final tribute to him at simple funeral services Saturday afternoon at the First Congregational church in Los Angeles.

Hundreds of floral offerings continued to arrive at the Reid home and at the Lasky studio where Reid starred in many comedies. Directors of Hollywood's many studios arranged to cease work shortly before the funeral so that all the workers in the industry might attend last rites of the actor who lost his life in the fight to conquer drug and liquor habits. From 10 until 2:30 Reid's body will lie in state at the church, and the public will be permitted to review it. At 3:30 the Episcopal service for the dead will be read by the Rev. Neal Dodd, pastor of St. Mary of the Angels, after which officers of the Elks lodge, to which Reid belonged, will read the ritual of that order. Then Reid's body will be removed to a Glendale cemetery for interment, in accordance with his expressed wish. Reid's two children, William Wallace, Jr., and Betty Jane, will not be present at the services. "There is no reason to sadden the hearts of the children," Mrs. Reid was quoted as saying.
