

# Does "Seventy-One Years of Service" Mean Nothing?

**I**F YOU owned a complicated business, and it had weathered the lean years and was just beginning to pay, would you take it out of the hands of trained management and ask an inexperienced person to run it? Would you?

Transportation is a complicated business, and you are a partner, a user, or both. It has weathered the lean years and is just beginning to pay its owners—the American people. And yet, there are a few radicals who would impair the service of this vital transportation system of America, throw it into disorder, and finally, Government Ownership.

Must American business pay this price? Shall practical experience or practical politics run the railroads?

The Rock Island for more than two generations, under able management, has made it possible to develop the Middle West. It has been a pioneer.

Does the skill and experience reflected in our slogan—"Seventy-One Years of Service"—mean nothing?

Our interests are mutual. Helpful suggestions are appreciated.

## PLATTSMOUTH WOMAN'S CLUB HAS PLEASANT MEETING

Very Interesting Program is Given Under Leadership of Miss Minnie Guthman Last Night

From Saturday's Daily—  
An unusually interesting program was enjoyed last evening by the members of the Plattsmouth Woman's club. Reports were given by the secretary, treasurer and corresponding secretary.

It was moved and seconded that the club pay the traveling expenses of two delegates to the state convention at Beatrice October 23 to 26. Mrs. Tom Murphy and Miss Lora Frick were elected as first and second delegates. Mrs. Baird graciously consented to also represent the club at this convention.

Miss Olive Jones, city librarian, brought greetings from the Library commission at Lincoln. Through her, the commission offered to send the club upon request of its members such books of reference as may be needed for the year's work. Miss Jones announced the date of Children's Book week and asked the co-operation of all club members in making it a success. Miss Minnie Guthman, leader for the evening announced the program. The first number was a piano solo, "Caprice," by Moskowski, rendered by Miss Anna Knoflicek with unusual technique and she gave an encore another of her entrancing selections. Last, but not least, was the reading, "The Merchant of Venice," by Mrs. Henry Guthman, of Murdock. This was indeed a literary treat of the highest merit. A rising vote of thanks was tendered Mrs. Guthman.

## PATTON OF NEBRASKA IS STANDARD BEARER

E. T. Meredith, of Iowa, Among Six Named to Scottish Rite Council—Geo. F. Moore Quits

Washington, Oct. 19.—Six vacancies on the supreme council, thirty-third degree, Ancient and Accepted Scottish Rite, southern jurisdiction, were filled at today's session of the council by the selection of the following:

Frank Craig, Oklahoma; Stanley C. Warner, Colorado; Edwin T. Meredith, Iowa; Francis S. King, Wyoming; William S. McCrea, Washington; and William Booth Price, Maryland.

Announcement was made that for the ensuing biennial John H. Cowles of Kentucky would continue to serve as sovereign grand commander, and that other officers would be as follows:

Lieut. grand commander, Charles E. Rosenbaum, Arkansas; grand prior, Philip S. Malcolm, Oregon; grand chancellor, Samuel P. Cochran, Texas; grand minister of state, Edward C. Day, Montana; secretary general, Alexander G. Cochran, Georgia; treasurer general, Garnett N. Morgan, Tennessee; grand almoner, Melville R. Grant, Mississippi; grand orator, William H. Filmer, California; grand master of ceremonies, Fred C. Schramm, Utah; grand chamberlain, Alexander G. Cochran, Missouri; first grand equester, Olin S. Wright, Florida; second grand equester, Marshall W. Wood, Idaho; grand standard bearer, Frank C. Patton, Nebraska; grand sword bearer, Thomas G. Pritch, Kansas; grand herald, Robert C. Camp, Virginia.

The resignations of Horatio C. Plumley, Fargo, N. D., who asked to be relieved of his duties because of ill health and George F. Moore, Birmingham, Ala. Both were placed on the emeritus list.

Mr. Moore, who at one time was sovereign grand commander, resigned after it had been charged by some members of the council that his weekly, "The Fellowship Forum," was furthering the aims of the Ku Klux Klan.

The thirty-third degree was conferred tonight by Grand Commander Cowles upon 150 Scottish Rite Masons elected this week to receive the honor. Approximately 300 visiting thirty-third degree Masons participated in the ceremony.

## ENTERTAINS YOUNG PEOPLE

From Saturday's Daily—  
Last evening the home of Mr. and Mrs. John Alwin in the Coates block was the scene of a very pleasant Halloween party given to the members of the class of Mrs. Alwin in the Christian church Sunday school.

The rooms of the home were arranged in a color scheme of orange and black, which was carried out in the symbolic designs of the Halloween season and made a very attractive appearance for the pleasant gathering. During the evening, the members of the party enjoyed games of all kinds as well as very pleasant musical numbers offered by the various members of the party. At an appropriate hour dainty and delicious refreshments were served by the hostess that added to the enjoyment of all those in attendance.

How Better Than Pills?  
The question has been asked, "In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills?" Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

## Facts most motorists know

### Protective lubrication makes motoring less expensive

What motor oil actually costs is not measured by its price per gallon. Add your repair bills to your bills for oil and you get a more accurate figure—because fully seventy per cent of all motor repairs are chargeable to poor lubrication.

Price is not a safe guide. Appearance means nothing. No one grade of oil can provide protective lubrication for all different types of motors.

Polarine is not the most expensive oil, but it is the most perfect

motor oil that years of test and experiment have produced. It is made in five grades—light, medium, heavy, special heavy and extra heavy—a grade that assures protective lubrication for every type and make of gasoline motor.

Consult the Polarine Chart. Buy the grade of Polarine recommended. Flush the old oil out every five or six hundred miles. Then motoring will cost you less. Buy where you see this sign.

STANDARD OIL COMPANY OF NEBRASKA

# Polarine

These are fall days—and radio nights.  
We're still waiting for Wahoo's promised program.

Friday night, Dec. 7th is the date of the next Plattsmouth program—the Junior Review.

A new symphony orchestra is being founded at Atlanta and will soon be added to the attractions broadcast by WSB. Although long recognized as the music center of the south and the only city outside of New York supporting a full season of metropolitan grand opera, Atlanta has never before supported a real symphony orchestra.

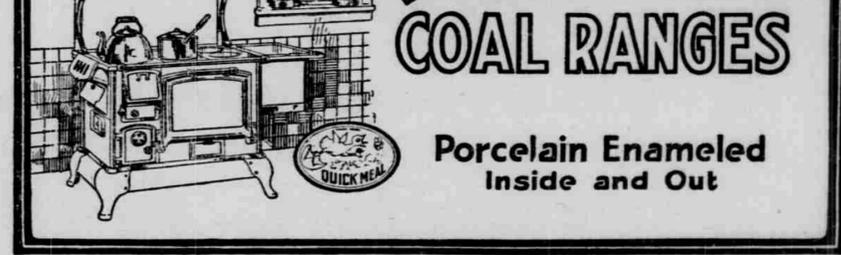

Woodmen of the World Programs  
The high-lights in WOA's program for next week include the usual Sunday chapel services, a Nebraska Authors' week program on Monday night; Missouri Valley, Iowa, community program Tuesday night; De Molay program on Thursday night; Mapleton, Iowa, community program Friday night, and Nebraska Authors' program Saturday night.

Selectivity Means Something Now  
How selective is your set? Can you tune out WOA's 527 meters, WJAZ, WDAP or WTAM, the last named being on 390 meters. If you can tune Omaha out for stations as close as 50 meters to them, there's really nothing wrong with your set, single circuit or otherwise.

Another "Song Echoes" Concert  
The big hit scored by the Atlanta Journal's recent "Song Echoes of Yesterday" program, has led to the another program of this kind for Wednesday night, at the 10:45 Radio-owl broadcast period. As before, Miss Bonnie Barnhardt, WSB staff artist, will be featured. WSB is in the air every week night except Wednesday, 8 to 9, and every night except Sunday at 10:45 to 12, with the transcontinental Radiowl concert. Friday night's late hour concert will feature an old-time fiddlers' program and Saturday night, special navy night programs at both the 8 and 10:45.

Featuring New Popular Music  
Of all the pleasing programs that are crowded into the week by WOC, Davenport, doubtless the most popular is that of Thursday nights, 8 to 9, when the P. S. C. orchestra ably assisted by the splendid baritone soloist, give the audience late copyrighted music released thru the Nat. Assn. of Broadcasters, of which WOC is a member along with a number of the other big powerful stations of the country. This music is distinctly new and pleasing, compared with that we are accustomed to hearing nightly, and if the association is able to arrange for the sale of its music over the country, there is little doubt of its success in proving that radio is an asset, rather than a hindrance to building up sales.

Our Good Night Story  
The Foreman: "Send in young Clancy. I saw him smoking on a load of powder a while ago and I'm going to fire him."  
Rafferty: "Here's part of his hat."

## REJECTION OF WILSON LED TO OCCUPATION

Earl of Birkenhead Says Action of America Caused French Occupation in the Ruhr.

Reputation of former President Woodrow Wilson's peace plan of Versailles by American voters was directly responsible for occupation of the Ruhr district by the French, and also the disaster at Smyrna, the Earl of Birkenhead, former lord high chancellor during Lloyd George's regime, declared today. He is an Omaha visitor.

Incidentally, his lordship asserted that all "talk of English physicians that all is dangerous to play golf after 50 is pure rot."

"Lord Balfour did not quit tennis until he was 74 and Lord Halsbury former lord high chamberlain, didn't start to play golf until he was 84," asserted the English peer, who was the guest of the Omaha Field Club.

Guest of Railroads  
His lordship declared Lloyd George was the most prominent Englishman today, and asserted "it is a matter of conjecture as to whether he will return to power."

The Earl of Birkenhead, a member of the house of lords for twenty years, is the guest, on his American tour, of L. M. Allen, vice president of the Rock Island railroad. Lady Eleanor Smith, his daughter, is accompanying him.

"England will pay her debt to America," he said. "However, I think it strange the United States did not ask a showdown of other nations as she did England."

Like Liquor  
The former lord high chamberlain was of the opinion that prohibition had something to do with the Ku Klux Klan activities in Oklahoma. "Something of a previous nature must be behind that trouble," he asserted.

"Personally, I like liquor, but not to such an extent that I would carry any with me."  
He denied he was seriously interested in the liquor problem.

"I have no big liquor interests," he said. "My father left me 500

pounds' worth of Bass' stock, and the income is small."  
The peer said England did not plan to alter arrangements for the foundation of Palestine, as has been asserted by Zangwill, noted Jewish writer.

Jews Satisfied  
"I think the Jews are satisfied where they are," he said.

"Clemenceau insisted the French take over the left bank of the Rhine at the peace conference," he said. "President Wilson's plan promised that the United States and England would stand side by side with the French in the matter of forcing collection of reparations."

"But the American people repudiated Wilson's plan, the force of the United States has been taken away and thus France occupied the Ruhr that they might have possession of that which Clemenceau wanted—the left bank of the Rhine."—Omaha Daily News.

## FORD TO LEAD THE DRY BRIGADE

Chairman of National Committee of Prohibitionists Says Manufacturer Will be Nominee.

Los Angeles, Oct. 18.—Henry Ford, in all likelihood, will get the presidential nomination of the prohibition party, according to Virgil G. Hinshaw, chairman of the prohibition national committee, who issued from here today a call for a national conference at Washington December 12.

"Ford seriously considered our proposal to nominate him in the last presidential election, but eventually he decided to support President Wilson," Hinshaw said. "This time, however, he is almost certain to be our choice."

The call issued here today by Hinshaw, who has just returned from a trip into Mexico, named Washington, D. C., as the meeting place and addressed the call as follows:

"This conference is called for the twofold purpose of analyzing and remedying present conditions as to enforcement of the prohibition laws; and to arrange the time and place of meeting of the national convention in 1924 to nominate candidates for president and vice president. It seems that the administration which has been in power at Washington, while uttering beautiful platitudes, has made appointments literally designed to degenerate, instead of enforce the laws against liquor violation."

"What this nation needs is a new deal in government and by the help of God and the people whose eyes have not become blinded by their prejudice, it will have one in 1924."

## BARGAIN DAY SEEMS TO HAVE BEEN A SUCCESS

Reports Indicate Pleasing Volume of Business and Large Number of Out-of-Town Visitors.

From Thursday's Daily:  
The community bargain day yesterday seems to have been quite successful, judging from the reports from the various business houses of the city and one feature of the day that was especially noticeable was the large number from out in the county who were here to do their shopping and to take advantage of the many fine bargains placed before them by the Plattsmouth merchants.

It is not alone in the financial returns that the merchants enjoy the opportunity of meeting the residents of our neighboring districts, but in the cultivation of the good fellowship and neighborly feeling among the residents of all sections of the country who come here and to meet whom is a pleasure in itself and they, taking advantage of the special offerings of the community bargain day realize a profit on their trips here that will be real money savers to them and their families.

## MAY LOSE HAND

Alvin Stull, son-in-law of Mrs. Anna Leddy, suffered a serious accident at the National quarries last Saturday when a car of stone jumped the track and caught his right hand, crushing it badly and almost severing it. He was brought to the office of Dr. E. H. Worthman, who rendered first aid and took him to Omaha to the Clarkson hospital. He is suffering severely, but is hoping that at least a part of his hand may be saved which is considered doubtful.

Mr. Stull drives the horse that pulls the cars from the tunnel to the crusher. He was married a few weeks ago to Miss Della Leddy, one of our high school graduates. She is teaching in the vicinity of South Bend. This is a very lamentable accident and we trust that it will not be necessary to lose his entire hand, as if even a finger or two is saved it would be better than nothing.—Louisville Courier.

## NOW IN OMAHA

From Saturday's Daily—  
Miss Julia Hermann, who was for a number of years employed here in the store of E. G. Dovey & Son, has located at Omaha, and is now making her home with her sister, Mrs. J. H. Donnelly and family in that city and is employed in the Silk Shop located on Douglas street, between Fifteenth and Sixteenth streets.
