will exhibit, rain or shine, in Plattsmouth, Neb., Saturday, August 25. A world of holiday for young and old.

WATCH FOR MILE PARADE AT 11 A. M.

EAGLES STAGE HUGE PARADE IN MILE HIGH CITY

Caravan Nearly Mile Long Winds Way Thru Denver Streets—3,000 At Convention.

Denver, Aug. 9.—Members of the Fraternal Order of Eagles, nearly 3,000 strong who have been Denver's guests in their annual convention and silver jubilee for the last two days, burst forth in a dazzling and picturesque parade today thru the business district that was the first public demonstration of the organization since it convened here.

The parade was almost a mile in length and included every Eagle in the city. A score of bands provided music for the marchers who were headed by William G. Doherty of New Haven, Conn. Floats depicting ritual work of the order formed one of the features of the caravan, which included scores of automobiles, some gayly decorated and dozens of drill teams.

Delegates to the convention attended a picnic at a local amusement park this afternoon, and consumed several truck loads of watermelons, which were carried in the parade in snow hauled to the city from the nearby mountains.

Announcement of the election of officers of the order for next year will be made at Saturday's session. Friday morning committee reports will be made on the reports of grand officers for the last year and prizes will be awarded the winners of contests in today's parade. At noon the order will join with the city in memorial services for the late President Harding.

Seven drill teams will participate for the \$5000 in prizes for exemplification of the ritual work of the order, which began early Wednesday morning and continued thruout the day. It was announced tonight.

Delegations successful in the competition represented aeries of Indianapolis; Jamestown, N. Y.; Worcester, Mass.; Buffalo, Cincinnati, Leavenworth, Kan., and Dayton, O. Other drill teams which competed were from Akron, O.; Milwaukee, Anderson, Ind., and Canton, O.

VISITS IN CITY

Mr. and Mrs. W. H. Ofe are entertaining a number of guests this week at their home in this city. Mrs. Paul Budig and son, Ralph, of Chicago, who have been visiting at Grand

Island and Crete, and Mrs. Ernest Eggert and little daughter of Crete also being here, but returning yesterday afternoon to Crete. Mr. and Mrs. Charles Fisher of Creston, Iowa, uncle and aunt of Mrs. Ofe, arrived here last evening from Denver, where they have been visiting and will spend a few days here.

RETURNS HOME

Leslie Niel, who has been at the Immanuel hospital in Omaha for a few days recovering from the effects of an operation for appendicitis, was able yesterday to return home to this city and is looking fine after his very speedy recovery from the sickness and operation. Mr. Niel has been out of the hospital since last Friday visiting at the home of his relatives and returned to this city yesterday and will recuperate a short time before taking up his duties at the U. S. postoffice.

RETURNS FROM THE WEST

From Friday's Daily.

T. H. Pollock, president of the Farmer's State Bank, who has been in the western part of Nebraska and in the eastern Colorado for some time, has returned home accompanied by his wife and daughter, Miss Alice, who were visiting at Arapahoe, Nebraska, with Mr. and Mrs. Charles Patterson.

Mr. Pollock reports that wheat in the west is rather disappointing this season and in some fields the yield will hardly pay to be harvested. This is due largely to the fact that in the fall there was a lack of moisture that did not permit the wheat to germinate properly and delayed the start of the crop until so late that it was backward in getting developed. The usual harvest is in July but this year the slowness of the season four dthe wheat still un-matured when the rains of the late summer came and this was followed by a great deal of black rust in wheat that caused more or less loss to the farmers over the country. However, the corn is looking fine, Mr. Pollock states, and is the one bright spot in the farming communities.

FARMS FOR SALE

Two good farms four miles south of Plattsmouth, well improved. 160 acres at \$225 per acre; 135 acres with two sets of improvements at \$200 per acre. Also one modern house and eight other residences in Plattsmouth for sale. Cass county land for sale—207 acres at \$125 an acre; 200 at \$100 per acre. Also fine farm of Albert Schaefer.

F. G. EGENBERGER, Real Estate and Insurance.

'FARMER'S FINANCIAL PLIGHT IS NOT SERIOUS,' HE SAYS

Former Governor of Nebraska Gives Out Interview Saying Politician His Worst Enemy.

Lincoln, Aug. 9.—The Nebraska farmer and the average farmer everywhere, is in anything but a desperate financial condition, former Governor S. R. McKelvie told the correspondent of the World-Herald today at his Lincoln offices where he presides over the publication of his farm weekly, The Nebraska Farmer.

The worst enemies that the farmer has to contend with at present are not the grain speculators or the bankers, the former governor thinks, but the politicians who are trying to make the farmer feel bad and trying to rouse him to some foolish, radical steps—for the personal aggrandizement of the politicians themselves.

"Don't worry, the great mass of Nebraska farmers are not complaining much at the present time," McKelvie said. "They are pretty well satisfied with the way things are going. They have paid back pretty nearly all of the \$11,000,000 they borrowed from the war finance corporation and they have done it in two years instead of three as they would have been permitted to do.

Bumper Corn Crop in Sight

"They are looking forward to one of the best corn crops in the history of the state. They are expecting a good price for this corn. They are going to get good prices for their hogs and for their cattle. The market on everything but wheat is better than it has been at any time since the war. And the average farmer is in a much better condition financially than he has been since before the war.

"Of course the whole-wheat farmer, the man who grows wheat exclusively is being hit by the present wheat market. But the loss sustained on the wheat crop is only a 3 per cent loss when it is spread over the entire range of Nebraska farm products."

Governor McKelvie expressed himself as much pleased to see that farmers were making preparations to hold their wheat for better prices and to take advantage of the public warehousing laws in order to be able to do it.

The former governor, however, was skeptical about whether or not farmers would find it profitable to store their grain in public warehouses for a very long time. "I think the storage charge of one cent per bushel per month is exorbitant," he said.

Governor McKelvie favors the utilization of the other warehousing law passed during his administration, which permits the farmer to store his wheat in his own granary. This would eliminate the high storage charge, he declares.

The former governor also thinks that one of the chief reasons behind the interest of elevator men to locate their elevators in bonded warehouses is their desire to do everything possible to assist the farmer to make better profits under present conditions. "After all their business depends upon the farmer's prosperity," he said.

EXPECT KEEN COMPETITION THIS YEAR

Boys' and Girls' Clubs of the State to Enter Contests at the State Fair in Large Numbers

Competition in the boys' and girls' club demonstrations at the Nebraska state fair will be keen, judging from reports coming in to the office of State Extension Agent Frisbie at the agricultural college, who is in charge of the club work in the state. William E. Weideburg, who has been out helping the boys and girls of the calf and pig clubs with their demonstrations, found in Gage county a dairy calf club made up of one girl and six boys that were exceptionally good, he said, for beginners in judging and giving reasons. They are training a team for the state fair and will make some of the older ones in club work get down and talk to beat them. The baby beef calf club there is made up of younger boys who are getting along fine feeding out their calves. They will show at the Gage county fair.

The five pig clubs of Lancaster county have some excellent typed pigs that are doing well. The boys and girls are taking much interest in the preparation for the state fair. Lancaster county will be represented by a real judging team if competition within the county for the honor continues at the high pitch.

One hundred per cent finish is the goal of the three pig clubs of Richardson county. They will have no county fair at which to show but a live stock show will give them a chance to hold a little fair of their own and get the experience of showing their pigs in competition. Talks by Mr. Weideburg about judging, fitting and showing was the program in this county.

A baby best and dairy calf club at McCook in Willow county, is being led by Carl Coppel. The pig clubs there led by Mr. Ritchie and Mr. Dark, did good work in the demonstrations staged.

Wanted: A sales lady who knows drygoods and can take charge of that department in a department store. One having worked in a small town preferred. Address P. O. Box 245, Plattsmouth, Neb.

HEINZ

Tomato Ketchup

Special Demonstration

on the "57 varieties" of Heinz pure food products will be at our store on Bargain Wednesday and Saturday, August 18th. Heinz's salesman will conduct the demonstration. Three prizes will be given away. One chance will be given with each purchase of any one of the 57 Heinz Varieties.

COOKED READY TO SERVE

CORN CROP IN NEBRASKA SAID TO BE IN GOOD SHAPE

Enough Moisture Now to Insure a Good Yield—Hay and Alfalfa Are Very Promising.

The Nebraska corn crop is very promising. Wheat yields are disappointing. Other small grains uneven but the average satisfactory. Hay will be plentiful. Condition of potatoes and apples is lower, and sugar beets fair according to the August report of the division of crop and live stock estimates.

The corn crop is very promising. In general the moisture supply is now sufficient for a fairly good crop and another rain within a week will be sufficient to make the maximum yield. An early frost would do serious damage as corn is late 15 per cent of the crop being planted during the first two weeks of June. The present condition of 87 per cent forecasts a production of 220,399,000 bushels.

The average yield of winter wheat is nearly 50 per cent below normal. The preliminary estimate of 10.5 bushels per acre gives a total production of 27,773,000 bushels. Last year the crop totaled 57,159,000 bushels. Generally, the wheat fields have sufficient straw for a normal crop but due to badly shrunken grain stems partly filled heads yields are very low. Black stem rust is responsible for most of the loss in western and northern sections. Perhaps the best explanation for the low yields in southeastern sections was the inability of the shallow root system to meet the moisture demands of the heavy straw and foliage after the change from heavy rains which packed the soil, to dry weather and high temperatures.

Spring wheat is also a great disappointment. The acreage in western Nebraska is large and until black stem rust hit the crop the yield was extremely promising. The present condition is 65 per cent. A further marked reduction is expected after threshing returns come in. In fact, some of the fields will not be harvested. The crop reported at 4,324,000 bushels compared to 5,720,000 bushels a month ago. All wheat totals 32,297,000 bushels compared to 59,838,000 bushels last year.

Oats are generally very good in southern and western sections but a decline is noted in northeastern Nebraska. The condition is 85 per cent compared to 91 per cent last month and indicates a production of 82,404,000 bushels. Last year the crop was 56,106,000 bushels. And the past five year average is 67,070,000 bushels. Stocks of old oats on farms total 2,805,000 bushels.

The average yield of rye is 11 bushels and the production 1,650,000 bushels compared to 2,106,000 bushels last year. The condition of barley is 84 per cent, a decline of 10 per cent during the month. The indicated production is 9,254,000 bushels compared to 4,355,000 bushels last year.

The condition of potatoes is 80 per cent a decline of 11 per cent during the month. The present forecast is 9,346,000 bushels as compared to 11,676,000 bushels last year. Condition reports from western commercial sections are lower. The Kearney district potato car movement has been very light.

WILL VISIT MISSOURI

Edward Fullerton, wife and little son are expecting to leave Monday by auto for southern Missouri, the weather of course permitting, and will visit for some time with the parents of Mr. Fullerton at Buffalo, Missouri, and may go to Oklahoma for a visit before returning home to Nebraska. They are anticipating a very delightful visit in the Ozarks and also in the drive to Oklahoma and hope to return much benefitted by the outing.

VISITING RELATIVES HERE

Mrs. Louis Brown of Bertrand, Nebraska, is enjoying a visit at the pleasant country home of W. H. Verner and family near Mynard. Mrs. Brown being a niece of Mr. Verner. The occasion is one of the most pleasure to the entire family and Mrs. Brown is finding a rare delight in the points of interest at the home. Mrs. Brown is the wife of the publisher of the Independent Herald of Bertrand.

Henry A. Schneider and wife and children Carl and Catherine, will depart tomorrow for a trip of a few weeks in the lake country of Minnesota and expect to have a real time and rest in the coolness of the northern country.

VISITING OLD SCENES

Mr. John Buck of Lynn Haven, Fla., was the guest of his grand-niece, Mrs. Ben Olive, for a few days last week.

Mr. Buck is one of Cass county's pioneer citizens, having lived near Union in an early day. He has lived in the south for some years and is back on the old stamping grounds visiting relatives and friends.

For several hours one afternoon he and Henry Hubbard, who were members of the same company during the war, lived over the old days and renewed their youth.—Weeping Water Republican.

SOLDIER BONUS ISSUE PUT UP TO NEW RESIDENT

Delegation of State Legion Commanders Call on President—First Cabinet Meeting.

Washington, Aug. 8.—The coal situation and the soldiers' bonus issues were among subjects brought to the attention of President Coolidge today.

Former Senator Calder of New York urged the president to take immediate steps to prevent an unthrifty strike. Representative Treadway of Massachusetts also discussed the coal situation.

A delegation of state commanders of the American Legion called on the president after which William Doyle Massachusetts commander, declared that Mr. Coolidge can be depended upon to support a soldiers' bonus. Mr. Doyle said that as governor of Massachusetts Mr. Coolidge was the first to sign a state soldiers' bonus bill. It was not indicated, however, that the president gave any assurances to the delegation today as to his attitude.

The president had his first meeting with his cabinet. All the members of the cabinet who are in the city met in the president's room at the New Willard hotel before leaving for the capitol to accompany the body of President Harding to the railroad station late in the afternoon.

A PLEASANT HOME GATHERING

The country home of Mr. and Mrs. D. A. Young, east of Murray, has been the scene of a very pleasant family gathering the last week when a number of the sisters of Mrs. Young have assembled to enjoy a real family reunion amid the pleasant surroundings of the hospitable Young home. Mrs. J. N. Ellington, of Brunswick; Mrs. Garnet Williver and son of Moorehead, and Mr. and Mrs. Frank Harris of Clarinda, Iowa, are the members of the party, all of the ladies being sisters of Mrs. Young.

FOR SALE

One team of black mares, one young mule. These are priced to sell. Inquire T. W. Valley, Murray, Neb.

A PRETTY TRIBUTE

From Thursday's Daily.

The east show window of the Morgan Sweet Shop has a very attractive and appropriate decorative feature in a silent tribute to the late president Warren G. Harding. This is a flag-draped picture of the president who is shown in his regalia as a member of the Shriners, and was taken while the grand lodge was in session recently in Washington. This picture has attracted more or less attention from the visitors on Main street.

Hot Weather Diseases

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence. Weyrich & Habraba.
