HOUSE PASSES HIGHWAY BILL BY SLENDER MARGIN

Limits Amount Used on State Roads to 25 Per Cent of All Motor Vehicle Taxes Collected.

By a vote of 53 to 42 the house Tuesday passed H. R. 180 which, as amended, provides that the budget for the state highway system in counties shall not exceed 25 per cent of all the motor vehicle taxes collected in the county. It further provides that 50 per cent of the remainder shall be placed to the credit of the general county road fund and the balance to the credit of the road dragging fund. Three and one-half per cent shall be used for maintenance of the law.

Objectors to the provisions of the bill contend that the provision for highway maintenance is inadequate and that whatever is lacking must be raised by general taxation. Under the present law not to exceed 75 per cent of the tax on motor vehicles goes to the county road dragging fund. It is claimed that 25 per cent of the license fees will be inadequate to maintain state roads in most of the counties. It is claimed by opponents of the bill that the farmer will suffer since he pays but 38 per cent of the auto license taxes although he pays the lion's share of the general tax. Friends of the bill contend that its provisions will permit more attention to county roads leading to highways.

Passes the Free Pass

Ministers, charitable workers and others may ride on railroad passes or reduced fare if they care to and the railroads permit it and the governor signs the bill. S. F. 69 has now made the grade in both legislative branches. The vote in the house was 64 to 27. Three members of the Lancaster delegation, Messrs. Green, Jacoby and Harrington, voted against the bill although Mr. Harrington represents a ministerial town. Messrs. Dennis and Egger voted for the pass. Mr. Wilson, sixth member of the delegation, was absent. The county judges salary bill, H. R. 201, in and out of committee much of the time for several weeks, finally made the grade when it breezed thru third reading, 62 to 25. Messrs. McCala and Ward, joint authors, started out to do a little reforming in a salary way. Their purpose was to lower salaries of judges in counties of under 2,000 from \$800 to \$400. To accommodate others, they permitted additions which for a time threatened to wreck the bill.

NONPARTISAN LEAGUE GETS RESTRAINING ORDER

Lincoln, March 27.—Upon application of Harry L. Lux, state manager and treasurer of the Nebraska branch of the Nonpartisan league, District Judge W. M. Morning today granted an order temporarily restraining Arthur C. Townley, Luther L. Griffiths, Elmer Johnson, C. C. Griffiths and H. E. Moore from removing the contents of the Nebraska branch of the nonpartisan league, including office equipment of the Nebraska branch from this state, or disposing of any of the above mentioned property.

Lux alleges that A. C. Townley with the other defendants has formed a conspiracy, the object of which is "to secure control of all the money, property, goods, rights and chattels" of the Nebraska branch and convert the same to their own use.

M. E. Church

While last Sunday was not an ideal day for people to go to church, nevertheless, we did have a pretty fair turnout after all. Even the Sunday night audience was greater than we really expected. Glad to see the folks trying to keep up the church interest in Alvo. When the bad roads and storms and sickness all let up we shall surely be delighted to entertain our usual church privileges and get back to putting on a full church program for every service. So we are perfectly content to say "What can't be helped must be endured."

The Bible Sunday school class seems to have the best attendance regularly of all the classes. This is a little out of the regular order of run of Sunday schools. When spring opens so the folks can attend we really look for an overflow in the class. Some Sunday morning the Bible class will put on a Bible reading from the four gospels of the trial of Jesus and His Crucifixion.

We have almost overlooked the Easter bazaar by the ladies aid society which will be next Saturday afternoon. Food sale and some dainties

prepared by the ladies of the society. In keeping with the event, our Sunday morning topic will be a "Risken Christ." It depends on the weather and the choir as to any special music for the occasion. The choirster was hopeful for the new music in hand.

Some folks have not yet found the way to prayer meeting circle on Thursday nights. Bring your Bible and a friend.

We are glad to have our university students at home for their spring vacation.

The talk of our boys and girls most of the time is class play, dress class entertainments but dad has a prominent part in it too. So does mamma. They do without.

Well friends, don't forget to be present at every service you can. Yours for a strong church going people.

HALF BROTHER BITTEN TOWARDS "DIVINE SARAH" NO SORROW OVER DEATH

McAlester, Okla., March 26.—While the world mourned the passing of the "Divine Sarah" tonight an aged Frenchman sat in a little furniture repair shop in McAlester, his heart filled with bitterness.

It was Joseph Bernhardt, 73, who claimed the "Divine Sarah" was his half sister.

"I have no pity, no sorrow," he said. "No friendship has existed between us for many years. When Sarah could have done much for me, she didn't."

Joseph Bernhardt's claim to being a half brother for Mme. Bernhardt has never been disproved here, where Bernhardt has made his home for 25 years.

It is said that Sarah Bernhardt once while touring America, sent an emissary here to interview him, but Bernhardt spurned the advances, saying that the few years each might have to live would not justify a reconciliation.

PURCHASING POWER OF FARMER INCREASES

Washington, March 27.—The slow upward climb of farmers' purchasing power, the department of agriculture announced today, continued during February, with the index figure for the month 69, compared with 68 in January. Prices of crops went up 4 points, and livestock 1 point during the month, while prices of commodities other than food that farmers buy jumped 2 points.

Compared with 126 in January, the average farm price of 16 leading crops was placed at 130 as an index number, the highest figure reached since December, 1920, when the index number was 131. Higher cotton, corn, wheat and oats prices, the department said, were mainly responsible for the advances.

The index figure of farm prices for livestock was given as 107 for February, compared with 106 in January, the average for 1922 having been 111, as against 107 in 1921. The index of commodity prices was placed at 172 for February, as compared with 170 in January, an average of 163 for 1922, and 161 in 1921.

REORGANIZATION OF UNIVERSITY IS RECOMMENDED

Dr. George E. Condra is Censured in House Committee Report—Chancellor is Silent.

Lincoln, March 27.—Complete reorganization of the administrative departments of the University of Nebraska, of which Chancellor Samuel Avery is head, was recommended today in a report submitted to the house of representatives by a special legislative committee investigating the University of Nebraska.

While the report does not mention Chancellor Avery's name it is understood that the committee suggested to the board of regents of which Frank Judson, Omaha, is chairman, that the chancellor be requested to resign.

Avery Declines to Talk

Chancellor Avery today said he did not care to make a statement at this time.

"As I am head of the administrative department of the University of Nebraska I understood that inference is made that I resign," he said. "As I am not named specifically I will not reply to an inference. Maybe after talking to the regents I will have something to say later."

In a second report which was approved by the house, Dr. George E. Condra, head of soil conservation and survey departments, was censured, although he was not asked to resign. Friends of Condra tried to get the report killed or a day set for hearing when Condra could testify in his own behalf to the charges. All motions

were defeated and the report finally approved.

Gives Report to Regents

The legislative committee presented its report to the board of regents Monday night, demanding reorganization of the administrative departments at once and the removal of Chancellor Avery. After deliberation, the committee, it is said, decided to withdraw the demand for the chancellor's resignation at this time.

C. L. Yochum of the committee today said the committee had sworn affidavits to substantiate charges against Dr. Condra.

DEATH OF MRS. A. W. ATWOOD

A message has been received here by friends of the family of the death on Sunday of Mrs. A. W. Atwood, former Plattsmouth lady, which occurred at the family home in Jackson, Illinois. Mrs. Atwood made her home here for a great many years and was a lady of the most charming personality and who won for herself a large circle of warm friends who will regret very much to learn of her death. The deceased lady had been suffering from the after effects of the flu and heart trouble developed that caused her death. Mrs. Atwood leaves two children to mourn her death, Lee Atwood of Chicago and Mrs. James W. Newell of St. Louis. The funeral was held at Jackson, Illinois yesterday afternoon.

GEORGE J. GOULD IS BELIEVED NEAR DEATH

Mentone, France, March 27.—The condition of George J. Gould, Sr., of New York, ill at the Villa Zoraida, at Cape Martin, near here, was reported today to be very serious. Mr. Gould passed a very bad night and it was stated this morning that his death might occur at any moment.

LEGISLATIVE HIGH SPOTS

H. R. 16, excess profits tax bill, is dead. It was smothered in house committee of the whole Monday afternoon without so much as a record vote. The measure has hung by a thread for several weeks.

The house spent most of the afternoon on S. F. 69, free pass and cut rate fare bill for ministers, charity workers and others. An attempt to substitute the deceased house bill dealing with the same subject, but going only so far as to provide for reduced fare, was defeated and the bill advanced to third reading exactly as it passed the senate.

By a vote of 41 to 39, the house dismissed the joint committee which reported some ten days ago on the financial condition of the state treasury. Representative Bock, house minority member of the committee, asked for more time to prepare a minority report but this was denied him. Since the senate discharged the committee when the report was submitted, it has been a one-legged or one-branched committee.

The senate failed to pass S. F. 158, the Banning bill to license auto buses and trucks, two votes being lacking with four senators absent. An effort may be made to reconsider this action.

S. F. 46, for nomination and election of legislators on nonpartisan ballot was indefinitely postponed, as was S. F. 146, for selection of precinct assessors by appointment instead of election.

The Revenue committee of the senate heard national bankers and then voted to replace upon general file, S. F. 320, the bill to validate taxes of state and national bank stock for the year 1922.

H. R. 272, with senate banking committee amendments to the guaranty law, was made a special order of business before the senate upon its convening at 10 o'clock this morning. The house convened at 9.

READY TO RESUME PEACE TALK

London, March 27.—Turkey will be informed within the next forty-eight hours that the allies are ready to resume the Lausanne peace negotiation. The allied delegates who for past week have been examining the allied peace terms, finished their deliberations this evening after having drawn up a reply to Ismet Pasha's letter March 8.

It is understood the allies agreed to make no fundamental changes in their original peace proposals to the Turks. What other modifications have been made are of form, rather than substance. One of the delegates told a correspondent of the Associated Press that when the conference was resumed the Turks would find the allies in complete unity on all questions.

PARIS WILL BURY SARAH BERNHARDT

Preparations Made for Impressive Funeral of Great Public Figure Tomorrow Noon.

Paris, March 27.—The body of Sarah Bernhardt will be removed at noon Thursday from her late home on the boulevard Perrier to the church of St. Francois de Sales, in a nearby street and then conveyed to the cemetery of the Pere-La-Chaise, the last resting place of hundreds of France's famous people of all times. It will be one of the most impressive funerals of a great figure since that of Victor Hugo in 1885. Hugo's funeral was under the auspices of the government; Bernhardt's will be at the expense of the city of Paris.

Poverty is given as the reason that Bernhardt will not be buried in Bell Isle, where many years ago she had a tomb dug in the solid rock. It is explained that shortly before her death, pressed as always for ready money, the actress was obliged to sell the house with the land at Belle Isle and it is suggested now that at some future time permission be obtained from the new owner to have the body transferred there.

A rented villa in a Paris suburb, which was to have been her summer home, replacing Belle Isle, is bright with fresh paint. On the gate is inscribed as the villa's name "Bernhardt's motto," "Quand Meme," which is likely to remain as a memorial of the tenant who never lived there.

It is suggested also that the theatre bearing her name, which is municipal property, should retain the name as a memorial, whoever the new tenant may be.

WILLIAM HART MAKES DENIAL OF PATERNITY

Los Angeles, March 27.—Denial of paternity of any child other than the son of Mrs. Winifred Westover Hart and denial of any trust or provision for support of any child other than this, the son of his present wife, was made today by William S. Hart in a statement he made public thru his attorney.

Hart's statement said: "It has been my policy to refuse to answer all the attacks made upon me by Mrs. Hart thru the public press or otherwise, nor would I speak now except to protect absolutely the interests of my only son. All this stuff which is printed in today's papers is false."

"I deny that I am the father of any child other than my son born to Mrs. Hart September 6, 1922. I deny that I ever made any trust or other provision for the support of any child other than my own son above mentioned."

Mrs. L. C. Sharp and Mrs. T. B. Peterson were among those going to Omaha this afternoon to spend a few hours there attending to some matters of business.
