You can make your barn one of the best, cool in summer, warm in winter, fireproof the year round, by walling and ceiling it with Sheetrock. BURLINGTON URGES CAUTION CAMPAIGN

A Safety First Measure For Auto Drivers to Exercise Caution At Railroad Crossings.

From Monday's Daily.

One of the greatest menaces to the country is the reckless auto driver who shows no regard for his own safety or the safety of his fellow man in the hope of creating a greater show of caution on the part of the traveling public the Burlington railroad is urging a Safety First campaign to cover this important part of the safety first movement. The man or woman who tries to beat a railroad train across the crossing is one of the chief factors in the list of auto fatalities the country over and while they may in several cases get across before the train, there is sooner or later coming the time when they will merely tie the train and then comes death and sorrow in its wake.

If every person traveling the highways of the country would do the three important things: Stop, Look and Listen, there would be a very small percentage of accidents occurring instead of the hundreds every day in the year. The engineer of a locomotive has set measures that he must follow to insure safety to his passengers and among these is a respect for signals, orders and other mediums provided to insure safety to the traveling public, while the automobile driver has merely to stop at a crossing, look and listen for an approaching train and if the train is coming wait for its passage. Many have thought themselves well able to beat the train across, the engine dies on the crossing and the result is the destruction of the auto and its occupants. A few moments delay would mean nothing to the occupants of the car except, perhaps, their lives.

Every person in the country and especially those who use safety should join the "Stop Before a Railroad Crossing" club and insure a long life to themselves and their family and friends.

LOCAL TEAM WINS FROM OMAHA BALL TEAM YESTERDAY

Magnolia Club Aggregation Defeated by 8 to 6 Score—Staged a Rally in the Ninth.

From Monday's Daily.

Yesterday afternoon the local C. B. & Q. baseball team annexed another game to their credit when they triumphed over the Magnolia club of Omaha to the score of 8 to 6, the grounds being rough and slow on account of the heavy rainfall, but the members of the local organization played a very pleasing game throughout the battle and up to the last inning held the visitors by a wide margin, but in that stanza the Magnolias ran in four scores and for a few moments grew dangerous, but were held without any further damage. Several errors, a misjudged fly and one base hit in the last frame accounted for the runs garnered by the visitors.

The hurrying for the locals was by Herb Swanson and he had twelve of the visitors on his list when the smoke of battle rolled away, while Gordon, who did the work on the mound for the Magnolias was only able to whiff one of the locals.

The fans were treated to a very sensational catch in the second inning when Herbert Klauschie, who operates in the center garden, speared a hard drive and made a wonderful peg to the home plate, shutting off a run and the play was one that proved a real treat for the assembled fans.

The box score was as follows:

FULL OF SUDDS

From Tuesday's Daily.

The window of the Weyrich & Hadraha store yesterday and today was attracting a great deal of attention by the amount of "suds" that was in evidence, pouring up in a large bottle of the well known Palm Olive shampoo compound.
