PASSING OF WEEPING WATER LADY

Mrs. G. E. Cullison, Highly Respected Resident Dies at Omaha Hospital Monday.

Mrs. Laura Cullison was born at Powhattan, Kansas, August 16, 1852, and died at a hospital in Omaha on February 5, 1923, aged 70 years, 5 months and 19 days. Mrs. Cullison took sick last Christmas evening and was never real well again. Four weeks ago she was taken to the hospital in Omaha for treatment and was never able to be out again, although she seemed hopeful to the last.

Thirteen years ago she was united in marriage to George Edward Cullison. She was the mother of three children—two boys and one girl—Seymour Page, eleven; Raymond Edward, ten; and Florence Marie, eight. When a little girl of twelve years she united with the Methodist Episcopal church, of which she remained a faithful member until the day of her death. She was also a member of the Royal Neighbor lodge of Weeping Water. She was a good mother and had the love and respect of all who knew her.

Her husband and three children, she leaves her father, E. H. Buck, three brothers and two sisters, with a host of friends to mourn their loss.

The funeral services were held at the M. E. church Wednesday at 3:00 p. m. and were conducted by Rev. C. I. Rose, and were attended by the Royal Neighbor lodge in a body and a large number of friends, the church being crowded to its capacity to pay a last tribute of love and respect to one of their true friends and members. "I am the resurrection and the life, saith the Lord; he that believeth in Me, though he were dead, yet shall he live; and whosoever liveth and believeth in Me, shall never die."

The remains were shipped to Powhattan, Kansas, the old home, last Thursday morning, where the body was laid to rest.—Weeping Water Republican.

"IN A BAD WAY"

Many a Plattsmouth Reader will Feel Grateful for this Valuable Information.

If your back gives out; if you become lame, weak or aching; if urinary troubles set in; perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys.

Local evidence proves their merit. C. T. Archer, painter, of Locust street, Plattsmouth, says: "As a rule all painters are bothered with disordered kidneys because of the fumes of the turpentine. This has always affected my kidneys when I have had inside work to do. I have had to get up often at night to pass the secretions. Sometimes when going up or down the ladder I would have quick stitches take me in my kidneys that felt like needles. I have always found Doan's Kidney Pills a reliable medicine. They always give me relief and keep my kidneys in good and active condition. I wouldn't be without Doan's."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Archer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Chamberlain's Cough Remedy Aids Nature

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It stays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold. Weirich & Hadraba.

The human system is constantly appealing to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.
