### KLAN AND BONUS

## HOTLY ARGUED AT LEGION MEETING

### Movements Afoot For Repudiation of Both Meet Stiff Opposition—Propose a Compromise.

San Francisco, Oct. 17.—With 30 Klan delegates to the fifth annual American Legion convention holding out for the complete repudiation of the Ku Klux Klan by the Legion convention, an organization here of a San Francisco unit of the Legion organized on the Anti-Bonus league to fight actively on the floor of the convention any resolution favoring compensation for the ex-servicemen, the Legion convention finished here tonight.

Last tonight a spirit of compromise entered the Ku Klux Klan question when the California delegates in caucus voted an "honest neutrality" in matters pertaining to politics, religion and industry. This was the first of the breaks in a situation which Legion officials admitted was threatening the very existence of the Legion as an active organization.

### Anti-Bonus Slogan

The formation of an Anti-Bonus league here dispelled the hope that the compensation committee would finally work out a resolution in committee that would be acceptable to the entire convention, Legion officials stated tonight. The anti-bonus organization selected Lieutenant Commander William G. Van Antwerp of San Francisco as chairman.

For the disabled, everything for the able bodied, nothing will be demanded by the anti-bonus faction, Mr. Van Antwerp stated. He said: "The main object of the anti-bonus league is to get the anti-bonus slogan, which is now organized and actively functioning in twenty-six states. We are opposed to the granting of any form of bonus to able bodied ex-servicemen on the ground that to serve one's country in time of war is a privilege as well as a duty, and to seek a material reward therefor is an act repugnant to the spirit of true patriotism and a violation of the fundamental principles of American citizenship."

### Committees Still Out

Failure of the committees to get together forced an early adjournment of the third day's session of the Legion convention at an early hour today. With all-night sessions facing several of the most vital committees, it was the hope of the officers of the legion that the decks would be cleared for action by the full convention tomorrow.

The latest tricks of the air as developed by the army, navy and marine departments were on display during the "National Defense Day" celebration. Bombing of a toy fort, sky to land communications and night fireworks from airplanes were the features of the air program.

### TRAFFIC RATHER LIGHT JUST NOW

Not So Many Traveling and Grain Shipments Below Par—Not a Great Slump However.

Traffic on Nebraska railroads is said to be less at this time than it was one year ago. The big loss is in grain loading. In several other lines there has been an increase. Stock loading is heavier and general business is about the same. There has been a growth in the tonnage of oil pressing thru the state, and up to this time passenger business has been a bit heavier than last year.

Just now passenger business is irregular, thru traffic passing in special trains and parties, with an occasional day when regular trains are overloaded. Quite a bit of traffic is yet to move, the break-up from the American Legion convention being the big movement in eight days. Nebraska quite a business is expected tomorrow for the university homecoming at Lincoln, and railroad men are beginning to wonder if the new stadium will hold the crowd that will clamor for entrance. The break-up of the Old Fellows' convention at York also made some business for the roads through Lincoln.

### MAKING DIRT FLY

The Main hotel which is now under the management of William Barber is being given the most thorough overhauling that it has had in a great many years and every room of the hotel has been thoroughly cleaned and renovated and made very bright and attractive to the residents of the hotel and the transient guests there. The heating plant has been overhauled and the whole building is being required so that there will be no opportunity for the cold winter breezes to play through any part of the building. The new manager has made war on the dirt effective and has one of the nicest and most attractive hotels in this part of the state as the result and one that is real comfort.

### DON'T EXPERIMENT

You Will Make No Mistake If You Follow This Plattsmouth Lady's Advice.

Never neglect your kidneys. If you have pain in your back, urinary disorders, dizziness and nervousness, it's time to act and not time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills is a good remedy to use. No need to experiment. It has acted effectively in many cases in Plattsmouth. Follow the advice of a Plattsmouth citizen.

Mrs. Charles Mason, 212 Third street, Plattsmouth, says: "I used to have attacks when my back was so lame and weak it bothered me a great deal to be around on my feet. My kidneys were disordered and I felt miserable and had no ambition. A member of my family who had used Doan's Kidney Pills with good results advised me to try them, which I did with the best of results. In a short time I felt like a different woman. I got Doan's at Fricks & Co.'s drug store and use them occasionally when I get tired in my back and they always quickly relieve me."

Price, 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mason had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Chicago, Oct. 16.—Americans who have been puzzled over the title of "Dame Margaret" applied to the wife of David Lloyd George, had their curiosity satisfied today when the former premier of Great Britain and members of the British general consulate here explained that Mrs. Lloyd George is a "dame of the British empire" formerly a title bestowed upon the daughter of a family. The title recently has been revived, and was bestowed upon Mrs. Lloyd George V.
