U.B. Thrifty says-

When a man wants to borrow trouble, lend him all you have.

Money Deposited IN Some Other Town doesn't do Murray any good.

Keep Murray money in Murray. Your home bank wants to serve you-needs your business, and you need it.

You and your home bank can work together for the good of Murray and for your own good a lot more practically than you and some mail-order bank.

Our interests are mutual-wont you let us work WITH YOU.

MACCABEES PERFECT AN ORGANIZATION IN THIS CITY

New Fraternal Organization to be Established Here-Favorable Start in Membership.

From Wednesday's Daily- The newest of the fraternities to be launched in this city is that of the Knights of the Macabees, a tent of which was instituted here on Monday night at the M. W. A. hall and with a pleasing membership of the residents of this city and vicinity.

H. M. Wolfe, state manager of the order and B. A. Hartman, special deputy have been here for the past two weeks arranging for the institution of the tent here and are feeling well pleased with the excellent material that they have secured for the newest of Plattsmouth's fraternal societies.

The work of installing the officers and delivering the charter to the new tent was carried out very impressively by R. P. Kuntz of Lincoln, general deputy of the order.

The officers elected and installed were: John E. Schultz, past commander; Fred S. Stewart, commander; John B. Livingston, lieutenant commander; L. F. Pickett, record keeper; Stanley C. Merritt, chaplain; Gerald H. Gillette, sergeant; R. P. Westover, physician; Frank Schroeder, first master at arms; Foster Hall, second master at arms; Paul Heineman, sentinel; Sam Nilsson, picket.

The new tent will hold their meetings on Monday nights and are planning a number of activities during the coming winter season that should stimulate interest in the order and increase the membership.

URGES RETURNS ON PROFITS MADE ON REAL ESTATE

Collector of Internal Revenue Points Out Necessity of Voluntary Returns of Profits on Sales.

From Wednesday's Daily- Investigations conducted by field deputies of the Internal Revenue service indicate that hundreds of taxpayers in Nebraska have neglected intentionally or otherwise, to include as income in their returns for 1924, 1921 and 1922, profits realized from the sale of real estate, according to Collector A. B. Allen, who several weeks ago ordered a rigid probe to be made of suspected evasions of income regulations.

In order to close up the government tax net, the collector has ordered that a transcript be made of all doubtful transfers. A careful investigation will be made of all these files, to determine whether or not the sales involved have been reported upon the income tax returns. Collector Allen suggested that all persons who failed to include the profits realized from real estate sales call at his office, or file amended returns, as it is the policy of the revenue department not to assert heavy penalties when the disclosures of failure to include income are voluntarily made by taxpayers.

It is my belief that the failure of many taxpayers to include real estate profits in their returns was due to an erroneous interpretation of the income tax laws, and to misleading publicity that was given out prior to the ruling of the United States supreme court, holding that such gains were taxable under the revenue laws, Collector Allen stated.

In cases where the taxpayer does not voluntarily disclose items of income that were omitted, and where the gains from real estate sales have not been reported, the collector said that it would be necessary to assert full penalties for all returns where the necessary disclosures are not made.

STATE'S HALL OF FAME IS GROWING

Cass County's Name Goes on East Side of Hall of Fame-Fifty-Six Now Represented.

From Wednesday's Daily- The names of twelve more counties went into Nebraska's hall of fame Tuesday afternoon. The names are carved in Bedford limestone which is said to be able to stand all kinds of weather for at least three hundred years. The hall of fame is really an outdoor affair. The names were placed in the outer wall of the new capital.

Saunders county's name went into the wall on the south side of the southeast corner of the building. The others were placed in position on the east side of the same corner. From the south to north they come in this order: Box Butte, Cass, Butler, Cumming, Garden, Howard, Dawson, Gosper, Phelps, Loup.

There are now fifty-six out of the ninety-three counties represented in the walls. The name of Lancaster county is not among those in place. Douglas county is already in the west wall.

The cement roof is now being laid on the southeast section of the building. The capstone on the walls of the northwest section is now in position. This top layer is six stones above the cornice. Beneath the cornice the names of the counties extend around the entire building.
