At the Corner Grocery!

We have among our stock some things which we are not expecting to carry regularly, and which we are offering at a bargain to the purchaser.

THESE FALL BARGAINS

consist of Dry Goods, Underwear, Shoes and a number of articles which were left over from the closing out of the stock which was formerly carried by Mr. A. L. Becker. They must be closed out by October 15th.

A nice line of school supplies, which we will not continue to carry, will go very cheap.

Remember, also, we are carrying an excellent and up-to-date line of groceries, which we are selling so fast they never have time to get stale, at prices that will save you money.

Transportation at Bargain Prices

LAST year the Rock Island System received an average rate of **ONE AND ONE-THIRD CENTS** for hauling a ton of freight one mile.

It furnished the cars, tracks, roadbed, bridges, locomotives, coal, trackmen, accountants, depots, superintendents, repair forces, dispatchers and trainmen and received just about the price of a stick of chewing gum!

Out of this 1 1-3 cents the railroad had to meet wages, taxes, coal bills, materials, repairs, loss and damage claims, interest on borrowed money, depreciation.

You don't have to know anything about "valuation" or other high sounding words tossed about on political platforms to be able to see at a glance that this charge is low for what you get for it.

Do you know any other easily available form of transportation so cheap? It costs you more than this to run your automobile a mile.

The Rock Island is far more than the two steel tracks and depot you see at your station. It is your friend honestly trying to serve you well. It is a great institution of 8,000 miles whose facilities are necessary to your community and to the nation's business.

It has no magic source of funds. It cannot get money out of the air. Like any other business, it must earn its way to keep going.

And it must do it on one and one-third cents received for handling that ton of freight a mile.

ENTERTAIN FOR FRIENDS

From Wednesday's Daily.

Mrs. D. C. West, Mrs. F. P. Sheldon, and Mrs. Bruce Stone of Nehawka were the hostesses at the home of Mrs. West in Nehawka last Friday afternoon to some seventy-five friends in honor of Mrs. Lottie Shotwell of Seaside, Washington. The afternoon was all that could be desired, bright and sunny after a week of dark and cloudy weather.

The time was very pleasantly spent in social conversation, meeting all the old acquaintances and looking at the photographic views of "then and now" and enjoying the readings and songs of the grandchildren which were certainly worth while and enjoyed by everyone present. The members of the party were then ushered out onto the spacious porch which was beautifully decorated with the season's flowers and potted plants and had several snap shots taken and if the proofs do not prove a success it will be because the sun was too bold—and last but not least came the beautiful luncheon or cake, ice cream and coffee, such as only the ladies know how to prepare. After bidding good bye to the guests of honor and the hostesses and friends, the ladies wended their way homeward, thankful for the day. The out of town guests present were: Mrs. Lottie Shotwell of Seattle, Mesdames G. S. Upton, J. D. Cross, J. T. Reynolds and Mrs. Will Reynolds of Union, Mesdames L. D. Switzer, M. U. Thomas, Clarence E. Teff and Fred H. Gorder of Weeping Water, Mrs. Sue Harman, Avoca.

Business forms of all kinds printed at the Journal office.
