

Help Wanted to Harvest Canada's Biggest Crop

See the West While Earning Money

Western Canada has the biggest crop in its history. Farm labor is needed to harvest it. You can visit this wonderful country while earning money and see the great opportunities it has to offer.

Special Low Fares

Special arrangements have been made to give harvest help a very low fare to all points in the Provinces. They will be in effect during the harvest season.

A VERY QUIET WEDDING OCCURS THIS MORNING

Mrs. Frances Ptacek of This City and Michael Warga, Sr., of Havelock Join Their Lives

From Saturday's Daily.

This morning at 7 o'clock at the Holy Rosary Catholic church was held a very quiet wedding when Mrs. Frances Ptacek of this city became the wife of Michael Warga, Sr., of Havelock. The wedding was performed by Rev. Father Ferdinand Suesser, rector of the church and was attended by Mrs. Anton Svoboda and son, Louis Svoboda, as witnesses.

It was the desire of the bride and groom that the wedding be as simple as possible and accordingly none of the friends were invited to the ceremony.

Both of the contracting parties are well known in this city, the bride having made her home here for a great many years and is well known to a large circle of friends in the west portion of the city while the groom is a former Plattsmouth resident, who has in late years made his home at Havelock.

Mr. and Mrs. Warga are expecting to make their future home at Havelock, where the groom has a new home awaiting the coming of his bride. The newly wedded couple will take the best wishes of their many friends with them in their new home.

RETURNS FROM TRIP TO PACIFIC COAST

Mrs. Emmons Ptak One of Representatives at Grand Review of W. B. A. of Macabees.

From Saturday's Daily.

The grand review of the W. B. A. of the Macabees held at the Occidental hotel at Los Angeles, one of the largest gatherings places on the Pacific coast, was attended by a Plattsmouth lady, Mrs. Emmons Ptak, who has just returned home from the west and reports having had a most pleasurable time in the visit to the many interesting points in the west country.

Following the review, Mrs. Ptak spent the time visiting with relatives and friends who have moved to the coast from Plattsmouth and Cass county and which aided in making the occasion one of the rarest pleasures.

While in Los Angeles, Mrs. Ptak spent ten days with Mrs. Ed Bodie,

a sister of Mrs. J. H. McMaken of this city and an old friend and the visit was most thoroughly enjoyed by both of the ladies.

During her visits through California Mrs. Ptak found former residents of Plattsmouth in almost every locality and it seemed like home to meet many of the familiar friends of the years gone by. While enjoying a trip to one of the beaches she met Fred Lindeman and family, James Cunningham and wife, Louie Hess and wife and Mr. and Mrs. George Gobelman who were having a picnic party. At Santa Ana she met Mrs. George Pierson, a former Plattsmouth lady who is a charter member of the Macabee ladies there.

Mrs. Ptak also visited with an uncle at Hayward, California, and spent some time with Mr. and Mrs. P. O. Schroeder at Alameda, the latter being a sister of Mr. Ptak.

The trip was one that was certainly enjoyed by Mrs. Ptak and one which gave her a wonderful opportunity of viewing the west coast country.

SPEAKS WELL OF SOUTH

From Saturday's Daily

C. A. Askwith, one of the residents of the Nebraska Masonic Home in this city who was spending the winter with relatives near Tampa, Florida, has just recently returned home and is one of the enthusiastic boosters for the southern state. Mr. Askwith, who resided in California for a number of years, is much more favorably impressed with Florida as a place of opportunity for the homeseeker and found the conditions there much more favorable for the man of small means seeking to find a home, as the land there is more reasonable and has a very bright future as the country is being developed by the large capitalists who are becoming interested in the state. In Polk county in which Mr. Askwith visited there are 700 lakes and in the whole state of Florida there are over 7,000 so that the water supply is not a great problem there. The orange groves were bearing nicely when Mr. Askwith was there and the crop getting through in fine shape.

Biliousness and Constipation

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala. Weyrich & Hadraha.

Sam G. Stone, who has been visiting here with relatives and friends, returned this afternoon to his home at University Place.

NEBRASKA RETAILERS WOULD STOP STEALING

DIRECTORS OF STATE ASSOCIATION URGE CO-OPERATION TO CHECK BURGLARS

CASS COUNTY A HEAVY LOSER

Hardly Any of the Smaller Towns of the County but Has Suffered Numerous Visitations.

From Thursday's Daily.

The board of directors of the Nebraska Retailers have started a movement for a general spirit of co-operation among the retailers of the state, to check if possible the ravages of gangs of burglars and thieves that have in the past exacted a large toll from the stores of the small towns of the state in the taking of merchandise and stocks of goods and in a great many of the cases making a clean get-away owing to the fact that the communities were without local police protection and the parties committing the crimes were far away from the time other authorities could be summoned to the scene of action.

The board of directors of the association which met in Lincoln had authorized the creation of a special fund to be used in offering rewards for information leading to the arrest and conviction of parties who may have been guilty of the robberies of the stores. It is also urged that the merchants encourage the employment of night watchmen in the towns that have no police system, even to the extent of the organization of special merchants' police and also to effect the organization of volunteer forces of citizens and merchants so that they may be able to deal with the burglars at the time the crimes are committed and to co-operate with the state headquarters in reporting crimes in order to cut down the present large number of robberies.

The retailers also joined in condemning certain of the high tariffs now in force and which retard the development of the trade and are unjust to the retailer and the consumer.

The resolutions and the decision of the retailers to combat the crime wave will be of great interest to the merchants of Cass county where the robberies of the stores have been numerous in the past few years and there is not a town in the county that has escaped the visits of the night raiders and the residents can feel a strong sympathy for the movement and give it their support.

The resolutions adopted by the retailers were as follows:

"Whereas, It is repeatedly coming to our attention that the stores of retail merchants throughout the state are being entered and robbed of merchandise, often into the thousands of dollars; and

"Whereas, It appears that such robberies are being committed by well organized bands, operating from one or more convenient centers; and

"Whereas, We believe that co-operation among the merchants themselves can do much to check the evil;

"Be it therefore resolved that we the board of directors of the federation of Nebraska retailers, in regular meeting,

"Tender to the merchants of the state the facilities of the home office of the federation, as a central agency, for the reporting of robberies and the reporting of information that might lead to the apprehension and conviction of the robbers.

"That we hereby instruct the general secretary of the federation to establish corresponding connection with a reputable merchant in each town or city of the state, who will assume the responsibility of promptly reporting confidential information concerning suspicious characters, who may be offering for sale in his town or community merchandise whose legal possession may appear to be questionable.

"That we urge the members of the federation and all retail merchants to actively co-operate with the federation in its attempt to eliminate the evil.

"That the federation seek the co-operation of other merchants' associations of the state in checking such robberies.

"That we pledge the state department of law enforcement our support and assistance in whatever plan they may have for ferreting out these bands of robbers and bringing them to justice.

"That we urge the merchants of the towns and cities to maintain night watchmen, supported by volunteer organization of the merchants and citizens to effect a 'catch' at the time the robbery is being committed.

"We hereby authorize the collection of a special fund to be used in offering rewards for information leading to the arrest and conviction of person or persons burglarizing the stores of members of the federation who contribute to this special fund."

MIA U. GERING,
County Treasurer.

BIG TIME PLANNED FOR OMAHA LEGION FESTIVAL

Ten Days of Excitement and Frolic to be Held by South Omaha Post of American Legion.

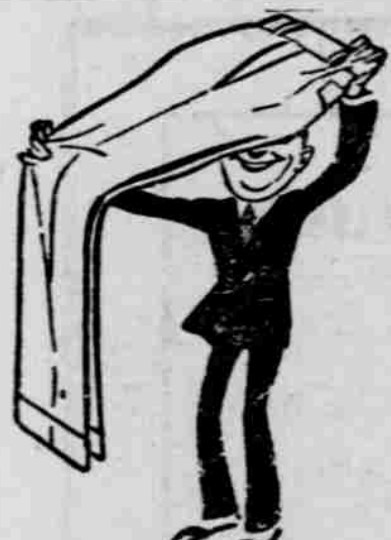

From Saturday's Daily.
The Fun Festival of the South Omaha post of the American Legion, which is to be located at 24th and M streets on the South Side for ten days from August 1st to 12th, promises to be one of the biggest events of its kind staged in the west and the party will be presented on attractions to entertain the visitors.

Among the thrilling and death-defying acts that are to be a part of the entertainment of the crowds will

be the high wire act of Zarell, known as the world's greatest high wire performer. Incidentally this act will be of the greatest interest here as Zarell is none other than Ben Hankinson of this city and who is assisted in his act by his son, and the two have been making a great sensation in the east where they have appeared and where they have worked high in the air above their audiences in the tight wire act.

The boosters for the fun festival will be in Plattsmouth on next Thursday at the noon hour and will be entertained by the Legion post here for the time they are here. The boosters will be accompanied by a band as well as the Omaha city commissioners, including Mayor James Dahman, who is well known and very popular in this city.

Chris Parkening of Omaha was here today for a few hours looking after some matters of business.

Well! I should smile!

Palm Beach Pants!
