MRS. MANCHESTER QUITE SERIOUSLY ILL

Condition Is Reported Slightly Improved; Still Unconscious—Has Been in Poor Health

Mrs. Emma B. Manchester, former supreme guardian and organizer of the Woodmen Circle, is seriously ill at the home of her daughter, Mrs. G. M. Jackson, Lincoln, Neb., according to word received from the sick room this morning. Her condition was reported slightly improved.

Mrs. Manchester was prominently identified with the organization and growth of the Woodmen Circle. She was elected supreme guardian in 1895 and continued in that office until 1919. Her work was instrumental in building the organization from a small beginning up to the immense membership of the present day.

Two sons, Ross Manchester, 4223 Cass street, Omaha, and William Manchester, California, have been during the past week when no hope was held for her recovery.

Mrs. Manchester has been in poor health for several months, and was stricken during a recent visit to her daughter's home. She has been in an unconscious condition for the past week and only members of the family are permitted to see her.

RECOVERING SLOWLY

From Friday's Daily. Mrs. Fritz Siemoneit from west of the city, who has been at the Immanuel hospital in Omaha for the past few weeks, having undergone an operation there, is reported to be showing some improvement which is very encouraging and leads to the hope of her permanent recovery. Mrs. Siemoneit has been in very poor health for the past two years and the operation it is hoped will result in her receiving relief from her long suffering. Mr. Siemoneit was in Omaha today visiting with his wife.

DID YOU RECEIVE ALIMONY LAST YEAR

Or Were You Successful in a Breach of Promise Suit, Asks Collector of Internal Revenue.

Did you receive alimony during the year 1922? Were you successful in a breach of promise suit entered against a former admirer?

Personal questions, very, but important to those to whom they apply in the preparation of an income tax return for the year 1922.

Alimony received as alimony are not taxable income. Such payments do not have to be included in the income tax return of the person receiving them, nor may they be deducted from the gross income of the person paying them. In this respect, payment of alimony may be likened to a personal or living expense, which is not deductible. However, a woman who has won a breach of promise case, or has accepted a settlement, must include the amount in her income tax return. The Bureau of Internal Revenue has ruled in such cases that the amount received "is not to be regarded as a return of capital, since the benefits of which the injured party was deprived were merely anticipatory."

Members of a labor union may deduct as a business expense dues paid year 1922. Such dues are held by the Bureau to be necessary expenses incident to the earning of their wages. A member of a labor union who, while on strike, receives payment from an organization must include in his income for the year such items.

The taxpayer who in 1922 recovered damages for defamations of personal character need not include in his return such amount, inasmuch as it has been held to be non-taxable income. The revenue act specifically exempts amounts received through accident or health insurance, or under workmen's compensation acts as compensation for personal injuries or illness, plus any additional amount received by suit or agreement in such cases.

To avoid penalty, returns should be filed on or before midnight of March 15. Free advisory service in the preparation of forms is offered at the office of the Collector of Internal Revenue in Omaha, or nearly any bank in the country.

SARPY COUNTY TO DEDICATE NEW COURT HOUSE TONITE

This evening at Papillion will be held the ceremonies of dedication of the new Sarpy county court house, which has just recently been completed and which replaces the former venerable building that has been in use since the early days of the county.

District Judge James T. Besley will deliver the chief address. The occasion and the genial judge, who is a native son of Sarpy county, will give the good people of that community a real address.

The committee of the legislature that has the matter of the consolidation of Sarpy county with Douglas county will be present and the matter will be thoroughly discussed by the various parties interested.

PROHIBITION OPPOSED BY CONGRESSWOMAN

Washington, March 6.—Announcement that Mrs. Mae E. Nolan, who recently became a member of the house from the Fifth California district, succeeding her husband, the late John I. Nolan, had assured the Association against the prohibition Amendment that she would work for modification of the Volstead act, was made tonight by the association, which said in a statement that Mrs. Nolan had summed up her stand on prohibition as follows:

"I believe in the modification of the Volstead act and am for the control of alcoholic beverages by the government. This would stop traffic in impure liquors that is now a menace to public health; would eliminate the un-American interference with personal liberty that the present laws permit.

"It would remove disregard for laws that do not represent the will of the majority that is a growing danger to our national life."

SIGNS OF SPRING

Surely the birds of spring are on the wing and one of the indications of this is the number of "tourists" who are making their way through via the side door Pathways to the great north after wintering in the milder climes of the south. The police last night had five of these quartered at the jail for the evening and this morning they resumed their journey northward.

Prices Still Far Above 1913 Level. However—Decline in Omaha 1 Per Cent for Month.

Washington, March 9.—Retail food cost in all of twenty-two representative cities decreased between January 15 and February 15, according to figures compiled by the labor department. Compared with the average prices in 1913, however, the range was 21 per cent to 50 per cent higher.

As compared with the average cost in the year 1913 the retail cost of food on February 15 was 37 per cent higher in Omaha and San Francisco; 31 per cent in Denver and 21 per cent in Salt Lake City.

Prices were not obtained from Butte and St. Paul, hence no comparison for the ten-year period was given for these cities.

ASKS NEW TRIAL

The Plattsmouth people have been more or less interested in the case of the state of Iowa vs. James R. Hodges, charged with manslaughter, which was tried at Red Oak the last two weeks. Mr. Hodges being well known to many here. The defendant was found guilty by the jury at the trial last week and is now awaiting sentence or the outcome of the application of his attorneys for a new trial. The grounds on which the defendant seeks a new trial are that the court erred in admitting testimony of the state over the objection of the defendant's attorney and also in denying the testimony of defendant offered; it being claimed that the verdict was the result of prejudice and not warranted by the evidence and also that the court erred in not granting change of venue.

The companion of Hodges, Mrs. Lucille McMichael, on the occasion when their car is alleged to have run into that of Mr. and Mrs. Anderson and caused their death, has been sentenced to fifteen years on a charge of forgery.

The Pneumonia Month

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly. MORE THAN THEIR SHARE

Ever since Christmas the family of Frank H. Johnson have been on the sick list, first one and then another member of the family being down.

Mrs. Johnson was seriously sick about Christmas with an attack of the gripe, from the after effects of which she has not as yet entirely recovered.

Joseph, their little five-year-old son, has been very sick with a combination of gripe and whooping cough followed by pneumonia. The little fellow has had a hard pull. Miss Edith Peters, a trained nurse, was in charge of the case for 12 days. He is now on the way to recovery, but very weak.

Walker, another son of Mr. and Mrs. Johnson, is the one who at this writing is indisposed with the whooping cough and is having a pretty hard time, being in bed part of the time.

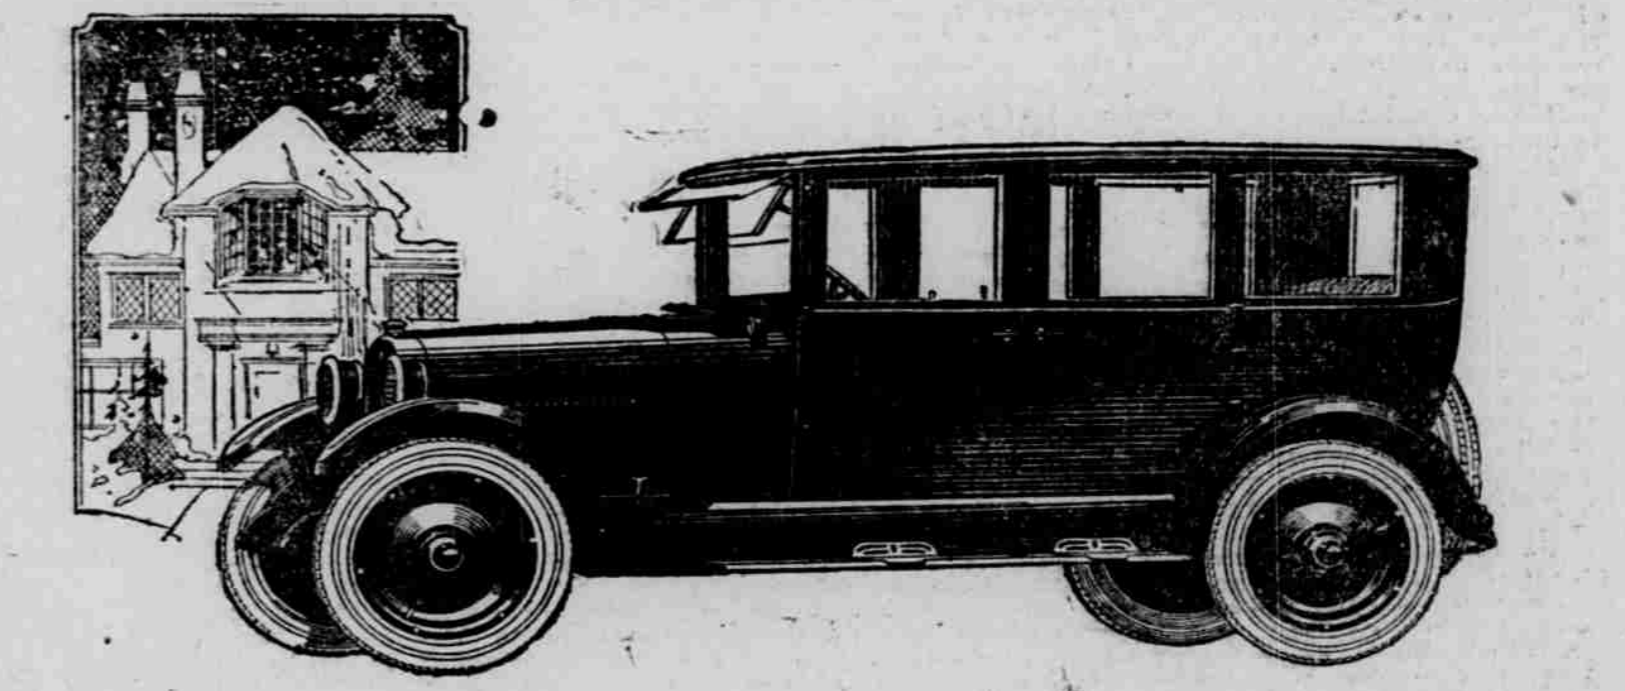

Truly, the old saying, "It never rains but it pours," has proven true in the Johnson family.—Weeping Water Republican.
