They included in their program the track meet, ball game, theatre, not to mention free lunch and dinner. While in Lincoln they looked for a class gift but could not find anything that suited.

Now Leasing Large Tract at Nehawka

Which will be under contract for purpose of searching for oil.

The question of whether or not there is oil in the country surrounding Nehawka is to be given a thorough tryout by the oil expert, T. J. O'Hara of Texas, who is now on the scene of action and who will commence in the next sixty days the work of sinking wells in that locality to test out the possibilities of the finding of paying oil wells.

The land lies along the Weeping Water creek valley and south of the town of Nehawka, and among the large tracts is 400 acres belonging to Fred L. Nutzman of Omaha as well as other pieces of land belonging to Frank Sheldon, Mrs. Marion Tucker and others in that vicinity.

It is agreed that the work of developing the lease will be commenced in the next sixty days by Mr. O'Hara and that if the work is not started in the first year on the various pieces of land leased that the contracts are void, otherwise the lease runs for five years with provisions to protect the land owner as well as the oil prospector. It is expected that oil will be found on the land.

The residents of Nehawka have been much interested in the proceedings of the oil prospector and hope for some real results in the next few months that will determine whether or not there is any prospect for oil in that section.

The number of acres reported as being under lease or in prospect will reach large figures and many estimate it as high as 10,000 acres.

ACCEPTS VALIDITY OF ANGLICAN ORDERS

Decree Signed by Patriarch Damianos is Handed to Bishop Gallor—Means Greater Unity.

A decree of acceptance of the validity of Anglican Orders has been received at the Holy See from the Patriarchate of Jerusalem of the Eastern Orthodox church, officials of the Episcopal church in Omaha were informed yesterday, says the World-Herald. A copy of the decree, signed by Patriarch Damianos, of Jerusalem, has just been handed to Rev. Thomas F. Gallor, D. D., president of the national council of the Episcopal church by Archbishop Pantelimon, representing Damianos in America.

The import of the decree is "that the consecrations of bishops and ordinations of priests and deacons of the Anglican Episcopal church are considered by the Orthodox church as having the same validity that the orders of the Roman church have, because there exist all the elements which are considered necessary from the orthodox point of view for the recognition of the grace of Holy Orders from apostolic succession."

This action follows and accepts a similar decree of the Patriarchate of Constantinople, made public at the Episcopal general convention in Portland, Ore., last September. Dr. William C. Emhardt, a representative of the Episcopal national council, officially carried the Constantinople decree to the Archbishop of Canterbury and later to the Episcopal general convention.

Dr. Emhardt stated that "the Episcopal view of this proclamation largely from an administrative point of view. Ultimately it will assume a position of great importance in the program of Christian unity. For the time being it is treasured by the Episcopal church as a great help in meeting its immediate program for the branches of the Eastern Orthodox church in America and preserving their integrity."

Poor Lubrication Costs Millions

Are your repair bills high?

"GIVE me a quart of oil" has cost automobile owners millions. It has sent tens of thousands of motors to the junk pile. Most bills for repairs and for the replacement of worn out parts and burned out bearings are evidence of poor lubrication.

With a new car, the experienced motorist may try several high grade oils. But he buys oil by name and grade, and standardizes on some favored grade. That's why his car runs quietly and smoothly and brings the highest price as a used car.

Polarine is the name of five grades of motor oils, each of unsurpassed quality. A grade to suit every make and size of gasoline motor—light, medium, heavy, special heavy and extra heavy. Polarine shows unusual resistance to injury by heat and it maintains a protective film of lubricant under all conditions. It does not wear out quickly.

Consult the Polarine Chart and use the grade of Polarine that has been proved best suited to your car. It is the surest way to keep down repair costs. Buy oil and gasoline where you see this sign.

DEACONESSES IN THE METHODIST CHURCH

Interesting Facts Brought Out in Report of Secretary at Meeting of Board of Deaconesses.

Wichita, Kan., May 4.—There are 422 deaconesses and 171 probationers under the auspices of the general deaconess board of the Methodist Episcopal church, Rev. D. W. Howell, D. D., Buffalo, N. Y., reported at the annual meeting in Wichita, Kansas, today.

"This is more than is reported in any other single year of all the years in the history of the American deaconess work. In Europe there are 716 Methodist deaconesses and 287 probationers. The total number of Methodist deaconesses and probationers in America and Europe is 2,096.

"The strategic place of the deaconess among the women workers of the church is now recognized. By license and consecration she has membership on a board of the annual conference and her appointment to service is made by the bishop. She is the only woman worker in our denomination whose position is assured by action of the general conference.

"This place of high vantage is the result of influences, started and directed by the general deaconess board.

"In the United States there is an increase in property during the year of 1922-23 and the entire property valuation is \$13,742,336. In Europe the reported property valuation is \$1,806,798. The total property valuation in America and Europe is \$15,549,134.

"It is worthy of mention that the increase in property and endowment in the United States since 1912—the year that the present form of the general deaconess board was authorized—has averaged annually \$823,635. The average annual increase prior to 1912 was \$195,097."

"In reporting on the pension fund for deaconesses, Dr. Howell said: "At the beginning of the year 58 retired deaconesses were on the pension roll, receiving monthly \$1,773. At the end of the year, 71 retired deaconesses were on the pension roll receiving monthly \$2,197. During the year fifteen deaconesses were retired. The year's pension payments were \$22,638 and toward this sum the Chicago pension fund paid \$6,000.

"There is a growing feeling of friendship and a desire for larger cooperation on the part of our European workers. The statistical record of this work is now included in our report to the Methodist Year Book. By action of the executive committee contributions were made for the comfort of the deaconesses in Central Europe and Russia and financial support pledged toward the establishing of a training school in Rome. For the better oversight of this work I am of the opinion that there should be an official visit not less than twice a quadrennium.

"The training of candidates for the deaconess movement," said Dr. Howell, "constantly presents perplexing problems. One is the bringing of the training schools to such high state of efficiency as to have them attractive to college young women as well as to others. Another is the utilizing the department of religious education of professional

BANDITS KIDNAP 150 PASSENGERS ON PEKING TRAIN

Daughter of Late Senator Aldrich is Among Many Foreigners Reported Carried Off.

Peking, May 6.—One foreigner was killed and 150 passengers were carried off when bandits held up the Shanghai-Peking express train on the Tientsin-Pukow railway near the Shantung border at 3 o'clock this morning, according to word received here late today. Miss Aldrich of New York City, daughter of the late United States Senator Nelson W. Aldrich of Rhode Island and sister-in-law of John D. Rockefeller, Jr., was among the passengers. Her fate is unknown.

The foreigner killed is believed to be a Russian. The minister of communication late today telegraphed General Tsao-Kun and the civil and military governors of Shantung asking that troops be sent to surround the bandits.

The express train was northbound from Soochow when attacked by the bandits, who disarmed soldiers estimated at 1,000 strong, and tore up a long stretch of the railroad track. Fifty first class and 100 second class passengers were carried off; it was reported here. Six foreigners escaped.

Reuters Says 300 Taken

London, May 6.—Three hundred passengers, including foreigners, were carried off by bandits who early today raided an express train from Pukow to Tientsin at Linchew, Shantung, a Reuter dispatch from Peking says. One foreigner was reported killed and twenty-three Chinese and six foreigners were said to have escaped.

No Word From Miss Aldrich

New York, May 6.—Miss Lucy Aldrich, sister of Mrs. John D. Rockefeller, Jr., left New York last winter on a tour of the world accompanied by a traveling companion. It was said today at the home of her brother, Winthrop W. Aldrich, Wall street lawyer. No word has been received from her recently, it was said.

Miss Aldrich is a resident of Providence, R. I.

Mrs. John Bauer and daughter, Mrs. L. W. Egenberger, departed this morning for Omaha where they will spend the day looking after some matters of business.

Vern Flick took a vacation from his duties at the Rosecrans barber shop to go to Omaha this afternoon for a few hours' visit.
