### ADDED FEATURE FOR THE IVY DAY FESTIVITIES

Manual Training, Home Economics, Penmanship and Art Departments to Give Exhibit. An additional feature will be seen at the Ivy day celebration at the high school on Tuesday afternoon and which with the May day festivities of the whole city school system will make a great day for the school. The new addition to the program will be an exhibition by the manual training, home economics, penmanship and art departments of the schools and will be held in the high school building following the May day program on the grounds. There will be hundreds in attendance at the May day program that have not made themselves familiar with the real work of the schools and this will be a fine opportunity for everyone to look over some of the excellent work that the young people in the high school and junior high are doing at this time. The boys and girls of the manual training and home economics departments will have specimens of their work on exhibition and the penmanship and art work will include both the high school and grade schools and will be very instructive to the patrons of the school as indicating the progress that the young people are making in their lines of instruction in this part of the curriculum. Everyone in the city who can should visit the school at this time and look over the work and particularly those who have never visited it in recent years and become familiar with the work of the young people. Plattsmouth schools rank with the best in the state and the work of the pupils is of the very best and for this reason the patrons of the schools should get in touch with the actual condition that exists there.

### BOHAI LAUNCHES CAMPAIGN AGAINST WORLD COURT PLAN

Washington, April 27.—Senator Borah of Idaho, leader of the republican irreconcilables in the senate fight over the treaty of Versailles and its league of nations covenant, last night inaugurated his campaign of opposition to the administration proposal that the United States accept membership in the permanent court of international justice, the world arbitration tribunal set up under the league. In a statement setting forth his views, the Idaho senator declared that "the republican party in asserting that the United States can go into the league court and stay out of the league, is taking a position which will bring down upon it the moral condemnation of everyone."

In the afternoon there was a short business session at which Henry Catron of Nebraska City and Mr. Daugherty of the Federal Reserve branch bank at Omaha were the speakers and discussed matters pertaining to the banking business in this section of the west and which was followed with the closest interest by the members of the association.

In the evening the ladies of Nehawka served a very nice dinner at the Nehawka auditorium which was truly a royal feast in every way and the dining room arranged with the beautiful cut flowers of the spring season that furnished a fitting setting for the delightful occasion. During the dinner orchestra and vocal music served to assist in the entertainment of the members of the party.

DEPARTS FOR SYRACUSE	FROM SATURDAY'S DAILY.
Edward Gradoville, well known baseball catcher of this city, who last year was with the Weeping Water team, departed from his home here yesterday for Syracuse where he will play during the coming season. Ed will act as skipper of the Syracuse team and expects to start in at once in getting the organization going at their best and will have a game in the next few days. It has been the intention of Ed to remain here over Sunday and catch at the game here but the necessity of getting the Syracuse team in readiness for the season's opening prevented him. Ed is one of the crack young catchers of the amateur circles of the state and will be a very valuable man to the Otoe county team.	Ed had been here since he was 14 years old and has for a number of years made his home in the metropolis.

### HIGH SCHOOL BOYS LOSE THE OPENING BASEBALL GAME

Weeping Water High School Winner by Score of 8 to 7 Over Local High School.

From Saturday's Daily. The first baseball game of the season here yesterday was staged between the teams of the Plattsmouth and Weeping Water high schools and what looked in the opening stanza to be an easy victory for Coach Doolan's athletes turned out to be won by the visitors by the score of 8 to 7, despite the last inning rally of the locals.

Harold Mullis did the tossing for the locals and was nipped for a number of hits and costly errors added to the scoring of the visitors. Murphy, the box artist of the Weeping Water team, grew better as the game progressed and was able to hold the locals in control at critical times. In the opening inning Plattsmouth registered four of their runs, Joe Krejci securing a two sacker right at the start and was followed by Gordier with a hit to the infield and was safe on an error allowing Krejci to score. Frank Gradoville hit safe

to centerfield scoring Gordier and when Svoboda was put out at first Grady scored. Weber hit safe to second and advanced when Shrader struck out and Lambert was walked and on a wild throw Weber scored. Weeping Water scored two in the second when on a walk and a Texas Leaguer, two of the players secured their base and scored when Herbert Lohnes hit a two sacker to left field. Consistent hitting with the errors gave the visitors the lead in the fourth inning which they held through the game.

In the closing inning Weber scored another run and the fans were on their feet hoping for a last ditch stand to secure the needed scores but without result. For the visitors Murphy and Lohnes were the bright and shining stars while for the locals Weber and Krejci played the best game of the team, also the team has good material and with a few games should be hitting a faster stride that they showed in the opener.
